# 1. Welcome & Introduction

## Neste Oil Rally Finland 2015

Dear rally friends,

After our 2014 edition of Neste Oil Rally Finland, we received a lot of feedback and especially from two areas. Firstly, everyone was excited about the Neste Oil Rally Helsinki Battle, lifting WRC event promotion to a whole new level, which we are pleased to notice has been adapted in other events since. Secondly, everyone told us that we had the best rally route ever and that we should absolutely not change anything for next year. We did.

The rally was well and truly a great success in 2014, but you just have to change things, otherwise it would not be interesting for us either. The decision was made easier for us, as the FIA and WRC Promoter introduced a new format for the rally weekend, forcing us to cut stages from the Thursday, so it was evident that something has to be done.

We believe we have been able to hold on to the best bits, we have improved the not-so-great bits and we have managed to find something totally new to give that little twist of excitement to the drivers, that tingling feeling in your guts when you attack a new road for the first time at full speed, pondering whether your pacenotes are accurate.

We hope we manage to relay this feeling also to our spectators, pass on the torch of excitement and entertain the crowds.

With these short words we welcome the gladiators to the arena!

Neste Oil Rally Finland Team

### Environmental Note

As a part of the Sustainability Programme of FIA, Neste Oil Rally Finland will also do its utmost to reduce its carbon footprint. Rally Finland has achieved official accreditation of the Programme, Progress towards Excellence. Next goal is to reach the top level, Achievement of Excellence, in year 2015.

Regarding the Sustainability Programme, evaluating and reducing the environmental impact of motorsport is playing an integral role. One important factor is the number of print outs made from various documents. Rally Guides 1 & 2 will only be published on the event website, as well as the Supplementary Regulations.

We would appreciate all competitors joining us for this campaign by informing us early the number of road books and other printed documents they need (should this be less than the regulatory package), so we do not end up throwing a lot of unused materials straight to recycling. The Road Book will also be published on our website, to speed the delivery process to competitors, as well as to save printed materials.

**This document has no regulatory power - for information only.**

### 4.2 Criteria for Acceptance of Entries

Anybody wishing to take part in Neste Oil Rally Finland 2015 must fill in the electronic entry form published at the same time with Supplementary Regulations on the event website at [www.nesteoilrallyfinland.fi](http://www.nesteoilrallyfinland.fi), under competitors section. This applies to private drivers. Manufacturers, WRC Teams registered in the FIA World Rally Championship and FIA WRC2/WRC3/JWRC competitors make their entries to the organiser using the entry form supplied by the FIA, unless otherwise informed in the Supplementary Regulations of the rally.

The entry forms must be received before Tuesday 30 June 2015 at 18.00 Finnish time (17.00 CET).

By sending this electronic form, the competitor undertakes to abide by the rules and regulations of the competition. Competitors will sign the entry form in Administrative Checks.

To be accepted, competitors must send a proof of payment of the entry fee by e-mail to event secretary by the close of entries (a scanned copy of the bank transfer will do). Competitors and drivers wishing to enter international competitions organised abroad, may only do so with the approval of their own ASN.

## 5. Service Park

### 5.1 Location

GPS Coordinates: North 62° 14.271' East 25° 45.352'  
Address: Lutakonaukio 12, Jyväskylä, Finland

The Service Park is located in the area around the Jyväskylä Paviljonki Rally HQ and Jyväskylä Harbour. Manufacturers and WRC Teams entered to the FIA WRC will have their designated areas in the Service Park according to the Championship Regulations. There will be a dedicated area for the auxiliary vehicles in an auxiliary parking area within the Service Park. Due to the restricted space in the Service Park, private entries will not be given any auxiliary plates.

The basic lay-out of the Service Park will stay much the same as last year. Closer to the harbour, some areas will have been turned into a park and promotional areas by the time of our rally, so the final location of Media and Technical Zones may change from last year. A more detailed layout of the Paviljonki Service Park will be published in Rally Guide 2.

Final lay-out with competitor locations will be published on the event website on Wednesday 22 July 2015.

### 5.2 Access to the Service Park

Manufacturers and WRC Teams can access the Service Park as per individual agreements with the organiser.

Manufacturers, WRC Teams and nominated Tyre Manufacturers can access the area at a time agreed with the organiser. Priority 3 teams and Drive DMack Fiesta Trophy will have access on Monday, 27 July 2015 at 09.00, and non-priority competitors on Wednesday, 28 July 2015 at 08.00.

