## 1- INTRODUCTION

This year we are celebrating the return of Turkey to the WRC calendar following our last WRC Rally held close to Istanbul in 2010.

We are delighted to be back with the WRC and with Rally Turkey now taking place in Marmaris and its surrounding areas , the rally will offer superb stages and an insight into the fascinating history and culture of this ancient land together with it's breathtaking views.

It is with the greatest of pleasure that we welcome all the international and national teams and competitors along with the spectators and media crews .

We are working hard towards offering you a rally experience which sets new standards into the whole of the WRC with its compact and efficient organisation of stages and exciting media coverage for the viewers who follow the event throughout the world.

I would like to take this opportunity to thank the Governorships of Mugla and its districts together with the Mayors of Mulga and Marmaris Municipalities for their full support throughout the preparation and their availability for assistance during Rally Turkey.

Finally a heart felt thank you for the dedication and hard work to all our sponsors and officials during our candidate event in 2017 and their total support to our Motor Sport Federation this year making this a memorable and impressive WRC Rally Turkey.

I wish all the competitors, drivers/co-drivers and their crews a successful event and pleasant time here in Marmaris.

Mr. Murat Kaya

ASN Sporting Director  
WRC Rally Turkey Clerk of the Course

### **2018 Environmental Policy Statement**

The Organisers of the WRC Rally Turkey, Turkish Automobile Sports Federation ( TOSFED ) is committed to safeguard the environment and minimise undesired impacts of the rally and associated activities on event areas and stages. Hence, TOSFED is eager to take any necessary measures to ensure sustainable efforts within the event management and all stakeholders to create awareness and implement protection actions for environment and ecosystems in event region.

TOSFED is committed to achieving the following environmental and sustainability objectives:

- Comply with national rules and regulations
- Ensure participation of and commitment of management level of the organisation
- Make sure that all stakeholders are actively participating to environmental efforts
- Fully cooperate with local authorities for sustainability actions
- Come up with creative recycling ideas to minimise the amount of waste
- Actively engage with education institutions in the region to create environmental awareness and respect for the nature starting from a young age
- Reduce natural resources used in processes such as carwashing
- Organise collective transportation service for the spectators to minimise the use of vehicle travels and carbon footprint
- Minimise the number of printed materials where possible
- Compensate the CO2 footprint generated by the event with actions as tree planting
- Utilise the social media and Rally Turkey mobile application to divulgate the environmental policy and code of conduct for spectators and all participants

Through the implementation of its Environmental Management System and an experienced Chief Environmental Officer the Organisers of Rally Turkey will ensure that the necessary actions are taken to reach the above objectives.

The Organisers are also committed to implement any other actions apart from the above stated ones if they believe it may be a step towards the environmental excellence.

## 6 - TWO-WAY RADIO

ICTA – Information and Communication Technologies Authority (BTK – Bilgi Teknolojileri ve İletişim Kurumu) is the national telecommunications regulatory and inspection authority of Turkey with responsibility across, radio, telecommunications and wireless communications services. Telsan, offering rental frequencies, is responsible for the management of the radio communication during the rally.

Any radio equipment used by a competitor and/or the associated support teams in Turkey, must be covered by a licence issued by ICTA. A licence holder, such as Telsan, can rent their frequencies.

Operation of the equipments must be strictly within the terms and conditions of the licence. Installation or use of equipment without licence, or outside the terms and conditions of it, renders the operator/installer liable to prosecution. Upon conviction the equipment is liable to forfeiture together with fines and/or imprisonment.

## Application Procedure

Detailed information can be found at <https://www.btk.gov.tr>

Alternatively competitors willing to rent frequencies or equipments can contact Telsan.

Application and rental procedures take up to a month. Holders of two-way radios should contact ICTA or Telsan in advance.

