SUPPLEMENTARY REGULATIONS

4 ENTRIES

4/1 Closing date for entries

Monday, 5 March 2018, at 23:59 CET

4/2 Entry procedure

Anybody wishing to take part in WRC Tour de Corse 2018 must fill in the Tour de Corse electronic entry form before the closing date; this applies to ALL competitors. In addition, Manufacturers, WRC2 and WRC3 entrants who wish to score points, must make their entries by using the electronic standard rally entry form for their championships available in the FIA application at <https://registrations.fia.com>.

The Tour de Corse electronic entry form is available on the event website at www.tourdecorse.com under “competitors” section.

By sending this electronic entry form, the competitor and the crew undertake to abide by the rules and regulations of the competition, as well as the prescriptions of FIA-WRC Art. 21.5 and the present Supplementary Regulations.

Competitors will sign the entry form at the Administrative checks.

Competitors entered in the FIA WRC 2 and WRC 3 championships must indicate their intention to collect points in the Tour de Corse WRC for the relevant championship by checking either “WRC 2” or “WRC 3” boxes on the electronic entry form.

Competitors wishing to compete in the Tour de Corse WRC with a National Car (*) must check the appropriate “Class / Group” box on the electronic entry form.

(*) see list of eligible cars in SR Appendix VII.

If a competitor cannot complete the entry electronically, he must contact the permanent Rally Office before close of entries for further instructions.

Only complete applications accompanied by the full entry fee will be considered.

Foreign competitors, drivers and codrivers who wish to take part in Tour de Corse can only do so with the approval of their own ASN.

4/3 Number of competitors accepted and Classes

4/3/1 Number of competitors

The maximum number of competitors is set at 140 cars.

Competitors who submit an entry form may only consider that their entry has been accepted once they have received official written confirmation from the Organiser.

5 INSURANCE

In accordance with the general prescriptions governing sporting events and competitions on the public roads in France, the Organiser will take out an insurance policy with an approved company.

The general conditions of this policy will notably stipulate the guarantee granted per accident involving bodily injury and per accident involving damage to private property in accordance with the general legal prescriptions and regulations.

Entry fees include the insurance premium which guarantees competitors' cover for liability to third parties (all physical injury and damage to property) to a limit of €15.500.800 per incident.

The above competitor insurance will become effective from the start of the technical scrutineering until the end of the rally ⁽¹⁾ for those competitors finishing the rally.

⁽¹⁾ "end of the rally" = opening of the Parc Fermé after the publication of the final classification.

In the case of retirement for the day only (Friday or Saturday), the cover will remain effective until the car arrives at the Service Park using the rally route and driven by one of the two crew members or by the designated optional driver according SR Art.12/16. The cover will cease 4 hours before the start of the next section after the overnight regroup if the car concerned has not be returned to Parc Fermé before that deadline.

SUPPLEMENTARY REGULATIONS

In the case of final retirement, exclusion or disqualification, the cover will cease at the time of the final retirement, exclusion or disqualification unless the final retirement occurs during a special stage in which case cover shall cease when the car arrives at the Service Park (using the rally route and driven by one of the two crew members or by the designated optional driver according SR Art.12/16) but without exceeding the time of the end of the rally.

Moreover, in case of an accident, competitors or their representative must report the incident in writing to the Organiser within three days at the latest. In case a recovery service is used either on a special stage or on a road section, expenses will be incurred by the competitor.

« Service », « auxiliary », « route note cars » or « weather » identified vehicles and vehicles used by competitors for reconnaissance purposes are not considered as officially taking part in the Rally even if they have registered with or bear identification associating them with the Rally. They are not covered by the Organiser's insurance policy and remain the sole responsibility of their owners.

6 ADVERTISING AND IDENTIFICATION

6/1 Advertising

6/1/1 Restrictions

Competitors are allowed to affix any kind of advertising to their cars, in respect of FIA-WRC Art. 18.7.1.

All publicity or advertising, whether direct or indirect, for tobacco/alcohol, or for products related to tobacco/alcohol, as well as any free distribution of samples is forbidden (Article 2, Law N°91-32 dated 10/01/1991, relating to the fight against nicotine and alcohol addiction).

6/1/2 Organiser's advertising

- a) Mandatory advertising on rally plates and competition numbers: Igol
- b) Optional advertising: Collectivité de Corse / Corsica Linea

6/2 Competition numbers

The Organiser will provide each crew with competition numbers and with rally plates in compliance with FIA-WRC Art. 18. Rally plates and competition numbers must be affixed to the cars for the whole duration of the competition.

