Croeso cynnes iawn - a warm welcome to Wales Rally GB, one of the UK's leading motorsports events.

Wales Rally GB is one of the events supported by the Welsh Government. One of the key themes of our Major Events Strategy is to develop a portfolio of events which will enhance Wales' international profile and reputation.

This promises to be a very exciting year for Wales Rally GB - The Rally of Legends - as it moves to its new home in North Wales. The event has always drawn the crowds in North Wales in previous years and I'm sure this move will refresh the event for spectators and competitors alike.

It's widely recognised that Wales has some of the finest rally stages anywhere in the world. The spectacular scenery and landscapes of North Wales will provide the perfect backdrop for Wales Rally GB, which will be the pinnacle for the UK domestic rally season and an exciting finale for the high-profile World Rally Championship this year.

It also shows the Welsh Government's continued commitment to Wales Rally GB, which has significant links with the automotive sector in Wales. Wales is home to around 150 component and systems manufacturing companies and has 15,000 people employed in automotive manufacturing with an annual turnover of £3 billion.

Enjoy your time in Wales, and I hope you may find time to visit some of the outstanding attractions our country has to offer.

Edwina Hart

Minister for the Economy Science and Transport, Welsh Government

Welcome to the exciting, 'new look' Wales Rally GB. This great event has now been restored to its traditional position as the concluding round of the FIA World Rally Championship and we are confident that a move to a new base in North Wales has helped us to create a truly fitting finale - one that will not only put the skills of the world's top drivers and teams to the ultimate test, but also reinforce the legendary event's position as one of the most challenging and attractive on the WRC calendar.

The move north has presented us with a number of significant advantages. Most importantly, perhaps, we are closer to the sport's traditional heartlands, and some of the world's most iconic forest rally stages, many of which are either totally new or haven't been featured in the World Championship since the Nineties.

The rally's new Headquarters and central Service Park are now located on a specially prepared site alongside the Toyota Engine Plant at Deeside in Flintshire.

This new base has allowed us to put together what's almost an entirely new event. After a ceremonial start at Conwy Quay it's then straight into the action with the reintroduction of challenging night stages in Snowdonia on Thursday evening - Gwydyr, Penmachno and Clocaenog - none of which has featured on the rally route for more than 15 years.

Friday is back on more familiar ground tackling two runs through Hafren, Sweet Lamb and Myherin special stages either side of a remote service in Newtown.

Saturday's stages are set slightly further north closer to Dolgellau starting with two runs through Gartheiniog and Dyfi forests, the latter restored to its full 13.4-miles (21.5kms) length for the first time since 1998.

The route then returns to Deeside, first via another 13-mile (21kms) classic Welsh forest stage in Dyfnant and finally taking in the first of two new spectator stages set against the theatrical backdrop of Chirk Castle, which dates back to 1295 and is now in the ownership of the National Trust.

Sunday's itinerary en route to the grand finale on the Great Orme sees second runs through both Dyfnant and Clocaenog forests - the latter being the official Power Stage - plus a first visit to Penllyn near Bala, another stage making a welcome return, this time for its first inclusion since 1991. The route back to the ceremonial finish Llandudno also features the second of the reintroduced short spectator stages, this time set in the grounds of Kinmel Park.

It all adds up to 22 Special Stages and 196-miles (316kms) of fiercely fought competition and what we believe to be a superb finish to this year's FIA World Rally Championship.

Ensuring those competing in either of the two National Rallies also benefit from the WRC experience, their routes are very similar to the International event. What's more, by popular demand, the teams are also based in Deeside.

We are sure all those competing will savour the changes that have been made and to everyone who participates in Wales Rally GB, I send my best wishes for an exciting and safe event.

Chairman, Motor Sports Association
