1. INTRODUCTION - WELCOME

Dear competitors, dear guests,

After the pause in 2010 due to the WRC rotation system, it is our great pleasure to welcome you all to the 57th Acropolis Rally of Greece with the Rally Center based again in the coastal town of Loutraki, 90 km west of the capital of Greece, Athens.

Acropolis Rally of Greece is in the process of a serious and substantial revamping with a new Promoter and, for the first time in its history, a Commercial / Communication Consultant.

Celeritas, the new Rally promoter, is a dedicated agency created by people with modern and creative ideas, with knowledge of motor-sports and, above all, the willingness to create the appropriate environment for the growth and viability of the project.

Fairplay Sports Marketing, the exclusive Commercial / Communication Consultant, is already working towards specific goals, based on specific planning, for the successful implementation of the Business / Communication Plan.

ELPA and the same working group will have, as always, the responsibility of the competitive part of the event.

All three partners are working closely with each other towards the creation of a model project with tangible benefits both on a sporting as well as a commercial level.

Furthermore, for the first time in its long history, Acropolis Rally of Greece is proud to be an integral part of a National Cultural programme, which includes also the Athens Classic Marathon. This secures various benefits including international promotion and exposure via synergies with the Hellenic Tourism Organization (i.e.: inclusion in domestic and international campaigns, international trade & tourism fares / conferences etc) and access to state funding.

Our co-operation with the Ministry of Culture & Tourism will give us multiple benefits such as access to monumental and historic places, like the newly-built Acropolis Museum, giving the rally drivers the opportunity to visit it.

The competitive part of the rally will run over three days, Friday, Saturday and Sunday, with the Ceremonial Start returning to its roots and taking place on Thursday evening under the Rock of the Acropolis.

Three of Friday's special stages will run in the area of Kallidromon Mt and competitors will move north towards some already familiar and famous stages. Being relatively far from the main Service Park in Loutraki a Remote Service Zone will be organised in the town of Kamena Vourla. This choice was essential in order for the thousands of fans of the Acropolis Rally, to spectate their favourite crews in special stages like Elatia, Eleftherohori and Rengini!

On Saturday we will give the Acropolis Rally fans the opportunity to see the WRC stars compete in a 22 km night-time special stage. The rest of the day's programme remains the same as in 2009.

Two stages, very close to Loutraki, will run twice on Sunday, while the last stage of the event, New Pissia, is ideal for a live televised Power Stage, 11 km long.

We assure you that we, the Organisers of the Acropolis Rally, the Mayor, the Local Council and the people of Loutraki will do our best to facilitate your stay in a region that has all the elements of a typical Greek summer destination.

As always, we remain at your disposal for any further information you may need, and we look forward to welcoming you to the 57th Acropolis Rally!

The Organising Committee

15.2 ACCREDITATION PRINCIPLES

Editors of publications are asked to conform to the following principles to ensure that media accreditation is restricted to professional journalists and photographers.

1. The FIA considers the "Media" pass to be a working tool to be used only by bona fide members of the press. Publishers, marketing personnel, sub-editors, staff of the publication's secretariat, etc. cannot be accredited as Media.
2. **The FIA only accredits publications:**
 - a) with a minimum circulation whose size and quality fulfil the criteria of the FIA
 - b) with a format and quality which fulfil the criteria of the FIA
 - c) which are on sale to the public via retail outlets (trade, club or internal company magazines will normally not be accredited). However, at the sole discretion of the FIA, and where the quality and circulation criteria justify their consideration, such magazines may be eligible for accreditation on a case by case basis.
3. **TV and radio, websites and other electronic media must send their application to:**

North One Sport Accreditation Service
Maynard House
46-52 Pentonville Road
London N1 9HF, Great Britain
Tel (44) 020 7584 7584 / Fax (44) 20 7502 5621

4. Under no circumstances will advertising, public relations agencies or similar companies and organisations be accredited as media, nor will the Organisers issue any accreditation to representatives (press officers or otherwise) of sponsors, suppliers, engine suppliers, teams, drivers, etc.
5. The FIA WRC Media Delegate may accept requests from teams with seeded drivers for the accreditation of press personnel, with a maximum of one person per team.
6. The FIA will only accredit press from outside the country in which the event is held. National press must apply to the National Press Officer (e.g. Greek press applying for the Acropolis Rally of Greece should apply to the National Press Officer, while press from countries other than Greece should apply to the FIA).
7. FIA Permanent Credential Holders requesting a Substitute and/or an Additional Pass must apply to the FIA.
8. The central and local offices of the major international press agencies (AP, AFP, Reuters, ANSA, UPI, DPA, LUSA, BELGA, JIJI, KYODO, EFE, Press Association, SAPA, Australian AP, APA, etc.) will always be accredited by the FIA.

