1. Welcome & Introduction

Neste Oil Rally Finland 2014

Dear rally friends,

Rallying seems to be taking a turn for the better, with Hyundai as a new team already taking its first podium in Mexico and entering a second team for Portugal, with more entries than ever for the Junior WRC and WRC 2 - this means a very busy rally year for all of us!

Neste Oil Rally Finland is taking a fresh approach to event promotion with our new slogan 'Simply More'. One major effort under this new thinking is our pre-rally event in Helsinki, together with our title sponsors Neste Oil, who are celebrating 20 years in that position!

As for the rally itself, we have listened our customers long and hard - drivers, teams, spectators, sponsors - and we have decided to keep it simple, go a little bit more traditional and give them all a great rally to enjoy. Judging by the first reactions to our published route, we have succeeded quite well. But there is always room for improvement, always things you can do better - and therefore your opinion is important to us!

We expect you all to challenge us to make this a rally to remember!

Neste Oil Rally Finland
Organising Team

Environmental Note

According to the current FIA trend, Neste Oil Rally Finland will also do its utmost to reduce its carbon footprint. One important factor is the number of print outs made from various documents. Rally Guides 1 & 2 will only be published on the event website and a bare minimum of supplementary regulations will be printed for the key officials and competitors.

We would appreciate all competitors joining us for this campaign by informing us early the number of road books and other printed documents they need (should this be less than the regulatory package), so we do not end up throwing a lot of unused materials straight to recycling.

This document has no regulatory power - for information only.

4.2 Criteria for Acceptance of Entries

Anybody wishing to take part in Neste Oil Rally Finland 2014 must fill in the electronic entry form published at the same time with Supplementary Regulations on the event website at www.nesteoilrallyfinland.fi, under competitors section. This applies to ALL competitors, except Manufacturers and WRC Teams registered in the FIA World Rally Championship, who make their entries to the organiser using the entry form supplied by the FIA.

The entry form must be filled in before Monday 30 June 2014 at 18.00 Finnish time (17.00 CET).

By sending this electronic form, the competitor undertakes to abide by the rules and regulations of the competition. Competitors will sign the entry form in Administrative Checks. Competitors entered in the FIA WRC 2 and WRC 3

championships, must indicate their intention to collect points in Neste Oil Rally Finland for the relevant championship, by writing "Priority 3" under "Additional information" on the electronic entry form.

To be accepted, competitors must send a proof of payment of the entry fee by e-mail to event secretary by the close of entries (a scanned copy of the bank transfer will do). Competitors and drivers wishing to enter international competitions organised abroad, may only do so with the approval of their own ASN.

5. Service Park

5.1 Location

GPS Coordinates: North 62° 14.271' East 25° 45.352'
Address: Lutakonaukio 12, Jyväskylä, Finland

The Service Park is located in the area around the Jyväskylä Paviljonki Rally HQ and Jyväskylä Harbour. Manufacturers and WRC Teams entered to the FIA WRC will have their designated areas in the Service Park according to the Championship Regulations. There will be a dedicated area for the auxiliary vehicles in an auxiliary parking area within the Service Park. Due to the restricted space in the Service Park, private entries will not be given any auxiliary plates.

The basic lay-out of the Service Park will stay much the same as last year. Closer to the harbour, some areas will have been turned into a park by the time of our rally, so the final location of Media and Technical Zones may change. A preliminary layout of the Paviljonki Service Park will be published in Rally Guide 2.

Final lay-out with competitor locations will be published on the event website on Wednesday 23 July 2014.

5.2 Access to the Service Park

Manufacturers and WRC Teams can access the Service Park as per individual agreements with the organiser.

Manufacturers, WRC Teams and nominated Tyre Manufacturers can access the area at a time agreed with the organiser. Priority 3 teams and Drive DMack Fiesta Trophy will have access on Monday, 28 July 2014 at 09.00, and non-priority competitors on Wednesday, 29 July 2014 at 08.00.

All parties are kindly asked to respect these opening times. Manufacturers, WRC Teams or Tyre Manufacturers wishing to bring equipment or sea containers to the Service Park area before the given opening time must inform the organiser thereof. If the organiser has not received such notification, we cannot guarantee any access to the area. All costs of moving the equipment either within or from outside the Service Park to its final position will be borne by the relevant owner of the equipment.

