## **I. INTRODUCTION / WELCOME**

### **» I.1. INTRODUCTION**

Rally Poland, the second oldest rally in the world and the most prestigious motorsport event in Poland will celebrate its 74th Anniversary in 2017. Rally Poland is organized by Polish Automobile and Motorcycle Federation (PZM) in cooperation with Polish Automobile Club.

We have prepared 23 special stages on gravel roads. Most of them are known from 2014 - 2016 editions of Rally Poland however, two of them will be new to everyone. Rally fans will also enjoy the best driver's duels at the Mikolajki Arena stage. These spectacular stages will be run three times. The Rally HQ will be placed in a popular tourist resort Hotel Gołębiewski in Mikolajki. Service Park will be located on a hard-leveled ground in the vicinity of Hotel Gołębiewski situated in very heart of the Land of Great Lakes, surrounded by wonderful tourist trials.

### **» I.2. HISTORY**

The first edition of Polish classic was held in 1921. All competitors tackled the loop from Warsaw through Bialowieza and back to Warsaw. Tadeusz Heyne (Dodge) was the fastest among the six drivers and went down to the history of the event. In the twenties and thirties of the XX century there were twelve editions of the event. Rally Poland was stopped by the II World War and returned in 1947. Since 1960 the history of Rally Poland as a round of the FIA European Rally Championship has begun and such famous names like Rauno Aaltonen, Tony Fall, Timo Makinen, Jean-Claude Andruet, Walter Rohrl, Bernard Darniche, Antonio Zanini or Sobieslaw Zasada can find on the entry and the winners lists. In 1973, right after the launch of the FIA World Rally Championship, the event was once adopted for the series and won by Achim Warmbold co-driven by Jean Todt. Rally Poland was organized on tarmac stages in various parts of the country: in Cracow, Wroclaw and Kłodzko. Since 2005 the headquarters of the event is located in Mikolajki, north-east part of Poland. Spectacular gravel roads winding along Mazurian forests and lakes substituted the tarmac stages.

In 2009 Rally Poland - as it is well known among the drivers and rally fans - was honoured by the status of the FIA World Rally Championship round. Won by Ford's duo Mikko Hirvonen and Jarmo Lehtinen, full of dramatic actions, has immediately got enthusiastic opinions and comments by the drivers, the teams and rally fans who crowded the stages in great number.

In 2014, for the first time in history, Rally Poland was organized not only in Poland. Four special stages were scheduled to take place in neighbouring Lithuania. Sébastien Ogier and Julien Ingrassia racked up their fifth victory of the season when they won 71st Rally Poland on its return to the series for the first time since 2009. The French duo has diced for honours throughout the event with Polo R WRC team-mates Andreas Mikkelsen and Ola Floene. Behind Mikkelsen, Thierry Neuville and Nicolas Gilsoul picked up the final podium position, their second of the season with the Hyundai i20 WRC.

In 2015 Sébastien Ogier and Julien Ingrassia claimed their triumph in 72nd Rally Poland holding off Polo R WRC team-mates Andreas Mikkelsen and Ola Floene after a thrilling battle to the finish of the rally. A stunning performance from the Ford Fiesta RS WRC crew of Ott Tänak and Raigo Molder rewarded them with their first podium of the season. Tänak has driven the rally of his life, winning a number of stages as well as leading on Friday. Going into the final Power Stage he and Latvala were neck and neck but second fastest time, coupled with an off for Latvala, secured the Estonian the second podium position of his WRC career and Molder's first-ever WRC podium. While Latvala managed to reach the end of the stage, a damaged radiator halted his progress on the road section back to service and ultimately the Finn incurred penalties for lateness, dropping him to fifth.

## I. INTRODUCTION / WELCOME

Hayden Paddon therefore climbed to an unexpected fourth in the lead Hyundai i20 WRC and team-mate Thierry Neuville finished sixth behind Latvala. The Belgian was also lucky to reach the finish, having rolled in the first stage. Kris Meeke climbed to seventh, benefitting when Robert Kubica was slowed with a diff and handbrake problem in the opening stage and then a puncture in the Power Stage.

In 2016 Andreas Mikkelsen snatched victory in one of the most dramatic finishes to a round of the FIA World Rally Championship, when he and fellow Norwegian Anders Jaeger won PZM 73rd Rally Poland on Sunday. The Volkswagen Polo R WRC driver confirmed his second ever WRC win and a first for co-driver Jaeger with the fifth quickest time on the final Power Stage. But the damage had been done on the previous special when long-time leader Ott Tänak of the DMACK World Rally Team sustained a puncture, lost over 40 seconds and slipped to second overall. The flat tyre deprived the heartbroken Estonian of a maiden WRC win and Ford and M-Sport of taking their first victory on a round of the championship since the 2012 Wales Rally GB. Hyundai's Hayden Paddon stayed out of trouble over Sunday's four treacherous stages to seal the final place on the podium for the Korean manufacturer. Belgian Thierry Neuville was a mere 0.8 seconds behind in fourth in a second i20 WRC. Jari-Matti Latvala held off a fierce charge from World Champion and team-mate Sébastien Ogier to confirm fourth place, although the treacherous final morning's road conditions surprised even Ogier who missed out on a podium finish for the first time this year.

WRC 2 category developed into a three-horse race over the closing four stages between the Finnish duo of Esapekka Lappi and Teemu Suninen and Welshman Elfyn Evans. The latter managed to slither into second with the quickest time on the muddy opening stage, but Lappi maintained his composure until a flat tyre destroyed his dream of taking a second successive Polish WRC 2 win in SS20 and gifted the victory to Suninen. Evans also took advantage of Lappi's misfortune to move back into second.

### » I.3. ROUTE

Twenty three gravel special stages, with a total length of nearly 339 km, are waiting for drivers planning to take part in 74th Rally Poland. The route of the eighth round of the 2017 FIA World Rally Championship, which runs amongst picturesque Mazurian lakes and moraine hills, has been slightly changed compared to last year's edition and will run for a total distance of 1,457 km. Some of the special stages are modified or completely new.

The ceremonial start will take place on Thursday, 29th of June in the afternoon at the centre of Mikolajki. The same evening, drivers will face the first competition on the Mikolajki Arena Super Special Stage.

Nine stages, with a total length of almost 120 km, will be held on Friday, June 30th. Fore of them will be run twice. At the end of the day drivers will fight a duel on Mikolajki Arena for the second time.

On Saturday, July 1st, drivers will tackle nine special stages with a length of 164 kilometres. At the end of the day drivers will compete on Mikolajki Arena for the third time.

On Sunday, July 2nd, the remaining four stages of 74th Rally Poland will take place, including ending with the rivalry of the Power Stage with additional points (5-4-3-2-1) for the best five drivers. The total length of Sunday's special stages will be 53 km. The finish of the rally, like the ceremonial start, will be organized in the charming centre of Mikolajki.

The rally office will be located, as in previous years, in the Hotel Gołębiewski in Mikolajki, right next to the service park.
