12. OTHER PROCEDURES

12.1. Ceremonial Start Procedure and Order

The start of the rally (TC0) will take place at the Rally Campus Service OUT control on Thursday March 12th, 2020 starting at 17:50 hrs. There will be no holding area prior to the start of the rally. Competitors must check in at TC 0 at their published start times. Section 1 Timecards can be collected at the TC 0 Control table 15 minutes before the first car is due.

From TC0 competitors will proceed to Silao, where a pre-start ceremony will take place between TC 0A and TC 0B. From there they will proceed to TC 0C. There will be no escort for competitors to enter Guanajuato.

The ceremonial start will take place between the TIME CONTROL and START CONTROL of SS1, at the "Alhondiga de Granaditas" in Guanajuato. The start interval will be 2 minutes for all competitors in section 1. The start order for the ceremonial start and until the overnight park fermé (Section 1, TC 2B) will be at the discretion of the organizers in the interest of spectators and television. Since SS1 and SS2 use the same stage, cars will start SS1 divided in 3 groups: P1, P2/3 and others. Each group will run SS1 and SS2 consecutively, so that each group will finish both stages before the next group starts SS1. Thus, each group will have time gaps from the start of rally at TC0.

The start order will be as WRC Art. 41.2 for the rest of the rally.

12.2. Timecard Changes during the Rally

Timecards will be issued or changed at the following time controls for the start of each section:

TC-SD, TC 0, TC 2C, TC 6C, TC 12E, TC 15C, TC 21E, TC 23B

12.3. Finish Procedure

The rally will end at Time Control TC 24C (Service H Out - Finish Area In) After this control a pre-finish holding area will be established and crews will be directed to the podium in the specified order outlined in Appendix IV of the WRC regulations at the appropriate times.

In case the highest classified Mexican crew has not checked into TC 24C by 13:45, article 2.4 of appendix IV of the 2020 WRC Regulations will not apply.

12.4. Permitted Early Check-In

Competitors are allowed to check in early without incurring a penalty at:

- "Tech Zone IN" control TC 2A
- "Flexi-Service OUT - Parc Fermé IN" controls TC 12D and TC 21D

12.5. Super Special Stage Procedure and Running Order

V-Power Shell Stages SS 10/11/19/20 will run under Super Special Stage regulations as stated in this article and all relevant regulations of the 2020 WRC Sporting Regulations.

On SS 10/11 and 19/20, cars will run two at a time. At the start of stages 10 and 19, the two cars will be placed side by side in separate lanes, A and B. The first car entering the start area will be directed to lane A, the second to lane B. After completing the stages, the cars will be immediately directed to the starting gate, switch lanes and start stages 11 and 20 respectively.

For the purpose of establishing the restart orders under Art. 41.2 of the 2020 FIA WRC Sporting Regulations, SSS 10/11 and SSS 19/20 are considered as Super Special Stages.

The Organisers may, at their discretion, pair drivers on the stage in the interest of the spectators and television. This pairing may change the running order of the day. There will be a 20-minute holding area between the Time Control and the first Stage Start where any changes in running order will be made. The running order established from this point will remain the same throughout the remainder of the section. Refer to Rally Guide 2 for procedure diagrams.

There will not be a Time Control between special stages 10 & 11 in Section 3 and stages 19 & 20 in Section 5. The road section between the finish of the first stage of the pair and the start of the second stage is enclosed within the control area and considered as Parc Fermé (WRC Reg. 2.13) where no repairs or assistance may take place.

Any crew unable to complete any of the Super Special Stages 10, 11, 19 or 20 will be penalised as stipulated in Art. 54.2 of the 2020 WRC Regulations.

Should a car fail to complete any of the Super Special Stages within **4** minutes from his stage start time, the Organisers will **immediately** remove it to the road section after the STOP control and the competitor will be considered to have retired on that stage.

If the running of the Super Special Stage is interrupted, this will be signalled to the drivers by red flags shown by properly identified marshals.