All parties are kindly asked to respect these opening times. Manufacturers, WRC Teams or Tyre Manufacturers wishing to bring equipment or sea containers to the Service Park area before the given opening time must inform the organiser thereof. If the organiser has not received such notification, we cannot guarantee any access to the area. All costs of moving the equipment either within or from outside the Service Park to its final position will be borne by the relevant owner of the equipment.

Please note that it is absolutely forbidden to drive any anchors into the ground at any location inside the Service Park without the prior written consent of organiser's Service Park Co-Ordinator. Competitors are reminded to prepare for fastening all structures with concrete ballast or equivalent.

Competitors are kindly asked to remind all their team staff to always carry their Team/Service Passes, as the organiser will be collecting an admission fee into the service park from anyone without a valid pass.

### 5.3 Facilities in the Service Park

#### Shop-in-Service

The grocery store inside the service park is currently being run under new management. The **K-Supermarket Lutakko** and its manager, Ms. Virpi Tolonen welcome warmly all competitors to do their daily shopping.

For the Teams, K-Supermarket Lutakko is offering a service of daily delivered fresh fruit, vegetables, meat, fish - all within metres of your service area! Large quantities should be ordered beforehand, and if you place your orders via e-mail, all your shopping can be collected ready by the staff and you just pick them up from the shop. And to make it even more convenient, you can agree on flexible invoicing arrangements directly with the manager.

For all your shopping needs, please contact [virpi.tolonen@k-supermarket.fi](mailto:virpi.tolonen@k-supermarket.fi) or by phone +358 40 1923 133.

#### Organiser's facilities

The organiser will be offering the following facilities in the Service Park:

- waste collection for mixed waste, oil, paper etc.
- toilet facilities (these exist both in the outside area as well as inside the HQ building)
- portable toilets at team area (for Manufacturers and WRC Teams as per WRC Regulations)
- WLAN connection (cable connection available for Manufacturers and WRC Team by request)
- general security in the service park area
- water (direct pipelines to Manufacturers and WRC Teams plus common sources for others)
- car wash before the TC IN

The organiser can contract various additional services for the Manufacturers, WRC Teams and Tyre Manufacturers Michelin, DMACK, Pirelli and Hankook. The following can be ordered through the organiser:

- extra security services
- additional portable toilets to your team area
- portable waste water tanks
- waste water tank and motorhome septic tank emptying
- electricity
- forklift service and sea container handling

Electronic Extra Facilities order form will be published on event website together with Supplementary Regulations.

## 5.4 Tyre Fitting Zone

There will be a tyre fitting zone after the Regroup in Himos (after TC 5B) on Friday. An extra time of 15 minutes has been added to the road section due to the TFZ. Teams will be given access to the regroup as per FIA WRC, Art. 48.2.2. Please note that there will be no mid-day service in the main service park of the rally during Friday.

At the TFZ, all prescriptions of FIA WRC, Art. 52.1 apply. More information on the transport of the tyres to the TFZ will be given in the supplementary regulations of the rally.

## 5.5 End of Day Service

For the 45-minute service, our aim is to operate as in 2014, which means that we shall not be following the FIA WRC, Art. 51.3 for non-priority drivers.

Pending FIA agreement, all non-priority competitors must drive their cars directly from the Technical Zone to their service bay and their service time will start normally from the TC IN, with no separate flexi-service parc fermé. More information in the supplementary regulations and Rally Guide 2.

On arrival to their service bays, all drivers will be asked to be accessible to the public for autographs and photos.

## 6. Two-way Radio

All mobile GSM phones as well as LA (CB), PR 27 and PMR 446 (analog and digital) phones are exempted from licensing, provided they fulfill the requirements of relevant equipment standards and specifications. The use of all other kinds of radio transmitters is subject to a licence issued by the Finnish Communications Regulatory Authority (FICORA). FICORA shall be notified of the frequencies in the equipment in question, upon which it will decide on assigning the customer a suitable frequency and will issue a licence for the radio transmitter.

Throughout the rally, the use of frequencies for amateur radio is prohibited.

At the pre-event scrutineering, the radio transmitters and licences will be inspected. Radio transmitters in aircrafts will be inspected, too.

The use of radio transmitters will be monitored throughout the rally. Unlicensed use, or use outside the terms of a licence, of a radio transmitter, may lead, in case of serious interference, to prohibition of the use of the radio transmitter, in accordance with the Act on Radio Frequencies and Telecommunications Equipment in Finland.