Please note that it is absolutely forbidden to drive any anchors into the ground at any location inside the Service Park without the prior written consent of organiser's Service Park Co-Ordinator. Competitors are reminded to prepare for fastening all structures with concrete ballast or equivalent.

Competitors are kindly asked to remind all their team staff to always carry their Team/Service Passes, as the organiser will be collecting an admission fee into the service park from anyone without a valid pass.

5.3 Facilities in the Service Park

The organiser will be offering the following facilities in the Service Park:

- waste collection for mixed waste, oil, paper etc.
- toilet facilities (these exist both in the outside area as well as inside the HQ building)
- portable toilets at team area (for Manufacturers and WRC Teams as per WRC Regulations)
- WLAN connection (cable connection available for Manufacturers and WRC Team by request)
- general security in the service park area
- water (direct pipelines to Manufacturers and WRC Teams plus common sources for others)
- car wash before the TC IN

The organiser can contract various additional services for the Manufacturers, WRC Teams and Tyre Manufacturers Michelin, DMACK, Pirelli and Hankook. The following can be ordered through the organiser:

- extra security services
- additional portable toilets to your team area
- portable waste water tanks
- waste water tank and motorhome septic tank emptying
- electricity
- forklift service and sea container handling

Extra Facilities order form will be published on event website together with Supplementary Regulations.

5.4 End of Day Service

Last year, Neste Oil Rally Finland experimented with a new flexi-service system, which now has been adapted to the whole Championship. This year, our aim is to operate as in 2013, which means that we shall not be following the FIA WRC, Art. 51.3 for non-priority drivers.

With the FIA's agreement, all non-priority competitors must drive their cars directly from the Technical Zone to their service bay and their service time will start normally from the TC IN, with no separate flexi-service parc fermé. More information in the supplementary regulations and Rally Guide 2.

On arrival to their service bays, all drivers will be asked to be accessible to the public for autographs and photos.

6. Two-way Radio

GSM and UMTS mobile stations, LA (CB), PR 27 and PMR 446 (analog and digital) telephones are exempted from licensing, provided they fulfill the requirements of relevant equipment standards and specifications. The use of all other kinds of radio transmitters is subject to a licence issued by the Finnish Communications Regulatory Authority (FICORA). FICORA shall be notified of the frequencies in the equipment in question, upon which it will decide on assigning the customer a suitable frequency and will issue a licence for the radio transmitter.

Throughout the rally, the use of frequencies for amateur radio is prohibited.

At the pre-event scrutineering, the radio transmitters and licences will be inspected. Radio transmitters in aircrafts will be inspected, too.

The use of radio transmitters will be monitored throughout the rally. Unlicensed use, or use outside the terms of a licence, of a radio transmitter, may lead, in case of serious interference, to prohibition of the use of the radio transmitter, in accordance with the Act on Radio Frequencies and Telecommunications Equipment in Finland.

Licence applications for (Appendix 7) the use of radio transmitters are due on Friday 27 June 2014. Further information is available from:

7.2 FIA Fuel and Fast Couplings

Refuelling will be located at the Service Park Paviljonki (Shakedown, Sections 1, 3, 4, 5, 6 and 7), as well as in Konnevesi (Section 2), Kuhmoinen (Sections 3 and 4), Petäjävesi (Section 5 and 6) and Hankasalmi (Section 8). The competitors need to pay special attention to the various refuel locations when making their service plans. There will

be a regroup together with the remote refuel between Sections 1 and 2, as well as 7 and 8.

All cars of the Priority drivers must be fitted with FIA fuel sample couplings for taking fuel samples and with FIA-specified refuel couplings. All competitors must comply with WRC regulations Art 59.3.2.

The use of FIA fuel is obligatory for all Priority drivers. No later than 3 weeks prior to the event (9 July 2014), the competitors must notify their fuel requirements to the sole supplier Petrochem Carless Ltd. at the following address:

Petrochem Carless Ltd.

