

secto RALLY FINLAND

RALLY GUIDE 2

20
21 1.-3.10.

ORGANISER OF SECTO AUTOMOTIVE RALLY FINLAND

KESKI-SUOMEN LIITTO
REGIONAL COUNCIL OF CENTRAL FINLAND

CITY OF
JYVÄSKYLÄ

Welcome to Secto Automotive Rally Finland 2021!

Dear Rally Friends,

We are getting closer to the start of the 70th edition of Rally Finland and the preparations are well underway to welcome you, this time, with great autumn vibes.

We can't think about this rally without thinking about its history as the first edition took place 70 years ago, in autumn as well, with a 1700-kilometre route stretching from Jyväskylä to Rovaniemi and back.

This season, these two amazing cities are both hosting rounds of the World Rally Championship. You could see it as a coincidence, we see it as a beautiful opportunity to link everything together for this anniversary edition.

We are delighted to welcome Secto Automotive on board for this milestone edition of Rally Finland as title sponsor, which brings a mixture of tradition and originality.

Given the importance of the occasion, we will have the honor of watching some of our legendary Flying Finns driving their winning cars on the Harju stage before we follow the World Rally Championship drivers as they contest this challenging edition over a 300-kilometre route. It's been significantly altered since the last Rally Finland in 2019 and includes several well-known stages. A few night stages will spice the things up while the city of Jyväskylä will host a stunning light show.

To make this edition even more exceptional, we are very happy to welcome fans to the stages, while respecting scrupulously the COVID-19 guidelines, in order to create the incredible atmosphere that makes this event so special. What else could we wish for? A safe event, beautiful battles and great emotions. We know we can count on our organizing team, volunteers, rally teams and the fans to make this happen.

Welcome to Secto Automotive Rally Finland! We are very much looking forward to seeing you all in Jyväskylä for this very special 70th edition!

In the meantime, stay safe!

Yours,

Secto Automotive Rally Finland Organizing Team

1.1 Environmental Policy

The organiser of Secto Automotive Rally Finland 2021, AKK Sports Ltd., wants to take environmental responsibility and ensure that the event will cause as little ecological stress for environment as possible. Rally organisation will again do it's best to show its own example improve the awareness of environmental responsibility and reduce its carbon footprint as a event manager. Our long-term work in improving our environmental impact can be seen as Secto Automotive Rally Finland achieved the 3-Star Level in 2017 within FIA Environmental Certification Framework. After the audition done on the event in 2019, the 3-Star Level accreditation of Secto Automotive Rally Finland has been renewed by the FIA for the next two years.

Regarding the FIA Environmental Programme, evaluating and reducing the environmental impact of motorsport is playing an integral role. Based on the FIA's recommendations the event organisation has improved the training of marshals, formal documentation and monitoring of the environmental performance. Secto Automotive Rally Finland has improved the monitoring of the event carbon footprint and waste management system and the organisation wants to be a good example in terms of environmental issues both nationally and internationally.

Key elements for 2021 will be to put effort into increasing the environmental awareness not only in the organisation, motorsport clubs and stakeholders but also within spectators, partners and teams. Environmental issues, such as selecting eco-friendly products and local services, and reducing emissions are taken into consideration and uniquely identified with each partner company.

To enhance environmental responsibility, Secto Automotive Rally Finland organisers will:

- Promote the environmental awareness in all its communication
- Comply with all relevant laws and regulations, including environmental requirements and FIA Environmental Certification Framework
- Utilize help of environmental professionals in creating the event
- Require environmental responsibility from its stakeholders, cooperative partners, motoring clubs and suppliers
- Pay close attention to cooperating with all landowners, residents and road owners
- Set environmental objectives and targets, and measure them
- Concentrate on energy efficient and sustainable solutions, for example using renewable energy sources when possible
- Reduce the number of documents printed on paper, preferring digital formats
- Search for ways to optimize transportations and logistics to decrease emissions as much as possible: for example carpooling, public transportation and especially online meetings
- Use hybrid cars as most of the organisational vehicles
- When possible use renewable diesel for organisation cars and electric generators
- Aim to decrease the amount of waste, promote a selective waste collection and recycle or re-use the waste as efficiently as possible
- Make a thorough plan for emergency situations and implement it actively

After the last WRC event in Jyväskylä, lot has happened related to the wider topic of Sustainability. Secto Automotive Rally Finland has achieved a Sustainable Travel Finland -label on year 2020. Label is organized and given by Visit Finland. Accreditation of the label includes not only environmental aspects of sustainability, but also social, cultural, economical, safety, and ethichs aspects of sustainability event management.

13.07	Start of the rally	Service Park
21.00	Overnight Parc Fermé	Rally HQ
22.30	Publication of start list for Section 2	Virtual Official Notice Board

Saturday 2 October 2021

06.30-23.00	Rally Office open by appointment	Rally HQ
06.43	Start Section 2	Rally HQ
21.15	Overnight Parc Fermé	Rally HQ
22.30	Publication of start list for Section 4	Virtual Official Notice Board

Sunday 3 October 2021

07.15-19.00	Rally Office open by appointment	Rally HQ
07.27	Start Section 4	Rally HQ
10.00	Limited access for non-HD accredited Manufacturers' team personnel to the Service Park for dismantling purposes	
13.18	Start of Wolf Power Stage	Ruuhimäki
14.15	Podium - Prize-giving	Ruuhimäki
15.45	Final scrutineering	Gradia, Jyväskylä
16.30	FIA Post-Event Press Conference by video conference - link to be sent to participants)	Media Centre, HQ / Online
20.00 (latest)	Return of the FIA Safety Emergency Console	SAS Workshop, Service Park
18.00	Publication of provisional classification	Virtual Official Notice Board
20.00	All cars must be removed from the final Parc Fermé (Provided that the Stewards have authorised the opening of the Parc Fermé)	Rally HQ
20.00	End of COVID-19 Regulations inside Rally HQ and Service Park (details in Appendix 4.1)	

4. Entry Details

4.1 FIA Titles for which the Rally counts

FIA World Rally Championship for Drivers
 FIA World Rally Championship for Co-Drivers
 FIA World Rally Championship for Manufacturers

FIA WRC 2 Championship for Drivers
 FIA WRC 2 Championship for Co-Drivers
 FIA WRC 2 Championship for Teams

FIA WRC 3 Championship for Drivers
 FIA WRC 3 Championship for Co-Drivers

4.2 Contents of the various Entry Packages

4.5.1 Packages for the FIA registered Competitors

Contents of entry packages for Manufacturers, WRC Teams, RC1 cars and Support Championship entries (WRC2 and WRC3): See Appendix VI of FIA WRC 2021 Regulations.

4.5.2 Packages for other Competitors

Product	Legal Entrant	Private Entrant
Vehicle Plates		
Service Plates	2	2
Auxiliary Plates	4	-
Passes		
Service Passes	12	6
Driver Passes	2	2
Administration		
Supplementary Regulations	Only available at event website.	
Route Maps	4 (4)	2 (1)
Road Books	3 (1)	2 (1)
Official Programmes	5	2
Rally Guide 1	Only available at event website.	
Rally Guide 2	Only available at event website.	
Results	Only available at event website.	
Service Park Area	15x10 m	Up to the chosen entry option (see art. 4.4.5-7)

() number of copies to be mailed to competitor

Cost for additional service space in Service Park area is 45 € + VAT 24% /m² = 55.80 €/m².

All additional space requests are subject to availability and organiser agreement. The organiser cannot guarantee any service space exceeding those given above and in the FIA WRC Sporting Regulations, Appendix VI. Requests received after 11th of September 2021 will only be considered for a doubled price, if at all. Also, see Art. 5 Service Park.

