01 INTRODUCTION AND WELCOME

Dear Rally Colleague

Welcome to Kennards Hire Rally Australia, Round 14 and the final round of the 2016 FIA World Rally Championship. This will be the 25th Rally Australia and the 5th event located on the Coffs Coast of New South Wales.

We are happy to have Kennards Hire join the Rally Australia family as naming sponsor. With their support and major support from the New South Wales Government agency Destination NSW, the Coffs Harbour City Council and other generous sponsors, we can ensure that Rally Australia and the WRC remain on the Coffs Coast. We have had overwhelming support from the local communities and business owners, who have pride and passion for our event.

The Super Special Stage returns this year after a one-year hiatus with a new, innovative track design and exhilarating action in the Jetty precinct of Coffs Harbour. It promises to be a wonderful fun filled afternoon for families and the rally enthusiast alike. You will find the 2016 SSS very different from the stage we ran in 2011 – it will be run in daylight on Friday and Saturday afternoons the re-designed course promises some most interesting features. For spectators, we have listened to feedback from previous years and will be erecting a pedestrian bridge over the track to ensure easy movement at all times. The itinerary also includes a short spectator course at Raleigh, close to the Pacific Highway and designed to be easy and inexpensive to access.

Rally Australia's extra contribution to the glamour and excitement of the WRC will be to wrap up the season in fitting world championship fashion with an inaugural gala event in Sydney on Monday night 21 November. This classy occasion, hosted by Rally Australia at a landmark Sydney Harbour-side venue, will recognise not only the World Champions but also the many other achievers throughout the sport over the year. It will be attended by drivers, team managers, senior officials, international media and government and sponsor representatives.

Every year we strive for innovation and environmental excellence. This year, to reduce our paper usage we will be publishing Rally Guide 1 and 2 only online and only a few other documents will be printed for key officials, in line with our environmental policy to reduce waste.

Rally Australia continues to grow and this year's event will be better than ever. We look forward to receiving your entry.

Ben Rainsford
Rally Australia Chairman

13.9 DRIVING IN AUSTRALIA

All overseas visitors must carry their valid overseas civil drivers licence when driving in Australia. If the licence is not in English, an official English translation or an International Driving Permit must accompany the licence.

If the overseas licence is a licence to drive cars, then the holder may drive vehicles of the kind covered by a NSW Class C driver licence (up to 4.5 tonnes GVM and seating up to 12 adults, including the driver). If the overseas licence is a licence to drive heavy vehicles, then the holder may drive vehicles that are authorised by their overseas licence class. In Australia all vehicles travel on the left side of the road.

The maximum speed limit in cities and towns varies between 40-60kmh. On country roads and main highways the maximum speed limits are typically 100 or 110kmh, as signposted.

New South Wales uses many fixed speed cameras as well as mobile cameras and lasers to monitor speed. Each occupant of a vehicle must wear a seatbelt at all times.

The use of a hand-held mobile phone while driving is an offence in Australia and can result in a fine of AUD \$319 to AUD \$425.

13.10 AUSTRALIAN VISAS

All Australian visa requirements and forms can be obtained online at www.immi.gov.au

Temporary visitors from many countries can apply online (before you depart for Australia) for an e-Visa, which is supplied at no cost: www.immi.gov.au/Visas

If not eligible for this e-Visa, team personnel are required to obtain either a Sporting or Business Visa in order to gain entry into Australia to compete in the event.

It is essential that your visa application is completed before you board your flight to Australia.

COFFS COAST NSW AUSTRALIA

Coffs Coast is the regional tourism destination taking in the Bellingen, Clarence Valley, Coffs Harbour and Nambucca areas on the North Coast of NSW. This is where the Great Dividing Range meets the Pacific Ocean, leaving a small pocket of paradise lodged between the mountains and the sea.

The Coffs Coast region encompasses the rainforest escarpments of Dorrigo to the golden beaches stretching from Hungry Head and Urunga to Woolgoolga to the blue waters of the Solitary Islands Marine Park. It boasts a wonderfully temperate climate all year round.