7.3 Dispensing of FIA Fuel

For sporting, environmental and safety reasons, during the rally the fuel must be dispensed from a single source. Thus all cars must use this centralised refuel service. The total price of the fuel will be 5.48 € per litre, including the refuel services at the site of the event.

Pre-payment by bank transfer to:

Owner of account:	Petrochem Carless Ltd. re World Rally Deposit
Bank:	Lloyds TSB
Bank Code:	30-00-09
Account Not:	86350201
IBAN:	GB 94 LOYD 3000 0986 350201
SWIFT:	LOYDGB21013

It is a condition of supply that payment must be received in full before delivery can be made. All fuel supplies must be pre-paid no later than Wednesday, 9 July 2014.

Credit Card payments will carry a 5% surcharge. American Express is not accepted.

The balance of the non-used fuel will be cleared after the rally.

7.4 Dispensing of 98E Pump Fuel and Diesel

For the non-priority drivers, the use of FIA fuel is not obligatory and normal pump fuel and Diesel may be used from petrol stations directed in the Road Book of the rally. The organiser is aiming to find suitable petrol stations along the route of the rally to be used for non-priority drivers' refuelling, which means considerable savings in their event budgets.

Drivers' attention is drawn to the fact that the list of available petrol stations and other locations for the 98E pump fuel and Diesel will be published later as a separate document (these will also be shown in the Road Book), i.e. the locations are not given in the itinerary of the rally (as Appendix 1) and the distances from one refuel to the next are different from the ones given in the afore mentioned itinerary. More details of the refuel process and pump fuel prices at refuel zones will be given at a later date (RG2 at the latest).

Please note that all cars with only FIA-specified refuel couplings using pump fuel must transport the necessary adaptor in the car and show it at the pre-event scrutineering (FIA WRC, Art. 59.3.7).

8. Import of Vehicles and Spare Parts

8.1 Competitors from the European Union

Competitors coming from the European Union do not need to make any special customs clearance. They may use any vehicle in Finland for up to 6 months without clearing it, provided that the vehicle is not brought to Finland with the intention of selling it. All vehicles need to have a valid traffic insurance. Tyres and spare parts can also be imported without clearance.

It is always good to have a list of tools and equipment you bring into the country, in case you will be asked to prove what you had with you on the way in.

8.2 Competitors from outside the European Union

Competitors coming from outside the European Union will have to report at the customs on their way in. Please prepare a list of all the tools and equipment you are bringing with you. This list will be stamped at the customs and they may collect a security (the amount is negotiable). Tyres are under customs as they are non-durable goods. The customs payment will be returned if the used tyres are exported from the country on the way out, as well as the security, if all equipment is exported.

For more accurate information, please contact the Finnish Customs Information Service Telephone. +358 20 690 600. All competitors coming from outside EU countries have to report at the customs!

9. Helicopters

9.1 Registration & Briefing

As in previous years, the organiser will be working in close co-operation with the Finnish Civil Aviation Authorities. This means all pilots using the helipads provided by the organiser must attend the pilots' briefing and must acquire the organiser's pilots' pack, including all GPS coordinates, aviation / rally maps, list of helicopters and pilots and the necessary ID plates for the helicopter. Price for this package will be 1400 Euros plus VAT 24%.

Details about pilot's briefing will be given in Rally Guide 2. There will be a briefing in Vantaa for Finnish pilots approx. 2 weeks before the event and another in Jyväskylä (EFJY) Airport terminal building on Thursday, 31 July at 11h00 local time. The operators must be ready to present all necessary documentation at the briefing, as well as to send copies of the required pilots'/operators' licences already at the time of registration. Any late arrivals must be informed to organiser well in advance. More information will be given in Rally Guide 2.

Details of the possible Drop Zone at the Rally HQ / Service Park will be given in Rally Guide 2.

All pilots wishing to use the other official helipads of the rally must register with the organiser using the registration form, which can be found on the event website early May at the latest. There may be restrictions concerning aircraft type used or experience level of the pilot. Deadline for the submission of helicopter registration forms is Friday, 4 July 2014. All private and exclusive landing pads must be informed to the organiser by the same date.