5. Service Park

5.1 Location

GPS Coordinates: North 62° 14.271' East 25° 45.352'
Address: Lutakonaukio 12, Jyväskylä, Finland

As previous years, the Service Park is located in the area around the Jyväskylä Paviljonki Rally HQ and Jyväskylä Harbour. Manufacturers entered to the FIA WRC will have their designated areas in the Service Park according to the Championship Regulations. There will be a dedicated area for the auxiliary vehicles in an auxiliary parking area within the Service Park. Due to the restricted space in the Service Park, private entries will not be given any auxiliary plates.

There are several emergency exits at the Service Park, and those areas must be kept clear at all times!

Support Championship drivers and private drivers will find themselves inside the exhibition halls of Paviljonki Rally HQ. We do not encourage the use of semi-trailers as service vehicles (as they do not fit into a 10 x 10 metre square), but do understand that many competitors have these. We urge all competitors with such set-up to be in active contact with our Service Park management as early as possible, and to take into consideration that the tractors will NOT be allowed to stay with the trailer! All payments for extra space as per Supplementary Regulations Art. 4.4.10 apply.

The Service Park area is tarmac for Manufacturer Teams. Inside Paviljonki exhibition centre the ground is concrete. All competitors must use ground protection sheets under their rally cars in the whole service park.

The complete layout of the Service Park can be found as Appendix 4.1.

Final layout with competitor locations will be published on the event website on Wednesday 22 September 2021.

5.2 Access to the Service Park

Manufacturers can access the Service Park as per individual agreements with the organiser.

Manufacturers, WRC Teams and the nominated Tyre Supplier can access the area at a time agreed with the organiser. Priority 2 and 3 teams will have access on Monday, 27 September 2021 at 12.00, and non-priority competitors on Wednesday, 29 September 2021 at 09.00. Also, please note that the service park will be used for the last time for the 15-minute service on Sunday morning, after which the teams may start to rig down their service bays at 10.00.

The Covid-19 regulations for the service park change at 10.00 a.m. on Sunday, 3 October 2021, when limited numbers of non-HD staff of Manufacturer teams may enter the area for dismantling purposes. More info to follow. This concerns ONLY the service park, not the Rally HQ, Parc Fermé or Media Zone etc. Inside Rally HQ and other areas as marked on the Service Park Layout (as Appendix 4.1) Covid-19 regulations apply until 20.00 on Sunday.

All parties are kindly asked to respect these opening times. As there are other events in the area on the weeks leading up to our rally, please check carefully with Service Park Manager before trying to access the area before the times given.

Manufacturers or Tyre Supplier wishing to bring equipment or sea containers to the Service Park area before the given opening time must inform the organiser thereof. If the organiser has not received such notification, we cannot guarantee any access to the area. All costs of moving the equipment either within or from outside the Service Park to its final position will be borne by the relevant owner of the equipment.

Please note that it is absolutely forbidden to drive any anchors into the ground at any location inside the Service Park without the prior written consent of organiser's Service Park Coordinator. Competitors are reminded to prepare for fastening all structures with concrete ballast or equivalent. A list of minimum ballast for various types and sizes of temporary structures, as required by Finnish health and safety authorities, can be obtained from SP Manager, who may also be able to help you in sourcing such ballast on location (if contacted early). Should the given prescriptions not have been followed, the authorities may require the structures to be taken down.

Note: due to the later date in the calendar, the possibility of high winds and lower temperatures must be taken into consideration.

Competitors are kindly asked to remind all their team staff to always carry their Team/Service Passes, as there will be no access to the area without a valid pass and a High Density Area wristband at any time. More detailed information on restrictions concerning Low Density vs. High Density division will be given in the Covid-19 Delegate's Notes published in a Bulletin.

Teams located inside the exhibition halls must have at least two 6 kg fire-extinguishers ready and available at their service area at all times. A special location will be appointed outside the halls for any work which may cause a fire hazard such as welding. Minor fire work such as using angle grinders is allowed. **The storage of gas bottles or indeed the use of them for any purpose inside the halls is strictly forbidden. Should you carry any with you on arrival, they must be left to locked storage area outside the buildings.**

5.3 Opening hours and parking

The Service Park will not be open for spectators and Service Park area is mainly High Density area (details in Appendix 4.1).

Teams will be allowed to enter/exit the area at times different from those above with their Competitor/Service passes.

During the rally only vehicles with affixed Service and Auxiliary plates will be given access to the Service Park. Auxiliary vehicles may only enter the Service Park to bring or collect personnel and/or equipment. During service halts, it is absolutely forbidden to drive in the Service Park area. All cars must be parked to dedicated parking areas.

Due to the restricted space in the Service Park, private entries will not be given any auxiliary plates.

For the same reason all trailers and tractor units must be removed to the dedicated parking area outside Service Park.

Map to trailer parking area can be found from Appendix 2.5 (Jyväskylä City Map).

HD Parking for Tabard Media, Media, Auxiliary, Rally HQ and staff vehicles will be located in the car park inside the service park. LD Parking for LD Media and Staff located at harbour area. The car parks will operate during the rally week as follows:

Monday 27 September to Sunday 3 October after rally (until evening):

free access with organiser's car passes as given above, subject to available space in the garage.

Parc fermé will be located in the underground level of the car park, which leaves some 300 parking spaces for the auxiliary vehicles and media. Please note that the maximum height available in the car park is 2.15 metres!

Final parc fermé is located in Hall D of Paviljonki (same location as Flexi parc fermé). There will be a car wash facility available before entrance. Provided the Stewards have authorised the opening of the final parc fermé, cars must be removed by 20.00 hrs on Sunday 3 October 2021.

During the night Service Park will be closed. Accommodation of team staff in motor homes is not allowed inside the exhibition centre.

Covid-19 note: Please remember to study carefully the Covid-19 Delegate's Notes. Also, please be reminded that entry is only through HD gates as marked on the Service Park map, a face mask must be worn at all times outside your own service bay, all physical contacts must be kept to a minimum and you must take care of hand hygiene.

5.4 Facilities in the Service Park

Organiser's facilities:

The organiser will be offering the following facilities in the Service Park:

- waste collection for energy waste, oil, paper etc.
- toilet facilities (these exist both in the outside area as well as inside the HQ building)
- portable toilets at team area (for Manufacturers as per WRC Regulations)
- WLAN connection (cable connection available for Manufacturers by request)
- general security in the service park area
- water (direct pipelines to Manufacturers plus common sources for others)
- car wash before the TC IN

The organiser can contract various additional services for the Manufacturers and Tyre Supplier. The following services can be

ordered through the organiser:

Service	Price € (+VAT%)
Portable Toilet	160 €, including last emptying
Toilet emptying	40 €
Wastewater Tank	100 €, including last emptying
Wastewater Tank emptying	60 €
Motorhome septic tank emptying	60 €
Water connection	400 €
Cost for additional service space in Service Park area is 45 € + VAT 24% /m ² = 55.80 €/m ² .	

Subject to availability, the extra space can be offered to other competitors, too. Please contact Service Park Manager Mr. Juha Hautsalo, juha.hautsalo@autourheilu.fi.

Electricity inside exhibition centre:

Option	Price € (VAT%)
230/10Amp 1-Phase including all teams at inside	0
400V/16Amp 3-Phase	280 €
400V/25Amp 3-Phase	330 €
400V/63Amp 3-Phase	430 €
400V/125Amp 3-Phase	1000 €

Ordering of extra facilities

Extra facilities can be ordered directly from the event website. Orders must be made by using the Service Park Facilities Order Form, which can be found at www.rallyfinland.fi/en/official-documents/. Orders are valid only when accompanied by the total amount payable. In case of any other requests of extra facilities (for example waste bins for your team area), please contact Service Park Manager.

HD Restaurant at Rally HQ

Restaurant located Level 3 of the Rally HQ.

Restaurant serves breakfast, lunch and dinner. You can also order vouchers for meals or for the café products from the Sales in case you want to have several meals for your team. Please contact teija.makinen@autourheilu.fi.

