INTRODUCTION/WELCOME

1.1 Welcome from Rally Australia

Dear Rally Colleague

We are looking forward to welcoming you to Coates Hire Rally Australia and Round 10 of the 2015 FIA World Rally Championship on 10-13 September. This will be the 24th Rally Australia and the fourth located on the Coffs Coast of New South Wales.

Continuing major support from the New South Wales Government and Coffs Harbour City Council, in addition to commercial partners including naming sponsor Coates Hire, ensure Rally Australia remains on the Coffs Coast. Government and the community are proud to host this event and recognise its contribution to the regional economy through the direct spending of rally visitors and unmatched global media exposure.

Rally Australia showcases one of the most beautiful regions of Australia. Located between the Pacific Ocean and rainforest-clad mountains, the Coffs Coast enjoys a sub-tropical climate all year round; in particular, the spring weather in September will be delightfully warm. Tourism and rural industries, including cattle-raising, wine-making and the iconic banana plantations that cover the local hillsides underpin a vibrant economy.

But for rally people, perhaps the immediate attraction is the sporting challenge of the Rally Australia roads. Competitors widely praised last year's special stages. The 50km Nambucca was hailed as one of the best in the world and I'm pleased to confirm it remains in the 2015 itinerary.

Yet we have listened to feedback in making further improvements. These are detailed elsewhere in this Guide but, briefly, there are three new Friday stages in the Nambucca region that we believe are the most exciting we've offered on the Coffs Coast event – surpassing even the Nambucca stage itself - plus a traditional night stage in the countryside to close Saturday's leg – a first for Rally Australia - and a new stage on Sunday.

The new stages are fast, technical and set in beautiful forest and open country. The itinerary, based around the same Coffs Harbour Service Park, remains one of the most compact and efficient on the WRC calendar.

Every year, we strive to deliver a better rally. As well as the quality of the route, organisation, promotion and other elements, we're proud to have achieved another world first since 2014, becoming the first FIA-sanctioned event to attain carbon-neutral status. This complements the FIA Institute Achievement of Excellence for environmental sustainability awarded after 2013.

Innovation and ideas are traditions at Rally Australia, so while we're working hard to bring 2015 to the start control, we're also looking for ideas to carry us into future years.

Meanwhile, I trust this guide provides all the information needed to start planning your Rally Australia 2015. Our entire team looks forward to seeing you.

Ben Rainsford
Chairman, Rally Australia

14.7 Expected media coverage (TV & radio, times, channels, frequencies)

The standard WRC event television package of preview, daily roundup and post-event review will be broadcast in Australia on free-to-air Network Ten and national and regional affiliates and on the national Fox Sports subscription cable network. Broadcast schedules will be published by both networks.

The Coffs Coast region and Coffs Harbour city have bi-weekly and weekly newspapers; at least four numerous radio stations and staff news bureaux for two regional free-to-air TV networks with national affiliations. All will produce substantial coverage before and during Coates Hire Rally Australia. Arrangements are being put in place for national coverage through the main capital city newspaper groups (News Limited and Fairfax) and the domestic news agency Australian Associated Press. Official radio partner network Southern Cross Austereo will broadcast regular updates throughout the rally across the Coffs Coast region from a dedicated journalist. Where reception permits on the daytime special stages, these broadcasts will complement on-site live commentary.

16.11 Driving in Australia

All overseas visitors must carry their valid overseas civil drivers licence when driving in Australia. If the licence is not in English, an official English translation or an International Driving Permit must accompany the licence.

If the overseas licence is a licence to drive cars, then the holder may drive vehicles of the kind covered by a NSW Class C driver licence (up to 4.5 tonnes GVM and seating up to 12 adults, including the driver). If the overseas licence is a license to drive heavy vehicles, then the holder may drive vehicles that are authorised by their overseas licence class.

In Australia all vehicles travel on the left side of the road.

The maximum speed limit in cities and towns varies between 40-60kmh. On country roads and main highways maximum speed limits are typically 100 or 110kmh, as signposted.

New South Wales uses many fixed speed cameras as well as mobile cameras and lasers to monitor speed. Each occupant of a vehicle must wear a seatbelt at all times.

The use of a hand-held mobile phone while driving is an offence in Australia and can result in a fine of up to AUD\$405.

16.12 Australian Visas

The “eVisitor sub class 651 visa” should cover most visitors to Rally Australia. This Visa can be obtained by applying online at <http://www.border.gov.au/Trav/Visa-1/651-> before you depart and is supplied at no cost.

If you do not qualify for the eVisitor sub class 651 visa, information on other types of Visas available and information on how to apply is available at <http://www.border.gov.au/Trav/Visa-1>