When given this signal, the driver must immediately reduce speed and follow the instructions of the marshals or other officials. Failure to comply with this rule will entail a penalty at the discretion of the Stewards. (Article 53.5.3 of the 2020 WRC Regulations).

If the display of the red flags is caused by one of the two cars blocking the stage or delaying the other competitor, the provisions of WRC Regulations Article 52 will apply.

12.6. Special Procedures / Activities

An autograph signing session will be organised at the Rally Campus Main Bar during the Mayor's Welcoming Cocktail on Wednesday 11th March 2020 from 20:00 to 21:00 hrs. All drivers must attend.

Special spaces for autograph signing will be set up in front of team service areas. All crews are expected to sign autographs for 10 minutes during midday service on Friday and Saturday, as per article 38.7 of the 2020 WRC Sporting Regulations.

There will be a "Health Rally Kids - Meet the Crews" photo session at the Rally Campus on Thursday 12th March at 13:00. Any drivers not attending the FIA Pre-Event Press conference must attend.

12.7. Official Time used during the Rally

Start Intervals

The minimum start intervals between all cars from the start of Section 2, and for the remainder of the rally, will be 3 minutes.

Time

The official time throughout the rally will be that of the GPS satellite constellation, synchronised to the local hour of León, (GMT -6, U.S. Central Time Zone).

12.8. Re-start after retirement

Restart after retirement is permitted as stipulated under Art. 54 of the 2020 WRC Regulations.

12.9. Shakedown

A start list for the first passage will be published at 16:00 on Wednesday 11th March 2020.

12.10. Street Stages

For the purpose of establishing the restart orders under Art. 41.2 of the 2020 FIA WRC Sporting Regulations, SS 12 and SS 21 are considered as Super Special Stages.

12.11. Power Stage

There will be a 45 minute regroup before the start of the Power Stage (SS 24), as live TV coverage will be carried out (WRC Regs Art 50.2).

Competitors are reminded that as per article 50.2 of the WRC Regulations, the provisions of 56.2.2 do not apply to the pre-Power Stage regroup, therefore the passing of food, drink, clothing and information to or from the crews is forbidden by anyone except the organiser. Infractions will be reported to the stewards.

All competitors selected for live TV coverage, except the last, shall stop at the STOP control to complete their timecard procedure and live TV interviews. Once the interview and timecard procedure are completed, these competitors must proceed to the Podium holding area following officials' instructions.

The last competitor selected for Live TV coverage shall NOT stop at the STOP control and shall drive directly to the Power Stage Podium holding area. A dedicated parking place, closer to the podium area will be available for this car. At the designated parking place, the crew can get out of the car and celebrate on its roof as normal. The Time Control procedure shall be completed at that spot by the co-driver while the interviews are taking place.

Live TV podium will then take place as normal.

12.12. End of Power Stage

See the 2020 FIA WRC Regs. Art. 50.5.

12.13. Exhibition Driving

A dedicated area will be reserved for "Donuts" before the start of SS1 immediately after the Ceremonial Start (TC1). Any other type of exhibition driving, or "donuts", is prohibited throughout the rest of the rally, including the Ceremonial Start, and Final Parc Fermé.

12.14. FIA-NACAM Classification

FIA-NACAM Championship classification will start at Time Control 0 up to Time Control 15B.

Specific regulations and eligible vehicles will be published in a bulletin.

Any car entered in the Rally Guanajuato Corona as a NACAM Championship competitor and retiring finally at any point after TC15B shall be subject to parc fermé rules and must, after retirement, be brought to the final Parc Fermé. It shall remain there until the opening of the final Parc Fermé by the Stewards. Any competitor not complying with the above conditions will not be classified in the FIA-NACAM Championship.

In case of any dispute between the regulations applicable for the NACAM Championship and the 2020 WRC Sporting Regulations, the latter shall take precedence, apart from the eligibility of cars.

12.15. On Board Cameras

As per article 18.1 of the WRC Regulations, the entrant of any car which carries an on-board camera, must have the prior agreement of the Promoter.