LD Restaurant at Rally HQ

There will be no LD restaurant in the Service Park.

Further information (menus) and reservations:

Sales: Mon-Fri 08:00-16:00

Tel. +358 14 339 8143

e-mail: myyntipalvelu@paviljonki.fi

Shop-in-Service

The grocery store next to the service park is offering its services to competitors. The K-Supermarket Lutakko welcomes warmly all competitors to do their daily shopping.

For the Teams, K-Supermarket Lutakko is offering a service of daily delivered fresh fruit, vegetables, meat, fish - all within metres of your service area! Large quantities should be ordered beforehand, and if you place your orders via e-mail, all your shopping can be collected ready by the staff and you just pick them up from the shop. And to make it even more convenient, you can agree on flexible invoicing arrangements directly with the management.

Please contact Shop Manager Mr. Mikko Ruuskanen, tel. +358 50 5336 111 or mikko.ruuskanen@k-supermarket.fi.

Services provided by Go-on Ltd.

Go-on Ltd arranges the staffing for the Secto Automotive Rally Finland event smoothly according to your company's needs. We will recruit you promotional workers, restaurant industry professionals as well as roadies.

Go-on Sales Director Juha Kalajanniska (juha.kalajanniska@go-on.fi or +358 40 8217 511) will be happy to make you an offer on

personnel services. Further information on Go-on: www.go-on.fi.

Security

Extra security services are operated by K-S Turvamiehet. For extra security services (prices, availability etc.), please contact Mr. Lari Paanala, mobile: +358 407079432, e-mail: lari.paanala@kst.fi.

Dry-cleaning

Dry-cleaning services are provided by SOL Pesulapalvelut. For dry-clean and pick-up service, please contact jyvaskyla@sol.fi or by telephone +358 40 779 7269. Open Mon-Fri 09.00-17.00.

5.5 Environment, recycling and waste collection

All competitors and teams are kindly asked to use the recycling areas arranged at the Service Park. The organiser provides waste collection services in the Service Park according to the requirements of local authorities of environment and waste collection.

NOTE! All waste must be sorted according to the type of waste. Types of waste collected in waste points of Service Park are: energy waste, bio waste, paper, metal, glass, cardboard, plastics, solid oily waste, waste oils, and oily waters. All waste bins will be marked separately for helping the separation of waste types. In case of hazardous waste, please contact Service Park Manager. All waste collection facilities in Service Park are provided to a common use for all and it is forbidden to change their places. If any additional waste bins are needed for team area's own use, they can be ordered through the organiser. Also in those cases, sorting of waste according to the waste type is absolutely required.

It is absolutely forbidden to spill any oil or waste water on the ground in the Service Park (ground sheets must be used at all times)! For more information on oil spill protection and treatment, please see Supplementary Regulations and Rally Guide 2 Art. 13.8.

Before leaving the Service Park after the Rally (or possible retirement) each team must report to the Service Park Coordinator, who will check that their allocated area has been left in a good condition.

5.6 Flexi Service (FIA WRC. Art. 59)

The 45-minute flexi-service will be run according to FIA WRC, Art. 59. This means that the cars of P1 drivers will be driven directly from the 10-minute Technical Zone to the individual service bays, where the actual start of service will be marked on the timecard.

For all other competitors, the car may be left in the parc fermé after the 10-minute Technical Zone and taken later for the 45-minute service, or driven directly to service, when the service time starts from parc fermé OUT time control.

On arrival to their service bays, all drivers will be asked to be accessible to the public for autographs and photos, COVID-19 procedures permitting.

For the 30 min mid-day flexi-service on Saturday, the same procedure as above will be followed for the P1 cars. They receive a due time for Service OUT control on arrival to the Regroup IN. Others receive a due time for the Service IN control and stay in regroup until then.

5.7 Tyre Fitting Zone (FIA WRC, Art. 60)

There will be a tyre fitting zone on Friday 1 October between stages 3 and 4. An extended time of 20 min will be used, in order to allow competitors to use the area for fitting extra lights. Please read carefully Supplementary Regulations, Art. 12.8. Lay-out of the area will be given in the Road Book. TFZ will be followed by tyre marking and a remote refuel.

More information on transportation of tyres and other details will be given in a Bulletin.

Organiser's recommendation for Light Fitting

Please bear in mind that you always need to find a safe location to install your extra lights (for sunset times, see itinerary). The organiser recommends the following areas (subject to availability and space):

Friday

Sahlainen-Moksi 1 – Ässämäki 2: Petäjavesi Tyre Fitting Zone, RB p17B

Ässämäki 2 – Sahlainen-Moksi 2: RB p22/b17 + 200 m P-area on the right

Sahlainen-Moksi 2 – Oittila: RB p27/b24 P-area on the left

Saturday

Päijälä 2 – Arvaja 2: RB p50/b25 + 4700 m P-area on the right

Arvaja 2 – Patajoki 2: RB p54/b20 Teboil service station

Patajoki 2 – Harju 2: RB p67/b31, Harju Waiting Area

6. Two-way Radio

Radio equipment and frequencies

The Finnish Transport and Communications Agency (TRAFICOM) controls the use of frequencies in Finland and ensures that a sufficient number of frequencies are equally available in order to ensure that all users are able to operate in cooperative and legal manner.

Licence-exempted equipment

Equipment using collective frequencies can be used without a radio licence from TRAFICOM. However, users should be aware that there might be several users on these frequencies and interference may occur. Please see TRAFICOMs Regulation 15 on collective frequencies for licence-exempt radio transmitters (LA, CB, PR 27, RHA68, PMR 446 (analog and digital phones), etc.) and their use:

https://www.finlex.fi/data/normit/46615/05_Regulation_15AR.pdf

<https://www.traficom.fi/en/communications/communications-networks/wireless-cameras-video-links-and-microphones>

Radio licences

The use of certain radio equipment (private mobile radio (PMR), wireless cameras, radio microphones that does not meet licence-free conditions, etc.) requires a radio licence from TRAFICOM. TRAFICOM assigns the frequencies to be used in the licence and it is prohibited to use any other frequencies than those mentioned in the licence.

Radio licence applications must have been submitted to TRAFICOM by **Friday 20 August 2021** online by using the instructions given in Rally Guide 1.

For more information: www.traficom.fi/en or by e-mail: radiotaajuudet@traficom.fi

TRAFICOM will monitor the frequencies during the rally.

Radio inspections and cases of radio interference

There will not be radio inspections at the venue. In case of radio interference, please call: +358 295 390 241

Notifications of radio interference

<https://www.traficom.fi/en/notifications-radio-interference>

7. Fuel

7.1 FIA Fuel and Fast Couplings

All cars must be fitted with FIA fuel sample couplings for taking fuel samples (see FIA Technical List No. 5) and with FIA-specified refuel couplings (manufacturer: Stäubli, model: SPT 127 658 LJV). Also, see FIA WRC, Art. 62.

Safety Fuel Tanks

Competitors' attention is drawn to the prescriptions of the FIA ISC, Appendix J, Art. 253-14, which states that all cars in all groups (including NAT2/NAT4 classes) must be fitted with an FIA approved safety fuel tank, i.e. no car may use a standard tank.

The use of FIA fuel is obligatory for all priority drivers. For sporting, environmental and safety reasons, during the rally the fuel must be dispensed from a single source. Thus all cars driven by a priority driver must use this centralised refuel service. The total

price of the fuel will be 5.60 € + VAT per litre, including the refuel services at the site of the event. As per FIA WRC regulations Art. 62.2.1, no later than 3 weeks prior to the event (Friday 10 September 2021), the competitors must notify their fuel requirements to the sole supplier Total at the following address:

TOTAL ADDITIFIS ET CARBURANTS SPECIAUX

3 place du bassin, 69700 Givors, France

Contact details: Customer Service Assistant, Mehmet Basar, mehmet.basar@total.com

Order form will be available on the rally website under competitors' section.

