1. INTRODUCTION AND WELCOME

1.1 WELCOME FROM RALLY AUSTRALIA

Dear Rally Colleague,

I am delighted to welcome you once again to Kennards Hire Rally Australia, round 13 and the final round of the 2017 FIA World Rally Championship. We have seen how wild and fierce the new 2017 World Rally cars are in the other rounds and we can't wait to see how they perform on our Australian roads. We would like to extend our sincere appreciation to Kennards Hire, Destination NSW, Coffs Harbour City Council, Forestry Corporation of NSW, Toyota Australia and our other sponsors whose excellent support helps ensure the rally keeps returning to the Coffs Coast.

We have a more compact itinerary this year with new, closer stages Pilbara and Eastbank on Friday showcasing Coffs Harbour's wild-forest roads and beautiful hinterland. Friday and Saturday afternoons welcome back by popular demand the thrilling Destination NSW Super Special Stage. The Nambucca Stage, a drivers' favourite, returns on Saturday along with the Raceway Stage, which is an accessible and popular attraction for families. On Sunday we head north once again to the forest roads for Bucca, Pilbara Reverse and the Power Stage fan favourite at Wedding Bells.

Once again, we'll wrap up the season in fun style with the WRC Gala Dinner and Awards on the night after the rally, at the Museum of Contemporary Art beside Sydney Harbour.

We have been working in close cooperation with the FIA to secure our usual high standards of safety on stages. We urge all our spectators to work together with and to listen to the directions of the marshals and officials to guarantee everybody a safe and enjoyable rally.

We look forward to welcoming you in November.

Ben Rainsford
Rally Australia Chairman

5.3 ENVIRONMENTAL

Rally Australia was the first World Rally Championship event to develop a comprehensive environmental management program that was recognised in 2013 by the FIA as world class. We ask that all competitors be mindful of the sensitive environment within which the rally is conducted. In particular, please use the recycling and other facilities provided within the Service Park responsibly.

The Service Park area drains directly to a Marine National Park. Fuel, oil, lubricants and chemicals must be securely contained and leaks and spills immediately cleaned up. Used oils, coolant and lubricants as well as hazardous wastes such as batteries, chemicals and glass should be disposed of in the designated facilities clearly marked around the service area. If assistance is required seek help from the Service Park management team who have access to additional spill clean up materials and they can also call in one of our specialist environmental response teams. A car wash facility for rally cars will be provided near to the Service Park and will be noted in the Road Book. A wheel wash area will also be established near to the Manufacturer service areas within the Service Park.

Please do not use pressure cleaners within the Service Park except in the areas designated by Rally organisers where the tailwater can be contained and disposed of. Breaches of environmental controls may be noted by an official of the rally and could result in a report to the Stewards with a recommendation that a fine be applied.

19.9 DRIVING IN AUSTRALIA

All overseas visitors must carry their valid overseas civil drivers licence when driving in Australia. If the licence is not in English, an official English translation or an International Driving Permit must accompany the licence.

If the overseas licence is a licence to drive cars, then the holder may drive vehicles of the kind covered by a NSW Class C driver licence (up to 4.5 tonnes GVM and seating up to 12 adults, including the driver). If the overseas licence is a licence to drive heavy vehicles, then the holder may drive vehicles that are authorised by their overseas licence class.

In Australia all vehicles travel on the left side of the road. The maximum speed limit in cities and towns varies between 40-60kmh. On country roads and main highways the maximum speed limits are typically 100 or 110kmh, as signposted.

New South Wales uses many fixed speed cameras as well as mobile cameras and lasers to monitor speed. Each occupant of a vehicle must wear a seatbelt at all times.

The use of a hand-held mobile phone while driving is an offence in Australia and can result in a hefty fine.

19.10 AUSTRALIAN VISAS

All Australian visa requirements and forms can be obtained online at www.immi.gov.au/Pages/Welcome

Temporary visitors from many countries can apply online (before you depart for Australia) for an e-Visa, which is supplied at no cost: www.immi.gov.au/Visas/Pages

If not eligible for this e-Visa, team personnel are required to obtain either a Sporting or Business Visa in order to gain entry into Australia to compete in the event.

It is essential that your visa application is completed before you board your flight to Australia.

COFFS COAST NSW AUSTRALIA

Coffs Coast is the regional tourism destination taking in the Bellingen, Clarence Valley, Coffs Harbour and Nambucca areas on the North Coast of NSW. This is where the Great Dividing Range meets the Pacific Ocean, leaving a small pocket of paradise lodged between the mountains and the sea.

The Coffs Coast region encompasses the rainforest escarpments of Dorrigo to the golden beaches stretching from Hungry Head and Urunga to Woolgoolga to the blue waters of the Solitary Islands Marine Park. It boasts a wonderfully temperate climate all year round.