## 11 - RECONNAISSANCE

### Registration

Registration for reconnaissance will take place as follows;

#### Monday, 10th of September 2018

14:00- 20:00	Registration for Reconnaissance	Rally HQ
14:00- 20:00	Administrative Checks and Collection of Materials	Rally HQ
14:00- 20:00	Collection of GPS Tracker for Reconnaissance	TBA

The registration and collection of materials for drivers competing on behalf of a Team can be completed by a team representative. All other drivers and co-drivers must be present at registration.

At registration a reconnaissance form containing details of the reconnaissance car and contact details must be submitted. This form can be submitted earlier to the Rally Office and will be available on the event website.

### Reconnaissance GPS Trackers

All crews registered for reconnaissance will be required to use a GPS tracking system according to the FIA. This tracking system will be handed out upon registration for reconnaissance at the Rally Secretariat and will have to be returned upon completion of reconnaissance. Details of the tracking system to be used will be published in the Supplementary Regulations and Rally Guide 2.

### Reconnaissance Only

Any driver wishing to take part in reconnaissance only will be required to complete the reconnaissance registration form which will be available on the event website or at Rally HQ. The fee for taking part in reconnaissance only is €600.

### Reconnaissance Procedures

A reconnaissance record card will be given to each competitor which must be carried in the car during the reconnaissance. This card will be filled appropriately recording every run on each special stage. Failure to present this card or losing the card will result in refusal to participate in the reconnaissance.

Competitors will be issued 3 reconnaissance numbers. These numbers must be placed to the passenger side of the front windscreen and rear side windows.

A reconnaissance road book will be supplied which will detail the routes to use between every stage during the reconnaissance; these will often not be the same as the main event road book. Competitors are required to follow these specific reconnaissance routes.

According to the Traffic Law in force radar detection equipment is not permitted.

## Driving in Turkey

Traffic in Turkey

- Most traffic signs in Turkey are international. By observing traffic regulations and speed limits, you can avoid danger.
- It is obligatory for the drivers and all passengers in the car to use seat belts in the front seats.
- In densely populated areas there is a speed limit of 50km/h unless specifically shown with traffic signs.
- In Turkey it is forbidden to drive under the influence of alcohol or drugs.
- Drive on the right overtake from the left. Give way to any vehicle, including bicycles, coming from the right.
- Give way to pedestrians. Do not overtake a stationary vehicle which is within 5 metres of a pedestrian crossing or a vehicle which stops you from seeing the pedestrian crossing.
- Please overtake only when you can return to your own lane without endangering traffic.

## Speed Limits

Urban areas 50 km/h

Dual carriageways 110 km/h

Motorways 120 km/h

There are other speed limits indicated with traffic signs.

## In Case of an Accident

The accident should be reported to the police or gendarme. That report has to be certified by the nearest local authority. The owner should apply to the customs authority with his passport and report. If the vehicle can be repaired, it is necessary to inform the customs authority first and take the vehicle to a garage. If the vehicle is not fixable and if the owner wishes to leave the country without his vehicle, he has to deliver it to the nearest customs office, and the registration of his vehicle on his passport will be cancelled. (Only after the cancellation the owner of the vehicle can leave the country.)

In case of an accident 154 (Traffic Police) or 156 (Gendarme) should be called.

## Visa Requirements

Visitors who are not exempt from entry visa must obtain their visas or schedule an appointment with the Turkish Consular offices via Pre-Application System for Turkish Sticker Visa ([www.visa.gov.tr](http://www.visa.gov.tr)). The applicants who meet the requirements will be directed by the Pre-Application System for Turkish Sticker Visa to the e-Visa system ([www.evisa.gov.tr](http://www.evisa.gov.tr)) In those countries where Turkey does not have consular representation can also use online scheduling for appointments with the nearest accredited consular office of Turkey.

Further information can be obtained from <http://www.mfa.gov.tr/visa-information-for-foreigners.en.mfa>

On request TOSFED will contact to the relevant Turkish Consulate to ensure that entry visas are granted promptly and easier.

Visa regime for truck drivers of a country may differ from the overall visa regime effective for citizens of that particular country. For further information, please contact the nearest Turkish mission.