In Finland, you must always have the landowners permission to land. Should any helicopter land without such permission, the landowner may charge whichever sum he may see suitable. The organiser is aiming to set up at least two landing zones on each special stage, in connection with our spectator areas.

Flight safety rules will be published together with the Pilot's Book, as a separate document. The AirBoss system introduced in 2013 will continue to guide pilots throughout the rally at the most frequently used helipads.

12. Reconnaissance

12.1 Registration for Reconnaissance

Reconnaissance registration will take place as follows:

Date and time:	Sunday	27 July 2014	16.00-21.00
Place:	Rally HQ, Paviljonki		

For the Priority 1 & 2 drivers, the materials can be collected by a team member duly designated in writing. Others have to make the registration themselves. For registration outside these hours, please contact rally office.

12.2 Reconnaissance only Registration

Any driver wishing to take part in reconnaissance only, must respect the regulations of reconnaissance in its entirety (see 2014 FIA WRC Regulations and 2014 Supplementary Regulations of Neste Oil Rally Finland).

A fee of 1 000 € + 10% VAT = 1 100 € for taking part in the reconnaissance must be paid in full.

12.3 Regulations and Restrictions

The reconnaissance has been divided to three days in order to make it more convenient for the drivers. The competitors will be divided into two groups during the reconnaissance at organisers discretion. More specific information will be given in the Supplementary Regulations and Rally Guide 2. A draft reconnaissance schedule can be found as Appendix 1.5.

13. Shakedown

13.1 Who may Participate

Shakedown is open to all Priority 1, 2 and 3 drivers on Thursday, 31 July 2014 at 08.00 - 11.30 in Laajavuori. Because of the tight schedule, Shakedown stage is not available for non-priority drivers.

13.2 Location

Shakedown will take place in Laajavuori, approximately 6 km from the Rally HQ. The stage is 4.19 km in length and is driven partly on tarmac and partly on gravel. The service area is the same as in the rally, the Paviljonki Service Park.

FIA fuel will be available in the Service Park during Shakedown.

13.3 Schedule

Thursday, 31 July 2014

08.00 - 09.30	Shakedown for Priority 1 & 2 drivers (Two mandatory runs for Priority 1 drivers)
09.30-11.30	Shakedown for Priority 1, 2 & 3 drivers (Optional)
11.30	Shakedown closes

13.4 General Information

The stage will be run like a special stage. Times will be published in the Rally HQ and Media Centre. Competitors must use all safety equipment, just as on special stages during competition.

Any person found onboard the car during shakedown, who is not part of the entry of the rally must sign a disclaimer which indemnifies the organiser. This disclaimer can be collected from the Rally Office. Please inform Secretary of the Rally if disclaimer is needed. During Qualifying, the entered crew must be onboard the car.

14.PR-Activities

14.1 Start of the rally

More information about the start will be given in event regulations and Rally Guide 2. For any inquiries, please contact Mr. Henrik Frank, telephone +358 40 534 9977 or email henrik.frank@autourheilu.fi.

14.2 Neste Oil Rally Helsinki Battle

The rally week kicks off on the previous Saturday, July 26th in Helsinki, when WRC teams, drivers and legends of the sport take over the Hietalahti area of the capitol. To celebrate its 20-year partnership with Finland's WRC round, Neste Oil will organize a new event called Neste Oil Rally Helsinki Battle.

This rally festival in central Helsinki is a unique happening. It is going to be a battle between contemporary rally stars and legends of the sport over streets closed off for the occasion. The modern stars will use their current cars, which means a modern look Service Park is to be laid out in the area. The residents of Helsinki can now witness a rally circus in the streets of their home town for the first time.

Among drivers taking part in the Battle will be Mads Östberg from Citroën, Thierry Neuville and Juho Hänninen from Hyundai, plus Sébastien Ogier and Jari-Matti Latvala from Volkswagen. The challenge to them has been thrown by Markku Alen, who will be joined in the Legends team by Juha Kankkunen, Marcus Grönholm and Tommi Mäkinen.

More information about the event can be found at: www.neste.fi/helsinkibattle.