Refuelling will be located at the Service Park Paviljonki (Shakedown, Sections 1-4), as well as in Petäjävesi (Section 1), Harjunsalmi (Sections 2-3) and Ruuhimäki (Section 5). The competitors need to pay special attention to the various refuel locations on the itinerary when making their service plans. Please note the COVID-19 regulations concerning team personnel at refuels, as well as at regroup (Section 5) before Power Stage.

FIA fuel will be available in the service park refuel zone during Shakedown and after TC 0, 6E, 10C and 15E. Complete refuel schedule can be found as Appendix 1.4.

GPS references and addresses of the Refuel Zone (FIA Fuel) locations:

RZ Paviljonki	62° 14.214'N 25° 45.385'E Address: Paviljonki Service Park (Shakedown, Sections 1, 2, 3 and 6, RZ 1,3, 5 and 8) FIA Fuel available in Service Park after TC 0, 6E, 10C and 15E
RZ/TFZ Petäjävesi	62° 15.492'N 25° 11.676'E Address: Imatran Voimantie 19, Petäjävesi (Section 1, RZ 2)
RZ Harjunsalmi	61° 41.088'N 25° 16.860'E Address: Nelostie 2817, Kuhmoinen (Section 2 and 3, RZ 4 and 6)
RZ/RG Ruuhimäki	62° 14.727'N 26° 8.446'E Address: Ajoneuvontie, Laukaa (Section 5, RZ 8)

7.2 Dispensing of Pump Fuel

The use of pump fuel is allowed according to FIA WRC, Art. 62.1.2 for all non-priority drivers and drivers in NAT Classes. Note that you must carry the adaptor as per FIA WRC, Art. 62.3.7 with you at all times and present it at the scrutineering. A list of pump fuel locations are published in Appendix 1.5 of this Rally Guide 2 and they will be marked on the Road Book of the rally.

The pump fuel will be dispensed at petrol stations as directed in the road book for the non-priority drivers who have indicated the use of it. However, these drivers' attention is drawn to the fact that the locations of available petrol stations for the pump fuel are not given in the itinerary of the rally (Appendix 1.1) and the distances from one refuel to the next are different from the ones given in the afore mentioned itinerary. The distances between the pump fuel petrol stations are given in Appendix 1.5.

Also, be careful to study the prescriptions of Art. 8.3 of the Supplementary regulations. Finnish competitors are reminded that equipment allowed in national events to assist in refuel operations, is strictly forbidden in Secto Automotive Rally Finland.

Competitors using pump fuel do not have to follow the route marked in the road book to visit the FIA fuel remote refuel zones, as given above in Art. 7.2 - NB! Be careful to follow any instructions given by officials concerning e.g. technical checks at the refuel zones. Competitors should note that some pump fuel locations require leaving the measured route, i.e. the distances change due to service station visits.

The competitors using pump fuel are reminded to check distances between refuel locations from appendix 1.5. Also, please note that there is no pump fuel available in the Paviljonki Service Park, but you must always return to the Parc Fermé (and end-of-day service) with enough fuel to reach the next refuelling in the following day.

Competitors who use pump fuel and retire from the rally, must refuel their car before reporting in the parc fermé for re-start in Rally 2. Refuelling in the service park area is forbidden, please contact scrutineers for instructions.

The competitors using these petrol stations are kindly asked to pay attention to other customers as the stations are open to public. The petrol stations have kindly promised the organiser to reserve at least one fuel pump for competitors use to minimise queueing. Please be reminded to settle the payment immediately after each refuelling at the petrol station till. Please take enough cash with you, in case your credit card should not work.

8. Import of Vehicles and Spare Parts

8.1 Tax Office Declaration for rally cars

All cars registered outside Finland and imported temporarily (maximum of 30 days) to Finland for the purpose of using them in a motorsport event must be declared to the Finnish Tax Office. Rally Office will supply all the necessary information to the tax office, provided that each competitor fills in the necessary details of their car(s) using the Google Form, which link can be found in Appendix 6 to this RG2. All car details must reach the organiser by Thursday, 16 September 2021 at the latest.

8.2 Competitors from the European Union

Competitors coming from the European Union do not need to make any special customs clearance. They may use any vehicle in Finland for up to 6 months without clearing it (except taxfree use of rally car, see Art. 8.1), provided that the vehicle is not brought to Finland with the intention of selling it. All vehicles need to have a valid traffic insurance. Tyres and spare parts can also be imported without clearance.

It is always good to have a list of tools and equipment you bring into the country, in case you will be asked to prove what you had with you on the way in.

8.3 Competitors from outside the European Union

Competitors coming from outside the European Union will have to report at the customs on their way in. Please prepare a list of all the tools and equipment you are bringing with you. This list will be stamped at the customs and they may collect a security (the amount is negotiable). Tyres are under customs as they are non-durable goods. The customs payment will be returned if the used tyres are exported from the country on the way out, as well as the security, if all equipment is exported.

For more accurate information, please contact the Finnish Customs Information Service Telephone +358 295 5202 or +358 295 5201. All competitors coming from outside EU countries have to report at the customs!

9. Helicopters

9.1 Registration

As in previous years, the organiser will be working in close co-operation with the Finnish Civil Aviation Authorities. This means all pilots using the helipads provided by the organiser must attend the pilots' briefing and must acquire the organiser's pilots' pack, including all GPS coordinates, aviation / rally maps, list of helicopters and pilots and the necessary ID plates for the helicopter. Price for this package will be 1500 Euros plus VAT 24%.

In accordance to FIA and WRC Promoter guidelines on helicopter use, all helicopters flying in support of the Rally must be registered with the organiser. Please find the Online Registration Form from event website. Form must be returned before Friday 10 September 2021.

The organiser retains all rights to accept or refuse the registration of any individual pilot or aircraft before or during the Rally. Also, please see AIS Products and Services at following internet address: https://ais.fi/ais/aipsup/AipSup_en.htm, where you will shortly find a Supplement concerning the rally.

9.2 Helicopter Pilot's Briefing

All pilots wishing to use the official helipads of the rally must register with the organiser using the registration form, which can be found on the event website. There may be restrictions concerning aircraft type used or experience level of the pilot. Deadline for the submission of helicopter registration forms is Friday, 10 September 2021. All private and exclusive landing pads must be informed to the organiser by the same date.

There will be two options for pilots' briefing:

- 1: Monday, 27 September 2021 at 15.00 (LT) at AKK Sports office in Kellokukantie 7, Vantaa (Finnish pilots)
- 2: Thursday 30 September 2021 at 16:00 (LT) at Jyväskylä Airport Terminal in Tikkakoski (for all those not in Briefing 1)

For approach information on Tikkakoski (EFJY), please see <https://ais.fi/ais/eaip/en/>. Be careful to fill in your correct e-mail address and phone number to your registration form, as organiser's bulletins will only be sent by e-mail. During the event, all the latest information concerning helipads or other important issues (e.g. WRC TV final drone locations) will be sent to the pilots as SMS.

Make sure that all pilots' phone numbers are given to AirBoss.

The operators must be ready to present all necessary documentation at the briefing, as well as to send copies of the required pilots'/operators' licences already at the time of registration. Any late arrivals must be informed to organiser well in advance. Briefings will be held by the AirBoss.

9.3 Restrictions & Instructions

The pilots flying in support of Secto Automotive Rally Finland 2021 must have flying experience in excess of 500 hours and at least 20 hrs logged flight time in 2021. The organiser requires that only helicopters with a capacity of carrying at least 3 passengers (plus pilot) are to be used during the rally. All pilots must attend the pilots' briefing and register with the organiser. Identification numbers given by the organiser must be attached to the helicopter (1 pcs 34x50 cm to both sides, i.e. two numbers altogether) for the duration of the rally for identification purposes.

