## 1a. Welcome

**Welcome to the Azores and to SATA Rallye Açores.**

By 4 to 6<sup>th</sup> of June, SATA Rallye Açores celebrates its Golden Jubilee, an amazing achievement made possible due to all of those whom along all of these 50 years made real their passion around motorsports and rallying.

Today SATA Rallye Açores is a worldwide reference for event promoters, for the most important and prominent rally teams and their drivers, as well as to all of motorsport and rallying fans that are spread a little all over the world. But it is also a major touristic campaign around the joint effort having the Azorean Government as a strategic partner, to turn the Azores in a touristic destiny of excellency.

Aware of its huge responsibility, SATA Rallye Açores Organizing Committee as prepared once again an outstanding event to host round 5 of the FIA European Rally Championship promoted by Eurosport Events, as the events counts toward and again for the FIA Junior European Rally Championship as well for the FIA ERC Gravel Master.

So, all eyes will be on São Miguel Island, on the Azores and on the 50<sup>th</sup> edition of SATA Rallye Açores, by June, to attend to one of the most spectacular events of motorsport and rallying.

So, if you don't know where to spend you vacations, or if you already know, but you're looking for a different destination, a place full of beautiful landscapes where you can easily enjoy land and sea activities and add a spice of your motorsport passion, come to the Azores and celebrate with us our 50<sup>th</sup> anniversary. Don't miss it: it's from 4 to 6<sup>th</sup> of June.

You're invited!

### 1 b.) Brief historic note of the event

The first edition of Rallye Azores dates from 1965, at the time designated by Volta à Ilha de São Miguel. In 1968, the rally became part of the National Rally Championship and in its eighth edition the rally gains international status. The acceptance on the European Rally Championship takes place in 1992, with the event scoring for this competition with coefficient 2. Due to several years of successful events, with always positive and increasing quality reviews, the rally reaches the coefficient 10 of the FIA European Rally Championship. However and resulting from changes made on the FIA European Rally Championship sporting regulation, the rally became part of the FIA European Rally Cups Coef. 10. The name SATA Rallye Açores, which the event still bears, appears in 1999, in what was the beginning of using the event “SATA Rallye Açores” as a showcase of the Azores as an excellent destiny for tourism, its people, their traditions and its motorsport.

In 2008, opens up the opportunity for the rally to belong to the most mediatized motorsport competition at the time, the Intercontinental Rally Challenge (IRC), organized and promoted by the television channel Eurosport. In that year, SATA Rallye Açores assumes the role of IRC Supporter Event, with eyes placed on the coveted rise to a level of prominence in the world of motorsport. With the unique opportunity to cause a good impression, the organizing committee gets another great review and in the next year SATA Rallye Açores finally reaches the desired level of prominence, integrating since 2009 until 2012 the calendar of the competition that is already considered to be a case study of the promotion of a sporting event, the localities where the competition takes place and competitors participating in it, with locals gaining visibility across borders.

At the beginning of 2013, the rally that has in its name the brand of an airline company – SATA - and the name of a bird – Açores - that symbols the first animals seen by the ones that discovered this group of islands in the XIV century and that names this archipelago accessible mainly by air, expected a new and difficult challenge: the agreement between the FIA and Eurosport to revitalize the FIA European Rally Championship, through the promotion and organization of a new competition, with the success seen before at IRC and the termination of IRC due to this agreement, opened a dantesque scenario for 23 organizations that had their rallies belonging to IRC and/or the FIA European Rally Championship calendars.

With increased merit and due to the close relationship of Grupo Desportivo Comercial and its partners, mainly to the Azores Government and SATA, always aware of the main objective of the SATA Rallye Açores: make Azores known to the world, SATA Rallye Açores has reached the goal of taking part of the main step of the FIA European Rally Championship, culminating with this achievement the successful work of several people who had been taking since 1992 that commitment with the Azores, with its people and with many of our rally enthusiasts.