Following the requirement of the French traffic rules regarding the identification of the rally cars (decree n°2012-312 of 5/03/2012 which modifies the article R.411-29 of French traffic rules and the laws of 14/03/2012 & 28/03/2012) identification of all rally cars will be by two numbers (210mm x 140mm) to be fixed at the front and the rear of the car as supplied by the organiser of the rally.

The identification number is the same as the competitor N° for the rally. It is valid only during the rally and on the rally itinerary.

These two numbers must be used in place of the usual registration plates which must be removed or concealed. The above rule applies also to foreign registered rally cars.

See Appendix IV of these Supplementary Regulations.

Failure to comply with this regulation will result in a penalty of €160 for the first observation, and €320 in case of recurring violation.

Competitors must present their cars to scrutineering with rally plates, competition number and mandatory and optional advertising, where applicable, applied to the car.

SUPPLEMENTARY REGULATIONS

8 FUEL

All priority P1, P2 & P3 drivers must use FIA fuel as provided by the FIA appointed supplier. The supplier appointed by the FIA is Panta Distribuzione S.p.A. which is authorized to carry out fuel ordering, supply and refuel services.

All Non-priority drivers & RGT priority drivers must use either:

- **FIA fuel** following the same conditions and rules as the priority drivers,
- or **FFSA fuel** (commercial Super Unleaded 98 fuel) as provided by the FFSA appointed supplier. The supplier appointed by the FFSA is Panta Distribuzione S.p.A. which is authorized to carry out fuel ordering, supply and refuel services.

All competitors must ensure their cars carry sufficient fuel between refuel points (SR Appendix 1) to complete the distance shown in the itinerary plus have at least 3 liters for any fuel sample checks (FIA-WRC Art. 59.3.4).

Any addition of any product to the authorized fuels (FIA fuel & FFSA fuel) is strictly forbidden.

8/1 Ordering procedure

The cost of the FIA fuel including refuelling services is 5,00 € (VAT excl.) per liter.
The cost of the FFSA fuel including refuelling services is 2,30 € (VAT excl.) per liter.

Order forms are available at www.tourdecorse.com.

They must be e-mailed to fuelorder@panta.it, or faxed to +39 0373 235156.

Competitors must place their fuel order no later than Wednesday, 14 March 2018.

It is a condition of supply that payment must be received in full before Thursday, 29 March before delivery can be made.

The balance for any unused fuel will be refunded after the rally.

8/2 Distribution during the rally

The fuel collection times will be given in Rally Guide 2.

9 RECONNAISSANCE

See also FIA-WRC Art. 25.

9/1 Procedure for registration

All crews taking part in reconnaissance must complete the registration form (website) and return it to the Permanent Rally Office, following the procedure specified on the form.

All crews taking part in reconnaissance must register at Administrative Checks on Sunday, 1 April between 14:00 to 21:30 by appointment ^(*) in order to obtain the necessary materials.

^(*) by arrangement for Manufacturers.

Each crew will be given 'Reconnaissance' stickers, as well as a specific reconnaissance control card. The stickers are to be affixed on the windscreen, rear side windows and rear window of the reconnaissance car.

The control card must be shown and endorsed by the marshals (identifiable by a tabard) at each stage start (in order to gain access to the special stage or shakedown) and at the Stop point. On completion of reconnaissance, this reconnaissance control card must be returned to the Rally Office no later than 21:00, Wednesday, 4 April.

SUPPLEMENTARY REGULATIONS

9/2 Restrictions

9/2/1 Reconnaissance will take place on Monday 2, Tuesday 3 and Wednesday 4 April in accordance with the schedule specified in Appendix II.

In the "Reconnaissance Road-Book" the route between the Special Stages is recommended but not compulsory.

9/2/2 Each crew is limited to two passages on each special stage, including shakedown.

Special Stages run twice are considered to be one special stage as far as reconnaissance is concerned.

9/2/3 The speed limit during the reconnaissance of special stages is **80 kph**, except where road signs specify a lower speed limit.

The speed limit in built-up areas is **40 kph**, except where road signs specify a lower speed limit.

Excessive speed during reconnaissance will incur a fine applied by the Clerk of the Course (FIA-WRC Art. 20.2).