14.3 Official Rally Parties

The WRC event will this year be celebrated in Jyväskylä not only on the Sunday after the finish, but also on the Saturday the week before. More information about Official Warm Up Party and Official After Party to follow on the event website and on RallyGuide 2.

14.4 FIA Action for Road Safety: Turvassa Tiellä Campaign

Turvassa Tiellä is the name of Finland's National Road Safety Campaign, which started in 2013 and took lectures on road safety as well as tuition in moped driving to the country's junior high schools.

The campaign has been organized by Finland's national automobile sport federation AKK-Motorsport ry and its marketing company AKK Sports Oy in co-operation with partners Liikenneturva (the country's central organization for traffic safety), Michelin, motor sport live coverage specialist FilmWorks and Finnish Lions Clubs. This national initiative is part of international automobile federation FIA's Action for Road Safety campaign.

Figureheads for the Finnish campaign are the nation's motor sport stars Valtteri Bottas (F1), Toomas Heikkinen (WRCC), Esapekka Lappi (ERC) and Laura Suvanto (FRC).

The campaign's main event during the year is Neste Oil Rally Finland, where FIA Action for Road Safety will manifest

itself in many ways.

14.5 Vetomies - National Event

A national rally will be organised in conjunction with Neste Oil Rally Finland, using some of the stages in the rally. Old four-wheel-drives will be tackling the stages between the WRC runs both on Friday and Saturday, and on Saturday these will be followed by old two-wheel-drives. These cars have proved to be very popular among our spectators in previous years, and we are sure they will offer us memorable entertainment this year, too!

For more information, follow our website and @Vetomies on Twitter.

14.6 Mobilia - Rally Hall of Fame

The Rally Hall of Fame was opened at the automobile and road traffic museum Mobilia in July 2010. To celebrate its opening four legendary rally drivers were inducted to its Gallery: Erik Carlsson, Paddy Hopkirk, Rauno Aaltonen and Timo Mäkinen. In 2011, 2012 and 2013 seven further rally legends were nominated: Walter Röhrl, Hannu Mikkola, Carlos Sainz, Michèle Mouton, Björn Waldegård, Andrew Cowan and Tommi Mäkinen.

The latest inductees to Rally Hall of Fame in 2014 are Stig Blomqvist, David Richards and Ari Vatanen.

Rally Hall of Fame is an initiative of Finland's Automobile Sport Federation and Mobilia, the country's national speciality museum of the automobile and transport. Despite its Finnish origins, Rally Hall of Fame is projected as a global institution and reflects worldwide achievement in the sport of rallying. Therefore, nominations to the Hall of Fame are made by an international Committee.

The international committee elects new members to the Rally Hall of Fame each year. The inductees are chosen from past rally drivers or persons who have otherwise played an active part in the rally world. The nominees are also recognized in the Rally Hall of Fame exhibition with a special section that presents not only general information about the careers of the legendary drivers, but also their individual driving gear, vehicles and other memorabilia from the era of their careers.

Mobilia's Rally Hall of Fame exhibition is located in scenic Kangasala, less than half an hour's drive from the city centre of Tampere and a two-hour drive from Helsinki. Mobilia is open daily, in winter time between 10am-4pm and in summer between 10am-8pm. On request, it is possible to arrange group visits to Rally Hall of Fame outside normal opening hours.

15.2 Accreditation Guidelines

The Accreditation Guidelines and criteria for 2014 FIA WRC Events are published on the FIA website:

www.fia.com > Media > Media Accreditations

Please read carefully the Accreditation Guidelines to ensure all the requested information is included and that the application is forwarded to the correct organisation before submitting the application.

The Media Pass is considered as a working tool for journalists and it cannot be used for public relations, promotions or entertainment purposes. No advertising, public relation agency or similar company or organization will be accredited as media. Nor will the rally issue any media accreditation to representatives (press officers or otherwise) of sponsors, suppliers, teams, drivers etc.

15.3 How to Apply for Accreditation?

15.3.1 Finnish Media

National publications, photographers, radio stations and websites

All applications must be sent online at: www.nesteoilrallyfinland.fi/media

DEADLINE

Wednesday 2 July 2014

Once received, the press office will confirm the receipt of the application by email. After the deadline the list of proposed national media accreditations will be sent to FIA for final approval. Confirmation of the accreditation together with further instructions will be sent via email once the accreditation is confirmed by the FIA.

