## Vodafone Rally de Portugal Environmental Policy 2018

According to the Environmental Certification Framework, the Automóvel Club de Portugal, while organizer of the Vodafone Rally de Portugal obtained in 2017 the accreditation **Achievement of Excellence** by the FIA.

It is the organisation's goal to proceed with the improvement work and minimize the environmental impact of the event, continuing the implementation of the necessary measures to achieve which have resulted in this level accreditation. As one of the WRC events hosting a great number of spectators, the Vodafone Rally de Portugal expects to be an example in terms of environmental issues, both nationally and internationally.

In this scope, the ACP established a partnership with the Ministry of Environment, through the Portuguese Environment Agency, to minimize the environmental impact caused by the event.

Therefore, the Vodafone Rally de Portugal will consciously make every effort to ensure that the environmental impact is minimised, putting into practise the following actions:

- a) Comply with relevant environmental laws and regulations, and other environmental requirements as well as the FIA Institute Environmental Certification Framework;
- b) Inform and train all involved in the organisation with its environmental policy;
- c) Promote the environmental awareness within the different agents (organisation, drivers, teams and spectators);
- d) Cooperate with environmental agents;
- e) Take into account the environmental work and impact, by choosing environmental responsible partners and suppliers, as well as selecting products and services using adequate environmental performance;
- f) Reduce the environmental impact in terms of transportation, as far as possible, encouraging Car Pooling and Car Sharing, as well as the use of public transportation;
- g) Prefer the use renewable energy sources whenever possible;
- h) Continue the implementation of measures to promote a selective waste collection and propose an adequate final disposal of waste produced during the event;
- i) Evaluate and improve our environmental responsibilities based on structured and planned work;
- j) Involve all the local authorities;
- k) Reduce the number of documents printed on paper, favouring the use and consultation of documents in digital formats.

## 1.0

## INTRODUCTION AND WELCOME

Welcome to the 52<sup>nd</sup> Vodafone Rally de Portugal, held between May 17<sup>th</sup> and 20<sup>th</sup>, once again on the competitive stages of the North of the Country.

The changes to the regulations and the new cars gave the WRC and, in particular the Rally de Portugal, a unique competitiveness and passion, which resulted in several records and worldwide recognition of the event as one of the best in the world. Esapekka Lappi's feat at the Fafe jump, which received the Best FIA Action Moment, voted by fans, and the OneBet Jump of the Year, from the WRC Promoter. Also signalling the 50 years of the Rally de Portugal, the Braga Street Stage was awarded the Best Event of the Year at the Braga Sports Gala. The bar is, therefore, high, but the 2018 WRC Vodafone Rally de Portugal has everything to surpass it with a route held in a singular region well known to drivers and fans alike.

The Exponor, in Matosinhos, will host, once again, the Service Park, and the majority of starts and finishes.

The first day, Thursday, the start in Guimarães and the SSSI, in Lousada, remain the same.

Friday is almost unchanged, with Viana do Castelo, Caminha and Ponte Lima repeating the layout. The novelty will come at the end of the day, with the WRC returning to Porto's down town for the remake of the Porto Street Stage. A double passage over a 1,850 meters stage with some minor changes in comparison to 2016. Saturday remains identical to 2017, with the Vieira do Minho, Cabeceiras de Basto and Amarante stages held twice. Amarante is, once again, the Rally's longest test.

The Fafe test continues to be the main test of the Rally's last day, Sunday, with the second passage held as Power Stage. Montim will be run twice, while Luílas will see the WRC action just once.

A word of appreciation for the essential support of the sponsors – Vodafone, BP, Hertz, and Skoda. Likewise, a recognition for the commitment and effort of the municipalities of Amarante, Cabeceiras de Basto, Caminha, Fafe, Guimarães, Lousada, Matosinhos, Paredes, Ponte de Lima, Porto, Viana do Castelo and Vieira do Minho, the Turismo do Porto e Norte and the North Regional Coordination and Development Commission (Comissão de Coordenação e Desenvolvimento Regional do Norte – CCDRN).

At last but not least, a very relevant issue to the success of the Rally de Portugal: the safety of the event and, particularly, the safety of spectators. The huge popular enthusiasm stirred by the Rally de Portugal should always be an added value to national sport and tourism. Only with the commitment of all the WRC Vodafone Rally de Portugal will be crowned with success.

I wish you an excellent Rally

Mário Martins da Silva  
Chairman of the Organising Committee

# Vai ser incrível

Realidade virtual e aumentada, carros que se conduzem sozinhos, vestuário que nos cuida da saúde, casas inteligentes, cidades inteligentes, Internet no frigorífico, na chaleira e na torradeira, redes de próxima geração. Vai ser uma viagem incrível e nós vamos consigo, qualquer que seja o seu ritmo. Acreditamos que o futuro vai trazer-nos o tempo para o que realmente importa. Para estarmos ainda mais ligados ao mundo e ao que gostamos. Para construirmos relações mais fortes e podermos estar em todo o lado no mesmo instante. Tempo para criar mais, para inspirar mais, para viver mais, para sermos mais humanos. O futuro vem aí. A Vodafone leva-o até lá. Vamos juntos.

O futuro é incrível.