9/2/4 It must be remembered that reconnaissance takes place on roads that are open to normal traffic. Given that reconnaissance is not testing:

- local traffic regulations must be complied with in full at all times,
- the safety and rights of other road users must be respected at all times,
- reconnaissance cars must be covered by an insurance policy in accordance with the law. In no circumstances can the Organiser be held liable in the case of an accident.

9/2/5 Under no circumstances may a crew drive in the special stages in the opposite direction of the rally, unless specific instructions to do so have been given by officials.

Competitors may enter a special stage only via the start and must exit via the finish.

9/3 Location of collection of speed control checking devices

All drivers must be equipped with a speed control device (GPS recorder system) in their cars during reconnaissance. (FIA-WRC Art. 25.4.4)

The provider is SAS.

Rental costs:

- | | |
|-------------------------|------------|
| • P1 / P2 drivers | €300 + vat |
| • P3 / RGT / NP drivers | €130 + vat |

Payment by credit card at collection time.

Collection:

Sunday, 1 April (14:00 - 21:30), Administrative Checks - Rally Control - Zone Aeroparc.

(**) by arrangement with Rally Office.

11 SCRUTINEERING, SEALING AND MARKING

See also FIA-WRC Art. 26.

a) Cars may be presented at scrutineering by a representative of the team.

b) All cars must have their sump guards removed for sealing of gearboxes and differentials, and be kept with the car for the purpose of weighing.

SUPPLEMENTARY REGULATIONS

- c) All competing cars (except Manufacturers' cars) must have a drilled hole of at least 2 mm diameter at a visible position on the engine block (when the bonnet is opened), for a sealing wire to pass through it.
- d) Crew must show the car's complete certified FIA homologation form.
- e) Manufacturers registered in the Championship may present a signed Certificate of Technical Conformity
- f) Scrutineers may require the car to be identified. The chassis and engine block may be marked.
- g) Non-priority drivers: the transmission (fitted and spares) will not be sealed; however the turbos (1 fitted and 1 spare) will be sealed; for limitation of spare turbochargers see the FIA-WRC (FIA WRC Sporting Regulations).
The engine block will be sealed.
- h) On board camera (see FIA-WRC Art. 65.1):
The mountings of any cameras and recorders must be able to withstand a deceleration of 25 g.
- i) On completion of scrutineering, if a car is found not to comply with the technical and/or safety regulations, the Stewards, upon the proposal of the FIA Technical Delegate, may set a deadline before which the car must be made to comply, or may refuse the start.

11/1 Scrutineering venue and timetable

Final scrutineering:

Location: FR3 Viva Stella - 8 rue André Touranjon – 20090 Ajaccio
GPS: N 41°56.115' - E 008°45.520'

Date: Sunday, 8 April - 16:00

11/2 Mud flaps

The use of transverse mud flaps, in conformity with Art. 252.7.7 of Appendix J of the FIA Sporting Code, is permitted but not compulsory.

11/3 Windows silvered or tinted films

The use of silvered or tinted films is authorized on rear windows only in compliance with Art. 253.11.1.1 of Appendix J of the FIA Sporting Code.

11/4 Drivers' safety equipment

All items of clothing including helmets and head retaining device intended to be used must be produced at scrutineering. Compliance with Appendix L Chapter III will be checked. (See Appendix V of these Regulations).

SUPPLEMENTARY REGULATIONS

11/5 Noise level

The noise level on the road sections must not exceed 103 dB for an engine rotation speed of 3500 rpm for petrol engines and 2500 rpm for diesel engines.

11/6 Special requirements

Each competing car must be equipped with a reflective triangle and two fluorescent jackets. Two belt cutters must be carried on board at all times. They must be easily accessible to the driver and co-driver when seated with their harnesses fastened (Art. 253.6.1.3 Appendix J).

11/7 Installation of Safety Tracking System

Competitors must have installed the FIA Safety Tracking System in their rally cars before the car is brought to scrutineering. The system will be checked during scrutineering. Installation instructions will be provided in Rally Guide 2.

Systems may be collected either by the crew or a representative.

A €1,200 fully refundable credit card deposit will be collected by SAS from each competitor for the safety tracking boxes. This will be done with a swipe machine and at the end of the rally the slip will be destroyed when competitors return the equipment in good condition.

Safety Tracking Systems devices may be removed in the final Holding area by a team member only with the agreement of the FIA Technical delegate and under the control of the marshalls (FIA-WRC Art. 42.7).

They must be returned to SAS' truck - Holding area - Ajaccio - no later than Sunday, 8 April 17:30.