Licence applications for (Appendix 3) the use of radio transmitters are due on Friday 26 June 2015. Further information is available from:

### 7.2 FIA Fuel and Fast Couplings

Refuelling will be located at the Service Park Paviljonki (Shakedown, Sections 4, 5 and 6), as well as in Jämsä (Sections 2 and 3), Kuhmoinen (Sections 2 and 3), Petäjävesi (Section 4 and 5) and Hankasalmi (Section 7). The competitors need to pay special attention to the various refuel locations on the itinerary when making their service plans. There will be a regroup together with the remote refuel between Sections 6 and 7.

All cars of the Priority drivers must be fitted with FIA fuel sample couplings for taking fuel samples and with FIA-specified refuel couplings. All competitors must comply with WRC regulations Art 59.3.2.

The use of FIA fuel is obligatory for all Priority drivers. No later than 3 weeks prior to the event (8 July 2015), the competitors must notify their fuel requirements to the sole supplier Petrochem Carless Ltd. at the following address:

Petrochem Carless Ltd.  
telephone: +441 981241169 (Mr. Alistair Roberts)  
fax: +44 1981 240 326  
e-mail: [wrcfuelorder@vitalequipment.co.uk](mailto:wrcfuelorder@vitalequipment.co.uk)

Order form will be available at [www.nesteoilrallyfinland.fi](http://www.nesteoilrallyfinland.fi) under competitors section.

## 7.3 Dispensing of FIA Fuel

For sporting, environmental and safety reasons, during the rally the fuel must be dispensed from a single source. Thus all cars must use this centralised refuel service. The total price of the fuel will be 5.48 € per litre, including the refuel services at the site of the event.

Pre-payment by bank transfer to:

Owner of account:	Petrochem Carless Ltd. re World Rally Deposit
Bank:	NatWest
Bank Code:	60-72-04
Account Not:	36403393
IBAN:	GB72 NWBK 6072 0436 4033 93
SWIFT:	NWBKGB2L

It is a condition of supply that payment must be received in full before delivery can be made. All fuel supplies must be pre-paid no later than Wednesday, 8 July 2015.

Credit Card payments will carry a 5% surcharge. American Express is not accepted.

Following credit card details must be faxed to +44 1981 240 326:

Driver(s) Name  
 Type of Card  
 Card Number  
 Security Number  
 Valid From Date  
 Expiry Date  
 Card Holder's Name  
 Card Holder's Address inc. Postcode

The balance of the non-used fuel will be cleared after the rally.

## 7.4 Dispensing of 98E Pump Fuel and Diesel

For the non-priority drivers, the use of FIA fuel is not obligatory and normal pump fuel and Diesel may be used from petrol stations directed in the Road Book of the rally. The organiser is aiming to find suitable petrol stations along the route of the rally to be used for non-priority drivers' refuelling, which means considerable savings in their event budgets.

Drivers' attention is drawn to the fact that the list of available petrol stations and other locations for the 98E pump fuel and Diesel will be published later as a separate document (these will also be shown in the Road Book), i.e. the locations are not given in the itinerary of the rally (as Appendix 1) and the distances from one refuel to the next are different from the ones given in the afore mentioned itinerary. More details of the refuel process and pump fuel prices at refuel zones will be given at a later date (RG2 at the latest).

Please note that all cars with only FIA-specified refuel couplings using pump fuel must transport the necessary adaptor in the car and show it at the pre-event scrutineering (FIA WRC, Art. 59.3.7).

## 8. Import of Vehicles and Spare Parts

### 8.1 Competitors from the European Union

Competitors coming from the European Union do not need to make any special customs clearance. They may use any vehicle in Finland for up to 6 months without clearing it, provided that the vehicle is not brought to Finland with the intention of selling it. All vehicles need to have a valid traffic insurance. Tyres and spare parts can also be imported without clearance.

It is always good to have a list of tools and equipment you bring into the country, in case you will be asked to prove what you had with you on the way in.

## 8.2 Competitors from outside the European Union

Competitors coming from outside the European Union will have to report at the customs on their way in. Please prepare a list of all the tools and equipment you are bringing with you. This list will be stamped at the customs and they may collect a security (the amount is negotiable). Tyres are under customs as they are non-durable goods. The customs payment will be returned if the used tyres are exported from the country on the way out, as well as the security, if all equipment is exported.

For more accurate information, please contact the Finnish Customs Information Service Telephone. +358 20 690 600. All competitors coming from outside EU countries have to report at the customs!