All pilots are reminded of the following:

- please take a copy of your pilot's licence, medical and A/C documents to the briefing to be inspected by AirBosses
- please keep all your aircraft registration papers with you during the event
- always prepare your mass and balance calculations before take-off, as these may be required by FCAA inspectors
- check weather <http://www.ilmailusaa.fi/#> prior to any flight
- do not Hot Refuel if procedure is not accepted by FTSA (Finnish Transport Safety Agency)
- in the briefing you will receive instructions for flight plans
- advice by RTF of your intentions in helipads and 1 NM from helipads in English.
- flying over special stages is forbidden to ensure safe operation of filming helicopter

Only if these conditions are fulfilled may the pilot use the helipads listed in the official pilots' package. Also, please be careful to read the FTSA AIP Supplement from https://ais.fi/ais/aipsup/AipSup_en.htm, where you will find this special AIP Supplement concerning the Rally.

The airspace around special stages will be a temporary restricted area, an R-area, and only A/C which have been approved by AirBoss may enter these airspaces. During active special stages there will be a member of the AirBoss team in busiest helipads to advice and inform pilots of air traffic situation. These advices and information is to be regarded as advisory information, PIC will at all times be responsible of A/C safety.

All pilots wishing to use the other official helipads of the rally, or otherwise fly in the vicinity of the special stages, must register with the organiser using the online registration form, which link can be found from our event website, under competitors section. Inform organiser of all your privately arranged helipads! All private and exclusive landing pads must be informed to the organiser by 17 September 2021.

In all aspects AirBosses are the organiser's tool for better safety. We request that any anomaly or potential threat to helicopter activity will be reported to AirBosses. FTSA will participate to the event with one helicopter and will be checking A/C and pilots during the rally.

9.4 Drop Zone, Overnight Parking & Refuelling

There will be no DropZone at the service park / Rally HQ due to construction works at the harbour. The Day Park in Kuokkala must be used for any flights to Rally HQ. There is no access to the service park area for visitors.

Overnight parking is possible at DP (which is guarded night time from Thu evening to Sun morning, 20h00 to 08h00) or Jyväskylä Airport, unless other arrangements have been made by the pilot himself. These must be reported to the organiser. Please note that you always need a permission from the landowner to land.

In Finland, you must always have the landowners permission to land. Should any helicopter land without such permission, the landowner may charge whichever sum he may see suitable.

Drones will not be allowed in the event airspace.

For any refuelling inquiries, please contact ari.tolonen@treveco.fi. More information to be published at In-Flight Guide.

10. Hospitality arrangements

10.1 Hospitality events

In the Secto Automotive Rally Finland official hospitality events, you get to enjoy world-class rally entertainment in superior settings and from the best seats in the house, in the city of Jyväskylä.

There are two different level of events to choose for from two days of the rally, from Friday 1st to Saturday 2nd of October, on the Harju city special stage.

All VIP packages include entry to the special stage, as well as the following:

- High quality catering (by Food Camp Finland Ltd.)
- Welcome drink
- Stylish VIP area with bar or terrace
- Great view of the Special Stage
- VIP personnel and presenter to look after guests
- Exclusive restrooms

CITY SPECIAL STAGES:

VIP Harju

SS1 Fri 1.10. at 13:30*

Price €299/ person (+ VAT 24%)

VIP Harju Premium, first-class VIP experience

SS1 Fri 1.10. at 13:30*

Price €489 / person (+ VAT 24%)

VIP Harju

SS15 Sat 2.10. at 20:00*

Price €299/ person (+ VAT 24%)

VIP Harju Premium, first-class VIP experience

SS15 Sat 2.10. at 20:00*

Price €489 / one person (+ VAT 24%)

* Starting time for first car

OTHER SPECIAL STAGES:

The events are produced by our partner Aki Teiskonen, tickets are available through us.

More information about the events <https://www.teiskonen.com/ralli-vip-paketit/>

For more information on the facilities and schedules on each hospitality event will be available on our website www.rallyfinland.fi.

10.2 Sales and VIP Bookings

Should you be interested in the hospitality, do not hesitate to contact our sales. For more information, please visit the hospitality section on the Secto Automotive Rally Finland website www.rallyfinland.fi or contact:

Sales:
Sanna Heinonen
sanna.heinonen@autourheilu.fi
+358 50 331 0182

Production:
Teija Mäkinen
teija.makinen@autourheilu.fi
+358 40 358 6609

11. Accommodation and Travel

11.1 Accommodation

Please note: Hotels in the Jyväskylä area are mainly booked for registered teams and media representatives. All others are kindly asked to look for alternative accommodation in smaller hotels, hostels, private flats, cottages etc. Different alternatives for accommodation can be found from <https://visitjyvaskyla.fi/en/stay/>

11.2 Services in Jyväskylä Paviljonki

Service Park and Rally HQ will all be operated under High Density Area rules, apart for some small part open for Low Density media and rally officials.

The restaurant on Level 3 of the Rally HQ will be reserved for HDA accredited persons. Teams may pre-order meal tickets for their staff / drivers for breakfast, lunch and dinner. For more information and bookings, please contact teija.makinen@autourheilu.fi.

11.3 Airports and Travel Arrangements

11.3.1 Flights

The Jyväskylä Airport is located in Tikkakoski, 21 km north of Jyväskylä and it is mostly served by Nyxair. For more information of airport please visit: www.finavia.fi.

Nyxair flies rally people from Helsinki-Vantaa (HEL) to Jyväskylä (JYV). Check out Nyxair's daily schedules and book your tickets from: <https://flynyx.com/>.

11.3.2 Trains

Travelling with the environmentally friendly VR Trains is easy way to travel around Finland. Jyväskylä is well connected by rail to other Finnish cities. Best connection from Helsinki Airport to Jyväskylä is to take the train from the airport. The journey from Helsinki takes from 2 h 45 min to 3 h 30 min, depending on the train. From the Helsinki airport, you can find train connections to Jyväskylä for as cheap as 15 euros. Tickets and schedules on: www.vr.fi.

11.3.3 Buses

National bus service, Matkahuolto, takes you comfortably to Jyväskylä. Purchase tickets and check the timetables of all different bus operators on: www.matkahuolto.fi. Matkahuolto customer service: tel. +358 (0) 200 4000 (Mon-Fri at 8:00–17:00). Buses to Jyväskylä will arrive at the Jyväskylä Travel Centre.

OnniBus.com, the express bus service based in Finland, is a value way to travel inter-city across the country. Tickets, schedules are available on www.onnibus.com. We recommend to book online early to secure the lowest price and special fares.

Special Stage Transportation

There will be bus transportation to three special stages from the Jyväskylä Travel Centre: Sahloinen-Moksi on Friday, Arvaja on Saturday and Ruuhimäki on Sunday.

More information on the timetables, ticket prices and pre-booking of tickets can be found from our website and our online ticket shop at <https://tickets.rallyfinland.fi/rally-finland>.

11.3.4 Jyväskylä Travel Centre

The Jyväskylä Travel Centre is a bus and train terminal in the centre of the city. It offers easy access to the city centre and to the Paviljonki Rally HQ. The Travel Centre has ample parking nearby.

You can buy tickets for Matkahuolto buses and VR trains. In addition, the Travel Centre has restaurants and small shops where you can buy something to eat and read for your trip.

Address: Hannikaisenkatu 20, 40100 Jyväskylä
Open: Mon–Sat from 6:00 to 22:00, Sun from 8:00 to 22:00.

11.3.5. Ferry Services

Three ferry companies provide transportation for rally fans between Helsinki and Tallinn.

