## Vodafone Rally de Portugal Environmental Policy 2019

According to the Environmental Certification Framework, the Automóvel Club de Portugal, while organizer of the Vodafone Rally de Portugal obtained in 2017 the accreditation **Achievement of Excellence** by the FIA.

It is the organisation's goal to proceed with the improvement work and minimize the environmental impact of the event, continuing the implementation of the necessary measures to achieve which have resulted in this level accreditation. As one of the WRC events hosting a great number of spectators, the Vodafone Rally de Portugal expects to be an example in terms of environmental issues, both nationally and internationally.

In this scope, the ACP established a partnership with the Ministry of Environment, through the Portuguese Environment Agency, to minimize the environmental impact caused by the event.

Therefore, the Vodafone Rally de Portugal will consciously make every effort to ensure that the environmental impact is minimised, putting into practise the following actions:

- a) Comply with relevant environmental laws and regulations, and other environmental requirements as well as the FIA Institute Environmental Certification Framework;
- b) Inform and train all involved in the organisation with its environmental policy;
- c) Promote the environmental awareness within the different agents (organisation, drivers, teams and spectators);
- d) Cooperate with environmental agents;
- e) Take into account the environmental work and impact, by choosing environmental responsible partners and suppliers, as well as selecting products and services using adequate environmental performance;
- f) Reduce the environmental impact in terms of transportation, as far as possible, encouraging Car Pooling and Car Sharing, as well as the use of public transportation;
- g) Prefer the use renewable energy sources whenever possible;
- h) Continue the implementation of measures to promote a selective waste collection and propose an adequate final disposal of waste produced during the event;
- i) Evaluate and improve our environmental responsibilities based on structured and planned work;
- j) Involve all the local authorities;
- k) Reduce the number of documents printed on paper, favouring the use and consultation of documents in digital formats.

## 1.0

## INTRODUCTION AND WELCOME

Welcome to the 53<sup>rd</sup> Vodafone Rally de Portugal, held between May 30<sup>th</sup> and June 2<sup>nd</sup>, on the North and Centre of the Country.

The Automóvel Club de Portugal has decided to take the WRC Vodafone Rally de Portugal to Coimbra, city in which the Ceremonial Start will be held. The show will take place in the Porta Férrea area, offering the students the possibility of witnessing first hand the cars participating on the national round of the World Rally Championship.

This year the event will also run through the memorable Lousã, Góis and Arganil stages. After a double loop over these tests, in which great pages of the Rally's history were written, the first day will end in Lousada's Eurocicuito with the sole Super Special of the Rally.

A Vodafone Rally de Portugal with lots of changes, but also with Exponor, in Matosinhos, remaining as the Rally's headquarters. At the same time, the majority of the very competitive stages of the North of the country remain on the Rally's programme.

Therefore, Saturday also presents a few changes, starting with the Vieira do Minho test, roughly 4 km longer at the start. The Cabeceiras de Basto and Amarante stages remain the same. After the double loop, the second day ends with another first: the Gaia Street Stage. Starting at the Cais de Gaia and with a length of 2,25 km, the stage should bring lots of adrenaline to the fans all over the city's downtown.

The Fafe stage continues to be the main test of the Rally's last day, Sunday, with the second passage held as Power Stage. Montim will be run twice, while Luílas will see the WRC action just once. The podium ceremony will take place by the sea, in Matosinhos, for the joy of all the fans.

The evolution of the cars and teams changes, the later with great line-up changes, are other novelties in this year's edition and will surely offer extra thrills to the WRC fans.

The changes to the WRC 2, with the split into two categories – Pro, reserved to R5 cars from official teams, and the "normal" one, reserved to private entrants – will bring added interest to an already exciting competition. The Vodafone Rally de Portugal remains on the Portugal Rally Championship, as well as on the Peugeot Rally Cup Ibéria.

A word of appreciation for the essential support of the sponsors – Vodafone, BP, Hertz, and Skoda. Likewise, a recognition for the commitment and effort of the municipalities of Amarante, Arganil, Cabeceiras de Basto, Coimbra, Fafe, Góis, Lousã, Lousada, Matosinhos, Mondim de Basto, Paredes, Vieira do Minho e Vila Nova de Gaia.

This edition of the Vodafone Rally de Portugal will also count with the involvement of the Turismo Porto e Norte, and now also with the support of the Turismo do Centro.

At last but not least, a very relevant issue to the success of the Rally de Portugal: the safety of the event and, particularly, the safety of spectators. The huge popular enthusiasm stirred by the Rally de Portugal should always be an added value to national sport and tourism. Only with the commitment of all the WRC Vodafone Rally de Portugal will be crowned with success.

