## **H. Environmental Policy**

According to the Turkish Automobile Sports Federation (TOSFED) as organizer of the WRC Rally Turkey, the protection of the environment is of fundamental importance, as it is for our collaborators, stakeholders and community in general. Hence, TOSFED is eager to take any necessary measures to ensure sustainable efforts within the event management and all stakeholders to create awareness and implement protection actions for environment and ecosystems in event region.

WRC Rally Turkey has attained the Two-Star level in the FIA Environmental Accreditation Framework at 2018. The top management of the organization targeted to achieve the accreditation “Achievement of Excellence” by the FIA Environmental Institute in 2019.

The organiser (TOSFED) of the 2019 WRC Rally Turkey is committed to the protection of the environment and minimising the social, cultural and environmental impacts of all stages of the Rally and its associated activities. Through the implementation of its Environmental Management System, the project is committed to achieving the following sustainability objectives:

- Ensure full commitment at senior management level and responsibilities for environmental and sustainability objectives as assigned throughout the organization;
- Provide information, training or consultation with relevant stakeholders (organisation, drivers, teams and spectators) to enable them to carry out their environmental responsibilities, and to encourage an atmosphere of transparency and knowledge sharing;
- Educate and inform with education institutions as many people as possible both within the organisation and externally about our environmental policy and create environmental awareness;
- Comply with national, provincial and municipal laws and regulations, and other environmental requirements as well as the FIA Institute Environmental Certification Framework;
- Fully cooperate with all local authorities for sustainability actions in the zone of passage of the rally;
- Continue the implementation of measures to promote a selective waste collection and propose an adequate final disposal of waste produced during the event;
- Use natural sources, energy and raw materials in the most efficient possible way;
- Reduce consumption of energy, water and fuel, where possible;
- Reduce the environmental impact in terms of transportation, as far as possible, encouraging Car Pooling and Car Sharing, as well as the use of public transportation;
- Organise collective transportation service for the spectators to minimise the use of vehicle travels;
- Reduce to the maximum the number of documents printed on paper, favouring the dissemination of digital documentation;
- Minimise the impacts on noise, air quality, biodiversity and cultural heritage, where possible;
- Monitor, measure and analyse the carbon footprint of all activities before and during the event.

### **IMPORTANT NOTICE:**

Ministry of Environment and Urbanization of the Republic of Turkey has updated the regulatory regime for packaging and waste, including significant new rules regarding waste collection and recycling. Most notably, free plastic bags banned from the beginning of 2019.

Significant changes introduced by Turkish Packaging Waste Control Regulation include:

- From 1 January 2019, sales points prohibited from giving out plastic bags to users or consumers, free of charge.
- A colour coding system is introduced for bins used to collect packaging waste:
  - o Blue for paper.
  - o Yellow for plastics.
  - o Grey for metals.

According to the new rules, the merchandising sales points are not able to give free plastic bags. The sales points must have a plastic sales point certification. All the merchandising sales points must pay special attention for this new regulation.

## **5 TWO-WAY RADIO**

ICTA – Information and Communication Technologies Authority (BTK – Bilgi Teknolojileri ve İletişim Kurumu) is the national telecommunications regulatory and inspection authority of Turkey with responsibility across, radio, telecommunications and wireless communications services. Telsan, offering rental frequencies, is responsible for the management of the radio communication during the rally.

Any radio equipment used by a competitor and/or the associated support teams in Turkey, must be covered by a licence issued by ICTA. A licence holder, such as Telsan, can rent their frequencies.

Operation of the equipments must be strictly within the terms and conditions of the licence. Installation or use of equipment without licence, or outside the terms and conditions of it, renders the operator/ installer liable to prosecution. Upon conviction the equipment is liable to forfeiture together with fines and/or imprisonment.

### **Application Procedure**

Detailed information can be found at <https://www.btk.gov.tr>

Alternatively, competitors willing to rent frequencies or equipments can contact Telsan.

Application and rental procedures take up to a month. Holders of two-way radios should contact ICTA or Telsan in advance.

## 10 PR ACTIVITES

### Action For Road Safety

Tosfed, Turkish ASN, is keen in improving the driving standards and safety on roads at the areas hosting Rally Turkey. As believers of long lasting partnerships and sustainable actions Tosfed is in touch with Getob, South Aegean Touristic Hoteliers Association, to raise awareness about Action for Road Safety through collaborations with local stakeholders such as Drivers Associations.

Action for Road Safety banners located throughout the town center will draw the attention of not only the locals but also of tourists ensuring that a local action in Marmaris ends up having a global reach.

### Collaboration with ÇEVKO Foundation & Neutralization of Carbon Footprint

ÇEVKO foundation, which started its journey in 1991 with 14 members, was announced to be an Authorized Organization by the Turkish Republic Ministry of Environment and Urbanization within the framework of the “Regulation on the Control of Packaging and Packaging Waste” published in 2005 during the harmonization process of Turkey to the EU. As of the year 2005, companies selling packaged products in the Turkish market have been transferring their recovery obligations to ÇEVKO Foundation for the recovery of packaging waste.

ÇEVKO Foundation carries out activities regarding communication, awareness-raising and training for the performance of the liabilities it has assumed. The authorized organization develops activities regarding the separate collection of packaging waste at source in cooperation with municipal administrations and licensed companies on behalf of the packaging producers and economic operators which put packaging on to the market it represents.

Organizers of Rally Turkey, wanting to take part in the environmental actions by them, signed a protocole with ÇEVKO in order to organize the public areas relating to the Rally in an

environmentally safe and sustainable manner.

Tosfed (Turkish ASN), ÇEVKO and Marmaris Municipality united their forces to make sure that all the waste collected in spectator areas and service park is recycled for a green rally. ÇEVKO and Tosfed have joined forces also in actions to take for the neutralization of Rally Turkey's carbon footprint which is to be the first Rally in WRC calendar to take such action.