12 OTHER PROCEDURES

12/1 Ceremonial start procedure

The ceremonial start will take place on Thursday, 5 April at Bastia, Place St Nicolas, starting from 18:30. The ceremonial start will be given in reverse numerical order except for RGT, P3, P2 & P1 drivers for whom the order will be given in the reverse order of their respective Championships classification. Time cards will not be issued.

Crew members must wear their approved overalls at the ceremonial start.

Any crew arriving late at the Ceremonial Start Park will incur a cash penalty of €250.

Further information will be provided in Rally Guide 2.

After the ceremonial start, cars must be entered directly into the Parc Fermé (Place St Nicolas).

The competitive element of the rally will start on Friday, 6 April from TC0.

12/2 Start order

As per FIA-WRC Art. 45.

12/3 Permitted early check-in

Crews are authorised to check-in early at TC4D, TC10C and TC12A without incurring any penalty.

12/4 Time card change during the rally

Time cards will be issued at the following time controls :

TC0 / TC2A / TC4B / TC4E / TC6A / TC7A / TC9A / TC 10A / TC10D / TC11A.

SUPPLEMENTARY REGULATIONS

12/5 Special Stage start system

The Special Stage start system will be as FIA-WRC Art. 37.2, 37.3 & App. VII.

12/6 SS10 (Power Stage)

With reference to FIA-WRC Art. 13.3, SS12 "Pénitencier de Coti-Chiavari" will be run as the Power Stage.

Crews will contest SS12 with a different start interval than the interval given at the start of Section 7 and/or in a different order than the order at TC11A and will be determined by the Organiser in conjunction with the Promoter.

The Power Stage will be timed to the elapsed millisecond. However, the results will show only tenths of a second.

For the purpose of Live TV there will be interviews after the Stop Point of the stage; the Organisers, in conjunction with the WRC Promoter, may stop any car and its crew on the road section so that they can take part in media interviews and the ceremony for television.

Any car held will be allocated a delay time which will be noted on the time card and added to the target time for the road section to TC12A.

12/7 Use of helmet prohibited on the road sections

French traffic law prohibits the use of helmets during the road sections.

A tolerance of a few hundred meters before the TC preceding the start of a special stage and after the Stop Point is granted for the fitment and removal of helmets. These tolerance zones will be indicated on the road by « helmet zone » signs (entry and end) and will be indicated in the road book.

12/8 Official time

Throughout the rally, the official time will be UTC + 2.

12/9 Service Park

An inventory of each competitor's service area will be drawn upon his arrival in the Service Park and when leaving. Detailed procedure in the Rally Guide.

The emptying of waste water, the washing of cars and the driving of stakes into the ground are not permitted in the Service Park. All infringements will be reported to the Stewards who may apply penalties.

Dismantling:

For safety reasons, dismantling competitors' service structures in the service park is not permitted before 09:30 on Sunday, 8 April, after the public has cleared the service park.

Any team which breaks this rule will be fined €500.

In case of retirement during the rally, the team concerned must firstly obtain a dismantling authorization from the Service Park Manager.

12/10 Car wash

An official car wash facility will be available at the Service Park entrance during the shakedown and before TC2A, TC4B, TC7A and TC10A.

SUPPLEMENTARY REGULATIONS

12/11 Porticcio Regroup

All crews must be at organiser's disposal at this regroup, in order to be able to receive information about their starting time from TC11B, should this information deviate from that available at their time of arrival to TC11A.

12/12 On board cameras

As per FIA-WRC Art. 65.1.

12/13 Route Note Cars

Route note cars will be permitted as in FIA-WRC Art. 11.5.

All crews wishing to use a route note car must complete the registration form (website) and return it to the Permanent Rally Office, in accordance with the instructions on it.

SR Art. 9/2/3 applies also to route note cars during the rally.

All route note cars must be equipped with a speed control device (GPS recorder system).

The provider is SAS.

Collection: the route note cars will use the speed control device gave for reconnaissance.

Return: no later than 17:30, Sunday, 8 April at SAS' truck - Holding area - Ajaccio.

Route note cars are allowed to enter the stages up to 90' before the first rally car. However the set-up of any safety arrangements or warnings cannot be guaranteed to be in place before 120' prior to the first rally car.

It is strictly forbidden for route note cars to interfere in any way with safety arrangements or warnings. Any contravention will result in confiscation of route note car plates.

In case of retirement of a competitor, its route note car is not allowed to pass through the remaining stages not contested by the crew and the GPS Tracker must be returned to SAS' truck (Service Park) as soon as possible.