## 9. Helicopters

### 9.1 Registration & Briefing

As in previous years, the organiser will be working in close co-operation with the Finnish Civil Aviation Authorities. This means all pilots using the helipads provided by the organiser must attend the pilots' briefing and must acquire the organiser's pilots' pack, including all GPS coordinates, aviation / rally maps, list of helicopters and pilots and the necessary ID plates for the helicopter. Price for this package will be 1400 Euros plus VAT 24%.

Details about pilot's briefing will be given in Rally Guide 2. There will be a briefing in Vantaa for Finnish pilots on Monday, 27 July 2015 and another in Jyväskylä (EFJY) Airport terminal building on Thursday, 30 July 2015 at 16h00 local time. The operators must be ready to present all necessary documentation at the briefing, as well as to send copies of the required pilots'/operators' licences already at the time of registration. Any late arrivals must be informed to organiser well in advance. More information will be given in Rally Guide 2.

Details of the possible Drop Zone at the Rally HQ / Service Park will be given in Rally Guide 2.

All pilots wishing to use the other official helipads of the rally must register with the organiser using the registration form, which can be found as on Appendix 5 of this Rally Guide 1 and on the event website. There may be restrictions concerning aircraft type used or experience level of the pilot. Deadline for the submission of helicopter registration forms is Friday, 10 July 2015. All private and exclusive landing pads must be informed to the organiser by the same date.

In Finland, you must always have the landowners permission to land. Should any helicopter land without such permission, the landowner may charge whichever sum he may see suitable. The organiser is aiming to set up at least two landing zones on each special stage, in connection with our spectator areas.

Flight safety rules will be published together with the Pilot's Book, as a separate document. The AirBoss system introduced in 2013 will continue to guide pilots throughout the rally at the most frequently used helipads.

## 12. Reconnaissance

### 12.1 Registration for Reconnaissance

Reconnaissance registration will take place as follows:

Date and time:	Monday 26 July 2015	16.00-21.00
Place:	Rally HQ, Paviljonki	

For the Priority 1 & 2 drivers, the materials can be collected by a team member duly designated in writing. Others have to make the registration themselves. For registration outside these hours, please contact rally office.

### 12.2 Reconnaissance only Registration

Any driver wishing to take part in reconnaissance only, must respect the regulations of reconnaissance in its entirety (see 2015 FIA WRC Regulations 25.5 and 2015 Supplementary Regulations of Neste Oil Rally Finland).

A fee of 1 000 € + 10% VAT = 1 100 € for taking part in the reconnaissance must be paid in full.

### 12.3 Regulations and Restrictions

Main part of the recce will be done over two days (Tuesday - Wednesday), only SS Harju will be done on Thursday, shortly before the running of the stage. The competitors will be divided into two groups during the reconnaissance at organiser's discretion. More specific information will be given in the Supplementary Regulations and Rally Guide 2. A draft reconnaissance schedule can be found as Appendix 1.5.

## 13. Shakedown

### 13.1 Who may Participate

Shakedown is open to all drivers according to the schedule below on Thursday, 30 July 2015 at 08.00-13.00 in Ruuhimäki.

### 13.2 Location

Shakedown will take place in Ruuhimäki, approximately 34 km from the Rally HQ/Service Park. The stage is 4.62 km in length. The service area is the same as in the rally, the Paviljonki Service Park. FIA fuel will be available in the Service Park during Shakedown.

### 13.3 Schedule

Thursday, 30 July 2015

08.00 - 09.30	Shakedown for Priority 1 & 2 drivers (Three mandatory runs for Priority 1 and 2 drivers)
09.30 - 11.30	Shakedown for Priority 1, 2 and 3 drivers (Optional)
11.30 - 13.00	Shakedown for non-priority drivers (Optional)
13.00	Shakedown closes

### 13.4 General Information

The stage will be run like a special stage. Times will be published in the Rally HQ and Media Centre. Competitors must use all safety equipment, just as on special stages during competition.

Any person found onboard the car during shakedown, who is not part of the entry of the rally must sign a disclaimer which indemnifies the organiser. This disclaimer can be collected from the Rally Office. Please inform Secretary of the Rally if disclaimer is needed.