Eckerö line phone service: tel. +358 9 2288544 (mon-fri 8 – 19) for more information, please visit: www.eckeroline.com
Tallink-Silja phone service: tel. +358 (0) 600 157 00 (mon-fri 9-18) for more information, please visit: www.tallinksilja.fi
Viking line phone service tel. +358 9 123574 (mon-fri 08.00–17.00) for more information, please visit: www.sales.vikingline.com

11.4 Secto Automotive Rally Finland HQ Hotels

The official HQ Hotel, Original Sokos Hotel Alexandra, will host the Secto Automotive Rally Finland ticket office for the event week. In addition, the accreditation will take place in the hotel. Original Sokos Hotel Alexandra is located centrally in Jyväskylä, opposite the Travel Center (Matkakeskus) and only a short walking distance from the Paviljonki Rally HQ. The media accreditation takes place in the Original Sokos Hotel Alexandra (Hannikaisenkatu 35, Jyväskylä).

The other official hotel for Secto Automotive Rally Finland is Sokos Hotel Paviljonki. Finland's first ever city centre congress and exhibition hotel welcomes rally guests in the heart of the Paviljonki area with unique surroundings and services. Within a few minutes walking distance from the hotel you can find the Jyväskylä Travel Centre, too.

HQ Hotel contact details:

Sokos Hotel Alexandra
Hannikaisenkatu 35
FI-40100 Jyväskylä
Sokos Hotel Paviljonki
Lutakonaukio 10
FI-40100 Jyväskylä

telephone: +358 20 1234 642
e-mail: alexandra.jyvaskyla@sokoshotels.fi
www.sokoshotels.fi/fi/jyvaskyla/sokos-hotel-alexandra
telephone: +358 20 1234 645
e-mail: paviljonki.jyvaskyla@sokoshotels.fi
www.sokoshotels.fi/fi/jyvaskyla/solo-sokos-hotel-paviljonki

12. Reconnaissance

12.1 Registration

Online reconnaissance registration forms (see link at Appendix 6) must be sent to the organiser as follows:

Date and time: Monday 27 September 2021 21.00 at the latest

The same deadline is also valid for reservation of material collection time slot (link will be sent to all competitors when the online reservation system is opened). All reconnaissance and rally materials may be collected on Tuesday 28 September during your reserved time from the Rally Office, by a team member duly designated in writing.

12.2 Reconnaissance GPS Trackers

All drivers must carry GPS recorders during reconnaissance, supplied by official FIA supplier SAS (FIA WRC, Art. 25.4.4). Collection will be during the material collection (as above) at the Rally HQ. An OBD2 power connection must be made available in the reconnaissance car.

Tracker rental costs are as follows:

P1 & P2 & P3 Drivers	300 €
Non-priority	130 €

12.3 Reconnaissance schedule

Main part of the recce will be done over two days (Wednesday-Thursday), only SS Harju will be done on Friday morning. The competitors will be divided into two groups during the reconnaissance as per supplementary regulations.

Reconnaissance schedule can be found as Appendix 1.3. The distances from finish to start are measured using Genimap GT Suomi Pro map programme.

12.4 Marking of the Route

All 5 km radio points will be marked on the route using miniature radio point signs.

Red and yellow turning arrows will be used in certain junctions considered by the organiser to require special attention. During reconnaissance, there will be red arrows on both sides of the road at the junction, pointing to the direction of the turn. In addition

to the these red arrows, there will be yellow arrows as advance signs 100 metres before the junction on both sides of the road during the actual running of the rally. Please note that these arrows are not used in all junctions, but the road book must be used to follow the rally route on the stages during recce.

The road book contains some comments to be noted during the recce. Maps for the recommended route from SS finish back to start include distances between junctions, and Road Book references where applicable.

12.5 Prohibited Road Sections during Reconnaissance

Prohibited Road Sections during Reconnaissance

The following roads and pavements are not to be used during reconnaissance:

- the pavements used within the Paviljonki Service Park
- the use of any private roads which are not a part of the itinerary of the rally, for example taking a short cut through roads leading to private houses is forbidden
- Regroup area at Ruuhimäki and Refuel Zone Ruuhimäki (RZ 8): At page 85, box 17, please follow the reconnaissance map in Road Book

Other useful hints and instructions for Reconnaissance:

Competitors using pump fuel during the rally should take this opportunity to visit the petrol stations they plan to use, in order to see the route and to estimate the time they will take for it.

The competitors are kindly asked to use the routes suggested by the organiser between special stage finishes and starts. These routes will be given to competitors in the Road Book maps. Entering and leaving the special stage elsewhere than through start and finish controls is prohibited.

The crews are not allowed to drive in the opposite direction of the rally on the special stages, unless given particular directions to do so by the organiser, their representative or the police. Exception: it is permitted to drive against the rally direction on SS 7/11 Kakaristo-Hassi at RB p. 43, box 4 (see reconnaissance route map in RB).

Please note! - School time!

Schools have started. There are several schools along the rally route, not to mention all the children walking, cycling, scooting and school-bussing their way to school and back using these same, narrow roads as you are. Behave.

12.6 Speeding Offences during Reconnaissance

During reconnaissance, any speeding offence whether recorded by SAS, police or officials on a special stage or on a road section, will result in fines levied by the Clerk of the Course, as per FIA WRC, Art. 34.2. The amount of the fine is unaltered by any fine that may or may not be levied by the Police.

The fine is doubled for all drivers if 2nd offence committed in the same rally.

Severe traffic violations, including speeding, during the reconnaissance or the rally, may lead to losing your driving licence. This may result in exclusion or refusal to start.

13. Scrutineering, Sealing and Marking

13.1 Location

Scrutineering, marking and sealing will take place either in the Service Park (Manufacturer Teams) or at Gradia, Wilhelm Schildtin katu, Jyväskylä (other competitors). Road book to scrutineering can be found as Appendix 3.1.

13.2 Times / Schedule

The cars of registered Manufacturer Teams will be scrutineered on Thursday, 30 September 2021 at 08.00-10.30 by engineering certificate only - for schedule please consult Official Bulletin. They will have their spare parts sealed in the Service Park Paviljonki.

For non-manufacturer entered Priority 1, Priority 2, Priority 3 and non-priority drivers, scrutineering (including sealing of all cars and marking of spare parts) will take place according to the following schedule:

Thursday 30 September 2021

14.00–14.30	4, 22, 23
14.30–15.00	26, 29, 34
15.00–15.30	21, 27, 37, 40
15.30–16.00	20, 24, 25, 48
16.00–16.30	28, 30, 45, 46
16.30–17.00	31, 32, 35, 36
17.00–17.30	38, 39, 41, 43
17.30–18.00	47, 49, 50
18.00–18.30	51, 53, 54
18.30–19.00	52, 55

13.3 Preparations for Scrutineering and Sealing

Read carefully Article 11 of the Supplementary Regulations!

Due to the ongoing Covid-19 pandemic, there are restrictions in the number of team members allowed to be present at scrutineering, and procedures in presenting the car and drivers' equipment which differ from normal. Please see separate instructions sent at a later date and/or Covid-19 Delegates Notes, due to be published soon.

In reference to the FIA WRC regulations, articles 16, 17 and 31 concerning the use of mechanical components, sealing and marking, all competitors are asked to carefully read these articles.

These regulations order competitors to prepare for sealing (valid to ALL competitors) :

- turbochargers/compressors and air restrictors
- engine block
- all transmission units (front/central/rear differentials and gearboxes, the ones installed and spares)

For the purpose of controlling the engine block and chassis used during the rally, these will be sealed on all cars.

This means that the competitors must themselves make all the preparations for sealing before arriving to the scrutineering, i.e. they have to drill the holes for the sealing wires and they must have a reliable wire installed in these holes. Wire shall go through at least two bolts. The wire may be wrapped for a maximum of 20 mm after last bolt, and an excess of at least 20 cm of the unwrapped wire must be available. This way the scrutineers only have to check the parts and the wires, as well as do the actual sealing. The sealing holes on the engine block (solid part in block) should be placed so that the seal is easily accessible and visible when opening the bonnet. If the sealing wires are not fitted correctly, car is not allowed to continue the scrutineering.