12/14 Re-start after retirement / Rally 2

FIA-WRC Art. 46 will apply.

The Time Card for the Section in which the crew retired must be submitted to the sweeper car or to a marshall at an official control.

12/15 Finish Procedure & final Parc Ferme

The rally ends at TC12A (early check-in allowed).

After check-in at TC12A each crew must remain in the holding area for a minimum of 15 minutes, and be available for media interviews.

In the holding area there will be a Technical Zone in which:

a) all competitors are allowed to remove the FIA Safety Tracking system devices and the Promoter on-board cameras according to the following procedure:

- the work may only be performed with the agreement of the FIA Technical Delegate and under the control of the marshalls,
- the work may only be performed by the crew or by one team member,
- only the action directly involved in the Safety equipment removing and the Promoter on-board camera removing are permitted.

SUPPLEMENTARY REGULATIONS

b) WRC car teams are allowed to change the wheels of their car (list 2 tyres) according to the following procedure:

- the work may only be performed by the crew or by two team members,
- only equipment carried on board the competing car may be used,
- an extra car jack may be brought by the team members,
- only the action directly involved in the change of wheels is permitted.

All classified crews will pass over the podium (Place De Gaulle also called Place du Diamant - Ajaccio) starting from 15:00, in reverse order of the classification.

Further information concerning the podium procedure will be provided in Rally Guide 2.

After driving over the podium, competing cars must go to the final Parc Fermé (Place Foch - Ajaccio), with the exception of those cars nominated to firstly attend scrutineering. A pass to authorize collection of the car when the final Parc Fermé is opened will be handed to all crews whose cars enter Parc Fermé.

Cars will only be authorised to leave final Parc Fermé once the Parc Fermé has been declared open, following publication of the final classification and upon presentation of the pass handed to the crew on arrival at Parc Fermé.

One hour after the publication of the final classification, the Parc Fermé will be opened to the public and the Organiser will no longer be responsible for the cars.

12/16 Named additional driver

Due to the requirements of French traffic laws, each entered crew will have the opportunity to appoint a team member who will be officially named to drive the rally car according to the itineraries listed below which will be limited to the routes mentioned in the Road-Book:

a) before the rally start (TC0) or after Podium Ceremony:

- from service park to the technical scrutineering, and return,
- from service park to Bastia ceremonial start,
- from podium to the final technical checks, and return to the final Parc Fermé.

b) in the case of Rally 2:

- from the location of the retirement to the service park.

All crews wishing to use a named additional driver must complete the registration form no later than Thursday, 22 March 2018. The registration form is annexed to the electronic entry form.

12/17 Shakedown

For insurance reasons, only the driver and co-driver entered in the WRC Tour de Corse are authorised to drive or co-drive during shakedown. Art. 29.4 of the FIA-WRC regulations will not apply during the WRC Tour de Corse.

SUPPLEMENTARY REGULATIONS

APPENDIX V: OVERALLS, HELMETS & OTHER SAFETY EQUIPMENTS

FIA APPENDIX L

All the entrants and crews are reminded of the obligation to know and to comply with the Appendix L to the FIA International Sporting Code, in particular regarding Chapter III - Drivers' Equipments (helmets, flame-resistant clothing, frontal head restraint (FHR) and safety belts).

Link: <http://www.fia.com/regulation/category/123>

These regulations apply to shakedown as well.

HELMETS REMINDER:

P1 drivers must wear crash helmets which meet the FIA Standard 8860-2002, 8860-2010, 8860-2018 or 8860-2018-ABP – Advanced Helmet Test Specification (FIA Technical List n°33).

All others drivers must wear crash helmets homologated to one of the standards listed in FIA Technical List n°25, but are also compatible with FHR system, so are approved in accordance with FIA standard 8858 (Technical List n°41), 8860 (Technical List n°33) or 8859 (Technical List n°49). However, it is strongly recommended that they wear helmets meeting the FIA 8860 standard.

FRONTAL HEAD RESTRAINT (FHR) REMINDER:

The use of FIA approved FHR system is mandatory for all crews.

The wearing of any device intended to protect the head or neck and attached to the helmet is prohibited, unless the device has been homologated according to the FIA Technical List n°29.

FLAME RESISTANT CLOTHING REMINDER:

All crews must wear overalls, gloves (optional for co-drivers), long underwear, a balaclava, socks and shoes homologated to the FIA 8856-2000 standard (FIA Technical List n°27).