LIABILITY WAIVERS

If the application is successful, an Accreditation Agreement and Waiver of Liability will be included in the confirmation email. Please make sure that each representative has both documents, signed by the editor of the publication, with them when they arrive at the event to collect their credentials. NO ACCREDITATION CAN BE COLLECTED WITHOUT THESE DOCUMENTS.

National Television and Commercial photographers

National TV broadcasters, any media wishing to broadcast moving images, and the photographers not complying the criteria mentioned in the Accreditation Guidelines must send the requests directly to the WRC Promoter:

The Sportsman Media Group
rally@thesportsman.de

15.3.2 International Media

International publications, photographers, websites and press agencies

Representatives of all the above mentioned international media will be accredited by the FIA. All requests must be made online. Please apply as per the guidelines given on the FIA website:

<http://www.fia.com/media-centre/media-accreditation>

15.4 Manufacturers' Room

Upon request, the organizer will provide working facilities at the Rally HQ for the press personnel of Manufacturer Teams and tyre companies entered in the FIA WRC.

For more information, please contact the National Press Officer of Neste Oil Rally Finland.

16. General Facts and Information

16.1 Medical Information

At the administrative checks before the rally all drivers must present their Medical Certificate of Aptitude in accordance with the FIA medical standards, and as given to them by their own ASN. Normally this Medical Certificate of Aptitude is included to International Competitor's License, but if it is not, competitor is responsible to present a separate document.

A decision in accordance with Finnish law has been taken by the Health Care District Central Finland that an individual living elsewhere than in Finland must pay the total cost of treatment received unless other provision has been made in international agreements.

Residents of EU/EEA/ and Switzerland

By presenting your European Health Insurance Card, you will receive medical treatment on the same terms as the local residents. However, not all doctors and hospitals operate within the reimbursement system, which means that any costs you incur outside the system will have to be paid by yourself. As a general rule, public health services are covered by the reimbursement system.

The European Health Insurance Card mainly covers emergency treatment in the event of an illness or injury and other medically necessary treatment. You can also get medical treatment if you have a pre-existing chronic condition that requires medical attention while you are abroad.

Please contact your national health insurance authorities to get your card before travelling to Finland.

Residents of other countries

If you are a resident of a country other than those mentioned above, the patient charge will be the equivalent of the total cost of treatment plus the patient charge for an individual living in Finland.

Payment of the patient charge

If you require first aid, collection of the patient charge will be made as you leave hospital. Collection of the charge will take place in advance in cases where you have agreed with the hospital on treatment that is not urgent.

Should an insurance institution be responsible for your patient charges, acceptable evidence of this must be presented to the hospital.

All competitors living in the European Community should organise themselves a European Health Insurance Card to be able to get free medical services at the communal health care centres and hospitals.

This card can be obtained from your local social services.

16.2 General Facts about Finland

Population

5.414 million, giving an average density of only 17.4 per sq. kilometre; annual growth rate 0.127%. Life expectancy 78.66 years. The demographic pyramid resembles that of most other industrial countries, with the middle-aged groups predominating. Average household sizes 2.1 persons. 54% of the population live in single-family houses, 46% in apartment blocks; room area per person 36 sq. metres. 74% are urban-dwellers, with 1.2 million in Helsinki

and the adjacent cities of Espoo and Vantaa. Other major cities include Tampere, Oulu, Turku, Jyväskylä, Lahti and Kuopio.

Area

338,145 sq. kilometres, of which 10% is water. There are more than 60,000 lakes in Finland. 7% of the land is under cultivation, barley and oats being the main crops. Forests (mainly pine and spruce) cover 76% of the country.

Climate

The Finnish climate is considerably milder than one might expect from the country's northerly location. There are major variations in the seasons. During the rally, it is late summer and the weather may vary quite a lot, although it is predominantly warm. It can be sunny and warm, well over 20 degrees Celsius or it can rain and be only about 10 degrees Celsius.