All underbody protection hindering these operations must have been removed from the car before coming to the scrutineering. Anyhow, these items must be carried with the car for the purpose of weight checks. If sump guards or shields are not removed, car is not allowed to continue the scrutineering.

- The sealing will be carried out during scrutineering
- Competition numbers must be attached to the cars before the scrutineering (NB! Please note the correct positioning of the number plates, see Supplementary Regulations, appendix 3) . See also 2021 WRC Sporting Regulations art. 27.
- Do not forget the Championship windscreen stickers, door panels and tyre manufacturer stickers supplied by WRC Promoter/FIA
- FIA watermarked & stamped copy of homologation form must be presented in the scrutineering. Note, that printed copies are not accepted. As an addition, the original homologation document of homologated rollcage must be available, with matching numbers. Special effort is aimed to rollcage structure and weldings (compliance with specs/drawings and welding of whole perimeter of the tube).
- Please note also the regulation concerning FIA protective padding on safety cage (Appendix J, Art. 253-8.3 (2021) or 253-8.4 (2021) or 253-8.3.5 (2021).
- Seat support mountings must comply with the homologation or App. J
- There will be a mandatory noise check at the scrutineering (maximum acceptable level is 103 dB at 3500 rpm). Cars which are over the limit will not pass scrutineering. Noise levels are monitored throughout the event.
- Silvered or tinted films are allowed on rear and rear side windows only (Appendix J, Art. 253-11)
- All cars having a non-standard catalytic converter must have the catalytic converter homologation document with the car
- all driver's equipment must be presented in the scrutineering (also spare ones); NOTE! Embroidery, printing and / or transfers

must be done according to the FIA Appendix L, Chapter 3.

- Please note regulation on safety fuel cells (Appendix J, Art. 253-14). Certificate of the FIA FT fuel cells must be available.
- Any national regulations of the App. J art 253 (Safety) do not apply in this event
- Each car must have OK/SOS sign complying with the FIA WRC, Art. 53.2
- Please read carefully FIA Appendix J, Art. 253-13 concerning compulsory circuit breakers
- Please read carefully FIA Appendix J, Art. 253-7.1, 7.2 and 7.3 concerning extinguishers and anti-torpedo device

Please note that there is no time to fix non-conformities in the scrutineering, so make sure everything is in order when arriving to scrutineering! ALL repair checks will be done on Friday morning, 1 October 2021 at 07.30–09.30 (worst case scenario: this may ruin your Shakedown!). In case of any doubts, rather ask us before coming to scrutineering!

Should any questions arise, please contact Mr. Kari Erola at mobile: +358 43 824 4053 or e-mail kari.erola@gmail.com.

13.4 FIA Safety Tracking System

All competitors must carry an FIA Safety Tracking Unit in their rally car. SAS will distribute the units to all Priority drivers in their service area. Other competitors must collect the units from the SAS Workshop, located in Service Park, times given in Art. 3 Programme. Any damage occurred during the event will be invoiced afterwards

The installation and operating instructions of the SAS Safety Tracking System can be found as an appendix to the Supplementary Regulations on event website.

Should a crew retire, the equipment must be returned immediately to SAS Workshop. The units must be removed in the Final Parc Fermé and returned to SAS no later than 20.00 on Sunday, 3 October.

Competitors are reminded that penalties will be applied by the Stewards under FIA WRC, Art. 53.3.3, if the OK button is not pushed after stopping on a stage with no need for medical assistance.

There will be a drivers' safety briefing on Thursday, 30 September 2021 at 19.00 as a video conference, concerning the use of the SAS tracking system. List of attendees will be published in a bulletin.

13.5 Traffic Insurance

All competitors are reminded that competing cars must have an insurance that complies with the Finnish Insurance Code as described in the Supplementary Regulations Art. 5.1. The article demands all competing cars to have a third party insurance which is valid on special stages. The organiser will have such an insurance available for cars registered outside Finland for the duration of the rally.

In order to be able to take this insurance for the correct vehicle, you must fill in the Tax Declaration form (RG2, Art. 8.1) timely on 16 September 2021, as the same information will be used for the insurance application.

If you have any questions about traffic insurance, please contact Rally Office.

13.6 Final Checks

The final checks will take place on Sunday 3 October 2021 at 15.45 in Gradia, Wilhelm Schildtin katu, Jyväskylä (see road book as Appendix 3.1).

For details, see Supplementary Regulations, Art. 15.

13.7 Onboard Cameras

All competitors planning to carry an onboard camera during the rally are called to read carefully WRC Sporting Regulations, Art. 18.1 and our supplementary regulations, Art. 11.10, and accordingly send all information required to the WRC promoter, as well as have the camera fitted in the scrutineering for safety inspections.

The official TV company may enter media zones, regroupings and the overnight parc fermé, as well as exits of refuel zones and locations given in a Bulletin to maintain the on-board cameras on condition that there is a team member present.

13.8 Oil Spill Kits

As per Supplementary Regulations, Art. 11.6, all competitors are required to carry an oil spill kit capable of absorbing all oil-based fluids in the car's systems.

14. Shakedown Stage

14.1 Who may participate

Shakedown is open to all drivers according to the schedule below on Friday, 1 October 2021 at 08.01–12.00 in Vesala. Apart from Priority 1 and Priority 2 drivers, all those wanting to participate to the shakedown must inform the organiser thereof using the Shakedown Entry Form found as a link in Appendix 6.

14.2 Location

Shakedown will take place in Vesala, approximately 20 km from the Rally HQ/Service Park. The stage is 4.04 km in length and will be driven to opposite direction compared to previous years. The service area is the same as in the rally, the Paviljonki Service Park. FIA fuel will be available in the Service Park during the Shakedown.

14.3 Schedule

Friday, 1 October 2021

08.01–09.00	Shakedown for Priority 1 and other requested drivers
09.01–10.30	Shakedown for all Priority drivers (Optional)
10.31–12.00	Shakedown for non-priority drivers (Optional)

Start list (P1 and requested drivers) for Shakedown will be published on Thursday, 30 September 2021 at 19.00. Please see Supplementary Regulations, Art. 12.2.

14.4 General information

The shakedown stage will be run like a special stage. Competitors must use helmets, overalls, etc., just as on special stages during competition.

Under current Covid-19 restrictions passenger rides under FIA WRC, Art. 36.4 are not allowed without a special permission from the FIA. However, any person found onboard the car during shakedown, who is not part of the entry for the rally must sign a disclaimer which indemnifies the organiser. This disclaimer can be asked for from the Rally Office before Friday morning. The passengers also need to comply with all regulations concerning drivers' equipment.

15. Start Procedure

15.1 Ceremonial Start

There will be no separate ceremonial start in the rally.

15.2 Location and time

The cars will start from TC 0 on Friday, 1 October 2021 from 13.07 according to the starting list published at 10.00 on the same day.

15.3 Procedure and instructions

The crews are requested to be in the start area max. 10 minutes before each car's individual starting time.

There will be no service between the start and special stage 1. Time cards will be given at TC 0. Please see appendix 4.4.

FIA fuel will be available after TC 0, please see Rally Guide 2, Appendix 1.4 Total - Refuel Schedule.

16. Finish Procedure

16.1 Official Finish of the Rally

The official finish of the rally will be TC 19B (Final Parc Fermé IN).

16.2 Finish Podium and Prize-Giving Ceremony

The Power Stage Holding Area starts at the STOP control and ends at TC19A. In this area cars are under parc fermé

rules (FIA WRC, Art. 63.1.4). Between the STOP control and TC19A all cars are neutralised and the crews must follow marshals' orders. At TC19A each crew will be given their actual start time for the last road section to the final time control, TC19B.