### **Rally Turkey Opening Party**

Rally Turkey 2019 will start with a heart felt welcome to all drivers/co-drivers, crews, press members and spectators on Wednesday the 11th of September evening. The opening party by the beach will give guests a hint of Turkish hospitality and an idea of what's to come in the following days...

Delicious tastes, surprise guests and live DJ performances will adorn the party.

### **Ceremonial Start and SSS (SS1)**

Ceremonial Start directly followed by the Super Special Stage ( SS1 ) on Thursday the 12<sup>th</sup> of September evening will take the rally action to the center of Marmaris.

Drivers/Co-Drivers being presented to the crowds at the main promenade stretching from Netsel Marina to the Atatürk Statue will then show all their skills and raise the public's adrenaline levels already at the very first Stage of Rally Turkey.

Super Special Stage will start in front of a background of sea and World famous Marmaris Islands. Marmaris Municipality will add flavour to the already scenic SS1 start with a fireworks show before the first car starts the Rally.

Spectators will have the possibility to comfortably enjoy the SS1 from the tribunes built in 19 Mayıs Square along with different corners of the SS1 where large led screens will give the full broadcast of the stage. Spectators at home will be able to watch sections of the stage live on ASport the official broadcaster of WRC in Turkey.

### **Power FM and Power TV**

During the Rally Turkey weekend Power Group will be present with its PowerFm and PowerTv in the service park, opening party and closing party with special guest DJ's and bands.

User experiences such as the Power Simulator will be available to all visitors to enjoy during the Rally. Promo videos of WRC and Rally Turkey will be broadcasted on Power FM and Power TV before and during the rally week.

### **VIP Areas**

This year in Rally Turkey spectators will have the possibility to enjoy the best of motorsports free of charge in general spectator areas.

VIP areas to be accessed with VIP pass, for those who wish to spectate the best action of the rally in air-conditioned tents where food and drinks are served while they comfortably watch the rally, will be set up in SS1 City Stage; SS4/7 Ula Stage; SS9/12 Datça Stage and SS14/17 Marmaris/Powerstage.

Thanks to the unique natural conditions of Rally Turkey the SS9/12 Datça Stage's VIP areas will be on boat where spectators can swim and watch the rally as an unforgettable experience.

### Climate

Marmaris has a hot-summer Mediterranean climate characterised by a hot dry summer and mild rainy winter.

### Time Zone

All areas in Turkey observe the same time zone. It is 3 hours ahead of Coordinated Universal Time (UTC). Turkey observes Turkey Time all year. There are no Daylight Saving Time clock changes.

### Currency & Exchange

The Turkish Lira is the currency of Turkey. The currency code for Lira is TRY, and the currency symbol is ₺. A lira is divided into 100 kuruş ( Kr ). The denominations in circulation are;

Banknotes: Freq Used: 5 TL, 10 TL, 20 TL, 50 TL

Rarely Used: 100 TL, 200 TL

Coins: Freq Used: 5 Kr, 10 Kr, 25 Kr, 50 Kr, 1 TL

Rarely Used: 1 Kr

Exchange bureaus are available in all the airports and around the city, but you can always withdraw Turkish Lira from any ATM machine. Visa and MasterCard are accepted in most places, with American Express payment available in high-end hotels and restaurants. A sub charge of around 3% may apply on American Express payments.

## Driving in Turkey

### Traffic in Turkey

- Most traffic signs in Turkey are international. By observing traffic regulations and speed limits, you can avoid danger.
- It is obligatory for the drivers and all passengers in the car to use seat belts in the front seats.
- In densely populated areas there is a speed limit of 50km/h unless specifically shown with traffic signs.
- In Turkey it is forbidden to drive under the influence of alcohol or drugs.
- Drive on the right overtake from the left. Give way to any vehicle, including bicycles, coming from the right.
- Give way to pedestrians. Do not overtake a stationary vehicle which is within 5 metres of a pedestrian crossing or a vehicle which stops you from seeing the pedestrian crossing.
- Please overtake only when you can return to your own lane without endangering traffic.

## Speed Limits

Urban areas 50 km/h

Dual carriageways 110 km/h

Motorways 120 km/h

There are other speed limits indicated with traffic signs.

## In Case of an Accident

The accident should be reported to the police or gendarme. That report has to be certified by the nearest local authority. The owner should apply to the customs authority with his passport and report. If the vehicle can be repaired, it is necessary to inform the customs authority first and take the vehicle to a garage. If the vehicle is not fixable and if the owner wishes to leave the country without his vehicle, he has to deliver it to the nearest customs office, and the registration of his vehicle on his passport will be cancelled. (Only after the cancellation the owner of the vehicle can leave the country.)

In case of an accident 154 (Traffic Police) or 156 (Gendarme) should be called.

## Visa Requirements

Visitors who are not exempt from entry visa must obtain their visas or schedule an appointment with the Turkish Consular offices via Pre-Application System for Turkish Sticker Visa ([www.visa.gov.tr](http://www.visa.gov.tr)). The applicants who meet the requirements will be directed by the Pre-Application System for Turkish Sticker Visa to the e-Visa system ([www.evisa.gov.tr](http://www.evisa.gov.tr)) In those countries where Turkey does not have a consular representation can also use online scheduling for appointments with the nearest accredited consular office of Turkey.

Further information can be obtained from <http://www.mfa.gov.tr/visa-information-for-foreigners.en.mfa>

On request TOSFED will contact the relevant Turkish Consulate to ensure that entry visas are granted promptly and easier.

Visa regime for truck drivers of a country may differ from the overall visa regime effective for citizens of that particular country. For further information, please contact the nearest Turkish mission.