Time zone

Finnish time is two hours ahead of Greenwich Mean Time (UTC +2 hours). Daylight saving time is used from the last Sunday of March to the last Sunday of September.

Automatic Teller Machines

All these banks have several cash dispensers all over the city. They usually operate on Visa/Eurocard. From the ATMs you can withdraw notes in denominations of 20 and 50 €. The closest cash dispenser to the Rally HQ is in Matkakeskus (the railway station). You can recognise the ATMs from an orange sign "OTTO".

Credit Cards

All major credit cards are very widely accepted in hotels, car rental offices, department stores, restaurants, shops and most taxis. Foreign credit cards can be used to withdraw cash from almost all ATMs.

Medical Services

Medicines are sold at pharmacies (APTEEKKI). Usually pharmacies are open until 17.00 or 18.00. There is one pharmacy (Yliopiston Apteekki) at Kauppakatu 39, which is open daily 08.00 – 23.00.

All hospitals have doctors on duty around the clock. In emergencies, patients should be directed to a health care centre or hospital emergency unit. Dental care is mainly provided by private practitioners.

Vaccinations

There are no regulations requiring visitors to Finland to have vaccinations.

Water

The tap water is safe to drink.

Electricity

The electric current in Finland is 230 Volts. Plugs and sockets are the same as in the continental countries of the European Union.

Telephones

There are pre-paid SIM cards available for your GSM mobile phones at 'R-Kioski' in various values.

16.3 City of Jyväskylä

Neste Oil Rally Finland has been hosted by the City of Jyväskylä since the very beginning of the event, for over 60 years. The role of the city has grown to be a more central one over the years, as the event has grown from a modest concentration run for a handful of enthusiasts to a full-blown world level event.

General Information

The city of Jyväskylä was inaugurated as a town in 1837 and is located in the lake district of Central Finland. It is easily reached by road, air and water. Lively, youthful Jyväskylä is Finland's seventh largest city with a population of almost 135 000. New Jyväskylä was formed at the beginning of 2009 as a result of the merger of Jyväskylä, Jyväskylä Rural Municipality and Korpilahti. Today Jyväskylä is a bustling centre for business, education, sports and culture. The Jyväskylä region – comprising of the city of Jyväskylä and six municipalities surrounding it – has 180 000 inhabitants.

Jyväskylä is a school and university town with 45 000 students during the academic year, providing a diversity of educational offerings for people of all ages. The multi-disciplinary University of Jyväskylä and Jyväskylä University of Applied Sciences and the Jyväskylä Vocational Institute are among Finland's leading research and educational institutions with an increasing number of international students.

Bustling Centre of Innovation

Jyväskylä is one of Finland's five centres of growth. Special expertise can be found in the fields of paper manufacturing and paper machinery as well as energy production, environmental, information, welfare and nanotechnology.

In recent years, Jyväskylä has gained reputation as organiser of many national and international congresses and fairs in the Jyväskylän Paviljonki Fair and Congress Centre.

Quality of Life

The landscape of Jyväskylä is varied with lakes, forests and hills within a walking distance of the city centre. The Laajavuori skiing centre and recreation area with its new outdoor theatre facility provides excellent opportunities for sports and other activities, and that is where the shakedown of the rally also takes place. Lively pedestrian precinct and beautiful university campus right in the city centre are central places for different events. The trail around Lake Jyväsjärvi is a great recreational area for both residents and visitors alike.

The Jyväskylä region is easily reached by land and air: the distance of 270 kilometres from Helsinki takes only 35 minutes by plane and some 3 hours by car or by rail. For more information about the city and what it can offer, please log onto <http://www.jyvaskyla.fi/international> and <http://jyvaskylanseutu.fi/travel> or e-mail travel@jkl.fi. For a city map, please see Appendix 2.4.

16.4 Other Rally Cities

Notably the rally visits many other cities, town and municipalities in Central Finland. These include such names as Laukaa, Konnevesi, Jämsä, Padasjoki, Kuhmoinen, Länkipohja, Orivesi, Keuruu, Multia, Saarijärvi, Petäjävesi, Uurainen, Längelmäki, Muurame, Korpilahti, Hankasalmi, Rautalampi, Toivakka and Lievestuore.