SUPPLEMENTARY REGULATIONS

APPENDIX VI: FIA SAFETY EMERGENCY CONSOLE - INTALLATION & OPERATION INSTRUCTIONS

Fitting Kit Components

The RallySafe Kit includes:

- RallySafe Installation and Fitting Kit Instruction Sheet;
- 3-in-1 antenna with leads;
- Internal radio antenna with lead;
- 6 – 24v wiring loom with plug;
- Mount, to be bolted to tunnel;
- Adjustable mount connector/knuckle.

(Contents may differ slightly to image shown)

SUPPLEMENTARY REGULATIONS

12 Volt Power Supply (Please read carefully)

RallySafe requires a reliable power supply from 9 to 28 volts DC. We recommend a 5 amp (Max) blade type or similar quality fuse is used at the battery supply end of the RallySafe power lead.

Zero volts or battery negative can be picked up at any suitable earthing point providing the isolation switch does not switch the negative side of the battery.

The RallySafe unit has an internal battery that is kept charged via the car's power supply. It acts as a reserve supply to power the unit in the case of an accident where a car's power supply is interrupted. i.e. car battery smashed or dislodged.

In the yellow power loom there are 5 wires. **White blue and grey must be stagger cut and heat shrunk or taped back so they can't short to ground or to each other.** Red and black are used as follows:

SUPPLEMENTARY REGULATIONS

Unit Mounting & Dimensions

For mounting the RallySafe unit is a RAM style 50mm x 75mm flat base with ball, bolted through the tunnel with 4 M6 Bolts. It should be in a central, protected location on the central tunnel in front of the seats and both easily visible and accessible by both the driver and co-driver/nav. Photographs of mounting and positioning can be seen below.

MOUNTING EXAMPLES

Here the 25mm rubber ball mount is securely attached to the tunnel.

SUPPLEMENTARY REGULATIONS

The RallySafe unit then mounts to the 25mm rubber ball mount (connected through the RallySafe connector).

Antenna Installation

All leads on both external and internal antennas **must** run on the inside of all roll cage bars. This is to stop cable crushing on impact. The preferred route is to go down from the antenna, underneath the closest part of the roll cage (roof cross or main hoop), follow that along to the roof hoop, then go down the inside A pillar to the unit. Any excess cable must be run so that the cable is not bent any tighter than a 100mm radius. We recommend running it across the underside of the dash and back (do not coil in tight loops). Cables must be tied neatly along the whole installation all the way to the unit so they can't be accidentally caught or dislodged. All this will be checked at scrutineering and you may be required to fix it before your car can pass.

External Antenna:

The antenna is mounted through a 12mm hole in a central location on the ROOF of the vehicle, rear of the main roll bar hoop, allowing the cabling to pass through the roof and follow the cage bars back to the RallySafe unit location. The antenna is a fully watertight unit which seals against the roof surface.

Car Tracker Fitting Kit Manual

SUPPLEMENTARY REGULATIONS

Antenna leads are connected as follows (There may be variations with the type and number of leads).

1. The 2 UHF leads, colour-coded **Blue**, is connected to the terminal labelled "UHF" on the RallySafe unit (Right Hand Thread). Terminals are located of the rear of the unit and/or colour-coded Blue.
2. The Satellite Communication antenna lead is connected to the centre or rear terminal labelled "IRI" (Left Hand Thread). It may also be colour-coded **Yellow** (this may be not marked on the 2-in-1 antenna).
3. The GPS antenna lead labelled "GPS", is connected to the terminal labelled "GPS" on the RallySafe unit (Right Hand Thread). Terminals may be on the side or rear of the unit and/or colour-coded **Green**.
4. GSM, has a small stick antenna supplied with the RallySafe unit, and is connected to corresponding terminal labelled "GSM" on the RallySafe unit (Left Hand Thread). The terminal is located on the rear of the unit and/or colour-coded **Red**.

SUPPLEMENTARY REGULATIONS

Internal Antenna:

The Internal Antenna should be placed on the inside of the **ROOF** in a clear uncluttered area, with a 200mm radius clear of any bar work or solid metal object. The internal antenna has a magnetic base with double-sided tape for adhesion. The cable is then run to the RallySafe unit. **Please keep cable on the inner side of the roll cage pipework so as not to be crushed in the event of an accident.**

Here the antenna is stuck to the inside centre of the roof (Preferred)

Please note the internal antenna must be 200mm AWAY from any roll cage components