## 14. PR-Activities

### 14.1 Vetomies - National Event

A national rally will be organised in conjunction with Neste Oil Rally Finland, using most of the stages in the rally between the two runs in the rally proper. Both two- and four-wheel-drive cars with expired international

homologations and Finnish national homologations will be tackling the stages between the WRC runs both on Friday and Saturday. These cars have proved to be very popular among our spectators in previous years, and we are sure they will offer us memorable entertainment this year, too!

For more information, follow our website and @Vetomies on Twitter.

## 14.2 WRC Drivers Meet The Kids

WRC Drivers Meet the Kids is an event organised now for the third time in the history of Neste Oil Rally Finland. It brings together top rally drivers and their smallest fans at the Rally HQ Jyväskylä Paviljonki. Come and join in all the fun and games on Wednesday, July 29 at 7 p.m.! More information to be followed.

## 14.3 Rally Expo

Jyväskylä Paviljonki is the venue for RallyExpo car show, held in connection with Neste Oil Rally Finland, from July the 30th to August the 2nd. The exhibition of cars, equipment, supplies and merchandise in Rally HQ (Hall C) offers all visitors much to see and experience. The entrance fee to the Rally HQ area includes the RallyExpo entrance as well.

For more information and stand bookings please contact Sales Manager Harri Mäkinen, harri.makinen@jklmessut.fi, tel. +358 50 410 0841.

## 14.4 Neste Oil Rally Finland goes Festival

## 14.5 Mobilia - Rally Hall of Fame

The Rally Hall of Fame was opened at the automobile and road traffic museum Mobilia in July 2010. To celebrate its opening four legendary rally drivers were inducted to its Gallery: Erik Carlsson, Paddy Hopkirk, Rauno Aaltonen and Timo Mäkinen. In 2011, 2012, 2013 and 2014, ten further rally legends were nominated: Walter Röhrl, Hannu Mikkola, Carlos Sainz, Michéle Mouton, Björn Waldegård, Andrew Cowan, Tommi Mäkinen, Stig Blomqvist, David Richards and Ari Vatanen.

Rally Hall of Fame is an initiative of Finland's Automobile Sport Federation and Mobilia, the country's national speciality museum of the automobile and transport. Despite its Finnish origins, Rally Hall of Fame is projected as a global institution and reflects worldwide achievement in the sport of rallying. Therefore, nominations to the Hall of Fame are made by an international Committee.

The inductees are chosen from past rally drivers or persons who have otherwise played an active part in the rally world. The nominees are also recognized in the Rally Hall of Fame exhibition with a special section that presents not only general information about the careers of the legendary drivers, but also their individual driving gear, vehicles and other memorabilia from the era of their careers.

Mobilia's Rally Hall of Fame exhibition, open daily, is located in scenic Kangasala, less than half an hour's drive from the city centre of Tampere and a two-hour drive from Helsinki. For more information, please visit: [www.mobilia.fi](http://www.mobilia.fi)

## 15.4 Manufacturers' Room

Upon request, the organiser will provide working facilities at the Rally HQ for the press personnel of Manufacturer Teams and tyre companies entered in the FIA WRC. All the costs for supplying the equipment to set up this room, as well as the costs for the installation of telephone and IT (and for their use) will be charged to the organisations concerned.

For more information, please contact the National Press Officer of Neste Oil Rally Finland.

## 16. General Facts and Information

### 16.1 Medical Information

At the administrative checks before the rally all drivers must present their Medical Certificate of Aptitude in accordance with the FIA medical standards, and as given to them by their own ASN. Normally this Medical Certificate of Aptitude is included to International Competitor's License, but if it is not, competitor is responsible to present a separate document.

A decision in accordance with Finnish law has been taken by the Health Care District Central Finland that an individual living elsewhere than in Finland must pay the total cost of treatment received unless other provision has been made in international agreements.

#### Residents of EU/EEA/ and Switzerland

By presenting your European Health Insurance Card, you will receive medical treatment on the same terms as the local residents. However, not all doctors and hospitals operate within the reimbursement system, which means that any costs you incur outside the system will have to be paid by yourself. As a general rule, public health services are covered by the reimbursement system.

The European Health Insurance Card mainly covers emergency treatment in the event of an illness or injury and other medically necessary treatment. You can also get medical treatment if you have a pre-existing chronic condition that requires medical attention while you are abroad.

Please contact your national health insurance authorities to get your card before travelling to Finland.

#### Residents of other countries

If you are a resident of a country other than those mentioned above, the patient charge will be the equivalent of the total cost of treatment plus the patient charge for an individual living in Finland.