ACCREDITATION CRITERIA

The FIA will allocate annual permanent Media accreditation to publications intending to publish reports for every FIA World Rally Championship event during the season.

Press passes can also be allocated on a rally-by-rally basis to general news, specialist, business and lifestyle consumer publications that do not intend to publish conventional rally reports but whose coverage is considered to be of promotional benefit to the sport.

Exceptionally, a maximum of three representatives (journalists and/or photographers) per publication may be accredited for any one round of the FIA World Rally Championship. Agencies are subject to the same requirements as publications.

All applicants must fulfil the following basic criteria:

- Coverage

For a daily newspaper, a substantial amount of coverage for each event is required. For example, an introductory article in the Thursday edition, follow-up articles in Friday, Saturday and, where applicable, Sunday editions, plus a rally report in the Monday edition.

For a weekly or monthly publication, a substantial amount of coverage for each event is required and a major portion of the overall content should be on the subject of WRC.

- Quality

The highest standards of fairness and accuracy are expected as a minimum quality requirement from the press.

- Circulation

Accreditation decisions are based on the relative 'media market' in the country of the applicant. As such, the usual minimum circulation for a national weekly or monthly publication is 20,000 copies. For a national daily the minimum circulation is 50,000 copies.

Freelance journalists must apply for credentials via their own agencies. The onus is on the freelance applicant to prove the supply of regular stories to at least five publications.

Photo agencies must be able to prove that the pictures have been regularly sold to publications matching the FIA criteria and have been paid for at the normal commercial rate. A publication must be able to prove that the pictures published are the original work of the publication's accredited photographer.

RALLY-BY-RALLY ACCREDITATION PROCEDURE

For rally-by-rally passes, the FIA will only accredit press from outside the country in which the event is held. National publications must apply via the event's national press office. National publications which are accredited on a permanent basis and wish to apply for additional or substitute passes must apply directly to the FIA.

Applicants must submit sample proofs of coverage to the FIA Communications Department at the latest three weeks prior to the first day of the event, that is **May 25**.

Publications or agencies applying for a rally-by-rally photographer accreditation must supply evidence of independent coverage of a minimum of 15 pictures per pass issued at each event they have been accredited for in the previous year's Championship. The number of international press photographer passes will usually not exceed 30 at each event.

The number of national "press photographer" passes will not exceed 12 at each event.

Promotional photographers for teams, sponsors, etc. who do not comply with the above criteria may apply for accreditation to North One Sport (address below).

Accreditation decisions are made by the FIA WRC Media Delegate according to the following procedures:

1. Applications must be received at least three weeks (May 25) prior to the first day of the relevant event and should be sent by registered post to the following address:

FIA Communications Department, Accreditation Unit (WRC)

8, Place de la Concorde, 75008 Paris, France

1a. Requests from national Press representatives must be sent by post to the Organiser the latest **May 18 2011**.

2. Applications which are late, incomplete, or sent by fax may not be considered.
3. Requests must be sent with the accreditation form and a formal application letter written on the publication's letterhead. This letter must be signed by the editor or a senior member of the editorial staff. Requests signed by clerical staff will not be accepted.

This letter must include:

- a) the name(s) of the representative(s) who will be covering the event(s);
- b) the photocopy of the official national press card(s) (where applicable) of the representative(s) who will be covering the event(s);
- c) the job title(s) of the representative(s) (journalist(s) and/or photographer(s);
- d) information on the publication (such as circulation, readership, frequency, etc);
- e) an original copy of the publication;
- f) photocopies or originals of material published following previous FIA World Rally Championship events;
- g) a contact fax number;
- h) a formal undertaking from the editor to publish a report related to the event concerned and an indication as to when this report will be published;

Note: 'd', 'e' and 'h' do not apply to the major international press agencies.

4. The FIA will fax or email the result of the application to the publication. If successful, an agreement will be included for signature by the editor of the publication.
If the representative(s) is (are) unable to attend the event, the FIA Communications Department must be notified as early as possible before the opening of the accreditation centre.
If a change of representative(s) is to be made, please notify the FIA Communications Department as early as possible.
5. The representative(s) must produce the signed agreement which is sent with the confirmation when collecting the credential at the event. **NO ACCREDITATION CAN BE COLLECTED WITHOUT THIS DOCUMENT.**
6. The application for a press pass must include written confirmation that the publication/agency or the journalist/photographer to whom the credential has been allocated has not applied or will not apply for additional FIA passes for any other purposes, including journalism for Television and Radio networks.

If a decision is disputed an individual application will be referred to the Director of Communications for final approval.

The FIA liaises closely with National Press Offices and National Sporting Authorities to confirm the validity of a given application.

Priority is given to publications intending to publish a report related to the event for which the accreditation is requested.
