1. INTRODUCTION AND WELCOME

COMPACT, ROTUND AND DEMANDING

Rally Argentina 2013 will go straight to the point; its route will feature only seven different special stages to be run twice each. Compact but rotund, the itinerary includes a visit to the three valleys of the hills of Cordoba in four days of competition, that this time will be from Wednesday to Saturday, from May 1 to 4.

Organized by Automóvil Club Argentino, the Argentine event will be the fifth round of FIA World Rally Championship.

On Wednesday, May 1, spectators can take advantage of Labor Day holiday to see the World Rally Championship shocking start with the running of the Super Special Stage in the mirror circuit at Parque Temático close to the entrance to Villa Carlos Paz.

The north region of Córdoba will host the first leg, with the picturesque Santa Catalina - La Pampa and the extensive Ascochinga - Agua de Oro with almost 52km of length. After a service at noon, both sections will be passed again during the afternoon.

On Friday, competitors will make their engines roar at Calamuchita Valley making two passes through Santa Rosa - Villa del Dique and Amboy - Yacanto, culminating in a night dispute of the Super Special Stage in the Thematic Park.

The last day will be the turn of Traslasierra, with the emblematic Mina Clavero - Giulio Cesare and El Condor - Copina during the morning. However, the definition will be during the afternoon at the Power Stage at El Condor.

The crowning of the champions will once again be along Villa Carlos Paz's waterfront.

In addition, each day spectators can enjoy the Service Park mounted at Lake San Roque's shore.
