1. INTRODUCTION – WELCOME

Dear participants, dear guests,

It is our great pleasure to invite you to two very special anniversaries which the ADAC Rallye Deutschland will celebrate in 2012 – 30 years ADAC Rallye Deutschland and 10 years part of the World Rally Championship calendar.

The event was first held in 1982 and based in Frankfurt. Later host cities were Mainz, Koblenz, St. Wendel and Adenau before the rally centre with start and finish moved to Germany's oldest city of Trier in the year 2000.

Previously part of the European Rally Championship and the German Rally Championship, the rally was then included in the World Rally Championship calendar for the 2002 season.

Due to the temporarily introduced rotation system, the rally was not held in 2009 and the year 2012 will thus mark the 30th running of the ADAC Rallye Deutschland and its 10th running as a WRC round.

The general programme of the event will very much follow the successful format of the last few years with service park, media centre, rally headquarter and start/finish in the beautiful city of Trier and the competitive part to be held on Friday, Saturday and Sunday.

Major changes have however been introduced this year in the configuration of the special stages. Even though the stages will again be held in the vineyard areas of the Mosel river north-east of Trier and on the military grounds of Baumholder with the famous "Arena Panzerplatte" where spectators can see the cars live for about 3:50 minutes as well as in the northern Saarland area, the itinerary of the stages themselves have been largely changed. We are convinced that the new challenges will make the event even more interesting for the drivers and the spectators can enjoy new and even more attractive spectator viewing areas.

The itinerary on Sunday includes of course again the very popular 4.37 km long street stage "Circus Maximus" through downtown Trier and around the fantastic UNESCO World Heritage Site, the Porta Nigra. This stage is scheduled to figure as the Power Stage again where the top three drivers can score additional Championship points.

The ADAC Rallye Deutschland is also glad to host the FIA Production car World Rally Championship and the FIA WRC Academy which provides an excellent opportunity for young drivers to compete in WRC events at a reasonable budget. The WRC Academy will run on Friday and on Saturday.

ADAC and its partners invite you to also attend the starting ceremony which will take place on 23rd August 2012 again, from 8 p.m., in front of the magnificent scenery of the Porta Nigra in Trier.

The information contained in this Rally Guide is designed to provide you some useful information in the preparation of your visit to our event. Should you require any further information, please do not hesitate to contact our staff in the permanent Rally Secretariat.

We wish you all a very successful, safe and enjoyable ADAC Rallye Deutschland 2012 and are looking forward to welcome you in August!

Armin Kohl
Clerk of the Course

- Smoking is forbidden at a distance of less than 10m from containers with inflammable contents (e.g. fuel for generators), even if the containers have been emptied. The definition of the most suitable meeting point and time will be agreed between Rally Control and the competitor concerned.

This procedure should help in getting the retired cars back to the Parc fermé / service park as quickly as possible. The clerk of the course has nominated Mr. Uwe Schmidt and Ms. Waltraud Wunsch to co-ordinate any such agreements, both will be in Rally Control. Phone contact: Will be given in a later Communication by the Clerk of the Course.

According to circumstances, individual arrangements such as transport of a retired car by the organiser can also be agreed.

The crews of non priority drivers should also liaise with the organiser to make arrangements about the recovery of their retired car.

The access/meeting points of each special stage with numbering system will be shown in Rally Guide 2.