I wish you an excellent Rally

Mário Martins da Silva  
Chairman of the Organising Committee

## **5.0 SERVICE PARK – EXPONOR EXHIBITION CENTRE**

### **5.1 Location**

The Service Park will be located in the Exponor Exhibition Centre, in Matosinhos, by the A28 and only 6.5 km away from the Francisco Sá Carneiro International Airport.

The address and GPS location details are as follows:

**Exponor Feira Internacional do Porto**

Av. Dr. António Macedo, 574

4454-515 Matosinhos

**GPS: 41°11.972' N – 8°41.535 W**

Manufacturer teams, WRC teams, and FIA support Championships teams will benefit from the FIA recommended area. Remaining competitors will be attributed an area of 10m x 10m.

For additional space please refer to point 5.4.

### **5.2 Access to Service Park**

WRC Teams will be able to access the Service Park from 09.00 a.m. on Friday, 24<sup>th</sup> May, 2019. Should any team need to access the park before this or should they arrive at night, when normal access is closed, please contact the Rally Organisers, by e-mail [acpmotorsport@acp.pt](mailto:acpmotorsport@acp.pt) or call +351 223 204 770.

Service vehicles arriving at Service Park on Sunday, 26<sup>th</sup> May, in the morning, i.e., before teams have attended the administrative checks to get the corresponding documents and necessary vehicle plates, will be able to access the Park without a plate. From Wednesday, 29<sup>th</sup> May, at 12.00 p.m., all vehicles will have to be duly identified with the corresponding plates.

From that moment on, there will be an exhaustive control in order to guarantee that all vehicles parked or trying to access the Service Park carry the necessary plate.

Trailers are not allowed to park inside the Service Park.

Only vehicles with "Service" plate will be authorised to stay inside the Service Park.

### **5.3 Available Services**

The following services will be available on different locations within the Service Park:

- General Lighting in the whole Service Park
- Toilets for public use
- Waste containers – Selective waste collection
- Collection of: used oil tanks, brake fluid, polluted containers
- General security in the whole Service Park
- Spare parts and wheels washing area

Additional services may be provided to teams in the service area upon request. Information on costs of these services will be provided upon reservation. Teams requiring these services are requested to complete the Service Park Application Form. This form will be available on the rally website [www.rallydeportugal.pt](http://www.rallydeportugal.pt) under the section "Competitors/Docs".

Additional services are the following:

- Chemical Toilet for the team's private use
- Water
- Power
- Motorhome / Hospitality Unit liquid waste
- Chemical Toilet cleaning
- Exclusive security service for the team
- Rental of Forklifts, Generators and Cherry pickers

Telephone lines (ISDN / ADSL / Analogue) must be requested to the Rally Organisers.

*To request additional services please complete the forms at the end of this Rally Guide.  
Forms must be sent until 10<sup>th</sup> May 2019.*

#### **5.4 Space Requests**

Teams that, due to logistics, need to stay together or have any special request must send them by e-mail to [nuno.vieira@acp.pt](mailto:nuno.vieira@acp.pt). The Organiser will make all reasonable efforts in order to satisfy the needs of all Teams. Additional space requests, when available, are subject to a fee whose amount shall be indicated directly to interested parties.

*To request additional services please complete the forms at the end of this Rally Guide.  
Forms must be sent until 10<sup>th</sup> May 2019.  
No further changes will be accepted after this date, once the layout of the Service Park has been declared as definitive.*

## 7.0 IMPORT OF VEHICLES AND SPARE PARTS

Competitors from the European Union do not need to make any special custom clearance for temporary import of cars and equipment for the purpose of participating in the 2019 Vodafone Rally de Portugal. Vehicles from outside the European Union must show their ATA carnet, which normally is applied for at the Chamber of Commerce in the country of origin.

## 8.0 HELICOPTERS & DRONES

### 8.1 Helicopters

Complying to the requisites imposed by FIA on the safety and use of helicopters at the Rally, helicopters wishing to operate at the rally will have to register with the Organization. A protocol for controlling the restricted airspace over the SS's prevents any unregistered helicopter of operating in that airspace. The registration fee for each helicopter is € 2460,00 (VAT included). Registration deadline is the 10<sup>th</sup> of May 2019.

### 8.2 DRONE's / RPAS's

According to FIA requisites, Rally image rights and national legislation, the operation of Drones/RPAS's at the rally, in addition to a AAN authorization, must be registered with the Organization. They must comply with the rules established by FIA in their Rally Helicopter & UAV Flight and Safety Rules and the 1093/2016 ANAC Rule. All SS's of the rally are performed under restricted airspace. Authorities will be watching for any unregistered Drone/RPAS since they cannot operate by law in restricted airspaces.