#### Payment of the patient charge

If you require first aid, collection of the patient charge will be made as you leave hospital. Collection of the charge will take place in advance in cases where you have agreed with the hospital on treatment that is not urgent.

Should an insurance institution be responsible for your patient charges, acceptable evidence of this must be presented to the hospital.

All competitors living in the European Community should organise themselves a European Health Insurance Card to be able to get free medical services at the communal health care centres and hospitals.

This card can be obtained from your local social services.

All hospitals have doctors on duty around the clock. In emergencies, patients should be directed to a health care centre or hospital emergency unit. Dental care is mainly provided by private practitioners.

#### **Vaccinations**

There are no regulations requiring visitors to Finland to have vaccinations.

#### **Water**

The tap water is safe to drink.

#### **Electricity**

The electric current in Finland is 230 Volts. Plugs and sockets are the same as in the continental countries of the European Union.

#### **Telephones**

There are pre-paid SIM cards available for your GSM mobile phones at 'R-Kioski' in various values.

## **16.3 City of Jyväskylä**

Neste Oil Rally Finland has been hosted by the City of Jyväskylä since the very beginning of the event, for over 65 years. The role of the city has grown to be a more central one over the years, as the event has grown from a modest concentration run for a handful of enthusiasts to a full-blown world level event.

#### **General Information**

The city of Jyväskylä was inaugurated as a town in 1837 and is located in the lake district of Central Finland. It is easily reached by road, air and water. Lively, youthful Jyväskylä is Finland's seventh largest city with a population of almost 135 000. New Jyväskylä was formed at the beginning of 2009 as a result of the merger of Jyväskylä, Jyväskylä Rural Municipality and Korpilahti. Today Jyväskylä is a bustling centre for business, education, sports and culture. The Jyväskylä region – comprising of the city of Jyväskylä and six municipalities surrounding it – has 180 000 inhabitants.

Jyväskylä is a school and university town with 45 000 students during the academic year, providing a diversity of educational offerings for people of all ages. The multi-disciplinary University of Jyväskylä and Jyväskylä University of Applied Sciences and the Jyväskylä Vocational Institute are among Finland's leading research and educational institutions with an increasing number of international students.

### **Bustling Centre of Innovation**

Jyväskylä is one of Finland's five centres of growth. Special expertise can be found in the fields of paper manufacturing and paper machinery as well as energy production, environmental, information, welfare and nanotechnology. In recent years, Jyväskylä has gained reputation as organiser of many national and international congresses and fairs in the Jyväskylän Paviljonki Fair and Congress Centre.

### **Quality of Life**

The landscape of Jyväskylä is varied with lakes, forests and hills within a walking distance of the city centre. The Laajavuori skiing centre and recreation area with its new outdoor theatre facility provides excellent opportunities for sports and other activities, and that is where the shakedown of the rally also takes place. Lively pedestrian precinct and beautiful university campus right in the city centre are central places for different events. The trail around Lake Jyväsjärvi is a great recreational area for both residents and visitors alike.

The Jyväskylä region is easily reached by land and air: the distance of 270 kilometres from Helsinki takes only 35 minutes by plane and some 3 hours by car or by rail. For more information about the city and what it can offer, please log onto <http://visit.jyvaskyla.fi/en> or e-mail [travel@jkl.fi](mailto:travel@jkl.fi). For a city map, please see Appendix 2.4.

## **16.4 Other Rally Cities**

Notably the rally visits many other cities, town and municipalities in Central Finland. These include such names as Liestuore, Hankasalmi, Muurame, Korpilahti, Jämsä, Kuhmoinen, Länkipohja, Multia and Keuruu.

## **16.5 FIA Institute's Sustainability Programme**

The organiser of Neste Oil Rally Finland, AKK Sports Oy, wants to take environmental responsibility and ensure that the event will cause as little ecological stress for environment as possible. The organiser also engages to follow the official FIA Institute's Sustainability Programme.

To ensure sustainable actions, organizer will also put effort into increasing the environmental awareness of the organisation, motorsport clubs and stakeholders.

To enhance environmental responsibility, organiser will:

- comply with all relevant laws and regulations
- utilise a help of environmental professionals in creating the event
- require environmental responsibility from its stakeholders
- set environmental objectives and targets, and measure them
- concentrate on energy efficient and environmentally friendly solutions
- search for ways to optimise transportations and logistics to decrease emission
- aim to decrease the amount of waste and also manage and recycle it as efficiently as possible
- make thorough plan for emergency situations and implement it actively