Maximum time for the Power Stage, from the start to the STOP control, is 30 minutes after which the crew will accrue penalties for lateness as stipulated in FIA WRC Art. 44.2.10. Thus any crew exceeding 60 minutes from Power Stage start to STOP will be considered to have exceeded their maximum permitted lateness and to have retired as per WRC Art. 45.1.

Contrary to the prescriptions of FIA WRC, Appendix IV, a combined procedure for the Power Stage finish and the rally prize-giving will be followed. Exhibition driving under FIA WRC, Art. 34.1.3 is permitted, under marshals instructions.

The first car to go over the podium will be the winner of the rally, who will drive on to the podium directly from the STOP control, provided the winner is the crew anticipated as such when deciding the start order for the Power Stage. The winners will be joined by the crews in position 2 and 3 for the traditional champagne spray and prize-giving. This will be followed by a similar ceremony for the Top Three crews of WRC 2 and WRC 3, to be followed by other drivers. When released by officials, Priority 1 drivers not receiving any prize may advance directly to TC 19A and the following road section towards the final parc fermé if they so wish.

There will be a photographers' area for LD photographers at the podium area. There are no interview areas at the podium area, but there will be a Media Zone before the TC 19B Parc Fermé IN at Paviljonki Service Park.

All cars are under parc fermé rules from the STOP control all the way to TC 19B, which marks the end of the competition element of the rally and entrance to the final parc fermé. Selected cars will be taken to final scrutineering after TC 19B. The top three crews will then be taken to the FIA Press Conference via video link.

For FIA WRC 2 and WRC 3, there will be similar ceremony and press conference after arrival to final parc fermé. After this, all other crews will receive their awards.

17. PR-Activities

17.1 Vetomies – The National Rally

One of the most popular side events of Secto Automotive Rally Finland, the "Vetomies" rally, will be run again this year, as per tradition. This event is a national rally, and open for both national and international competitors.

There are actually two classes in the Vetomies competition: "Nelivetomies", where competitors drive four-wheel drive cars, and the original "Vetomies" category with two-wheel-drive cars. All the cars comply with Finnish national regulations, so they can't be seen on the start line of a World Rally Championship competition. The majority of the cars entered in competition are Group F rear-wheel drives, so there will be some pretty impressive driving action out on the stages, guaranteed!

This year the Vetomies route consists of five Secto Automotive Rally Finland special stages, starting from SS 7 Kakaristo-Hassi 1 on Saturday morning and ending at Harju 2 on Saturday evening. Vetomies runs on the first four stages after the WRC event and then in Harju before the WRC. The total distance of the rally is 77.13 SS kilometres. The Vetomies prize-giving celebrations will be held at Harju Special Stage on Saturday 2 Oct 2021 at 18.15.

17.2 Historic Car Parade at SS1 Harju 1

On Friday, the Rally Museum Parade honouring the Jyväskylä history will run along the stage before the start of Harju at approximately 12:30 featuring cars and drivers from different decades of the event's history. We will see e.g. Mercedes Benz 220SE (original Rally Finland winning car from 1961), Mitsubishi Lancer, Saab 96 V4, among others.

17.3 Official Merchandise

In the AKK webshop at www.shop.flyingfinn.fi you can find all the Secto Automotive Rally Finland official merchandise, which you can easily order well in advance. For shopping opportunities during the event, please see more details in the event website.

Official Secto Automotive Rally Finland merchandise are sold by the product license partner High Peak.

17.4 Official Photoshoot at the City Hall

A group photo will be taken on Thursday, 30 September 2021 at 18h15 in front of the Jyväskylä City Hall (Vapaudenkatu 32, Jyväskylä). Attendance by all Priority 1 crews (driver and co-driver) is mandatory. In addition to the drivers, one WRCar from each manufacturer must be made available for the group photo. The cars need to be brought to the City Hall by 18h00, in order to position them correctly for the photo.

More information on the arrangements and positioning of the cars will be given at a later date.

18. Media

18.1 Media Contacts before the Rally

FIA WRC Media Delegate:	Vera Dussausaye
telephone:	+41 22 544 45 48
mobile:	+41 78 978 96 99
e-mail:	vdussausaye@fia.com
National Press Officer:	Linda Hirvonen
mobile:	+358 45 329 9696

Secto Automotive Rally Finland Official Programme – All-new extensive info package

This year the Official Guide will be published in two different formats, as digital as well as a printed tabloid version on 22nd of September.

The digital version will be free-of-charge and becomes available via the address KSML.fi. The printed paper can be purchased for price of 2 euros in all the Shell Helmisimpukka service stations and in all the Jyväskylä city hotels. You will also be able to buy it at the rally info point.

The Official Guide will reach 3,1 million readers in Finland through KSML-channels, and it's made both in Finnish and English.

19. Medical and Safety Service

19.1 Medical Information

At the administrative checks before the rally all drivers must present their Medical Certificate of Aptitude in accordance with the FIA medical standards, and as given to them by their own ASN. Normally this Medical Certificate of Aptitude is included to International Competitor's License, but if it is not, competitor is responsible to present a separate document.

A decision in accordance with Finnish law has been taken by the Health Care District Central Finland that an individual living

elsewhere than in Finland must pay the total cost of treatment received unless other provision has been made in international agreements.

Residents of EU/EEA/ and Switzerland

By presenting your European Health Insurance Card, you will receive medical treatment on the same terms as the local residents. However, not all doctors and hospitals operate within the reimbursement system, which means that any costs you incur outside the system will have to be paid by yourself. As a general rule, public health services are covered by the reimbursement system.

The European Health Insurance Card mainly covers emergency treatment in the event of an illness or injury and other medically necessary treatment. You can also get medical treatment if you have a pre-existing chronic condition that requires medical attention while you are abroad.

Please contact your national health insurance authorities to get your card before travelling to Finland.

Residents of other countries

If you are a resident of a country other than those mentioned above, the patient charge will be the equivalent of the total cost of treatment plus the patient charge for an individual living in Finland.

Payment of the patient charge

If you require first aid, collection of the patient charge will be made as you leave hospital. Collection of the charge will take place in advance in cases where you have agreed with the hospital on treatment that is not urgent.

Should an insurance institution be responsible for your patient charges, acceptable evidence of this must be presented to the hospital.

All competitors living in the European Community should organise themselves a European Health Insurance Card to be able to get free medical services at the communal health care centres and hospitals. This card can be obtained from your local social services.

Medical Services in Service Park Paviljonki

Service Park Medical Centre is marked on the service area map with a cross symbol. A doctor will be present during the opening hours of the service park with medical staff in attendance. This medical unit will help you with any medical problems you may have or organise transportation to further treatment when necessary. Our ambulance will respond to any accidents that may occur in your service areas. The unit will be open as follows:

Friday 1 October	07.00-24.00 (at least)
Saturday 2 October	06.30-24.00 (at least)
Sunday 3 October	07.00-16.00 (at least)

You can reach the unit through rally control emergency numbers (in road book) or directly at +358 50 345 7296.

19.2 Medical information related to Covid-19 pandemic

Secto Automotive Rally Finland and AKK Sports Ltd. take the COVID-19 pandemic seriously. We are doing our utmost to ensure safe organizing of the event under health & safety regulations.

Due to the rapid changes in the pandemic situation globally, changes in the prescriptions, regulations and restrictions as given by the FIA as well as the Finnish authorities may be expected at short notice.

All questions regarding COVID-19 issues must be sent to covid-19@autourheilu.fi.

Accreditation and COVID-19 self-declaration form

All stakeholders' attendees attending Secto Automotive Rally Finland must accredit themselves to Secto Automotive Rally Finland via COVID-19 self-declaration form. This form will be published on Secto Automotive Rally Finland website <https://rallyfinland.fi/en/covid-19en/> on 31 August 2021. The accreditation for all stakeholders' attendees must be done by 13 September at 19.00. If you have any questions regarding the accreditation and self-declaration, please contact Secto Automotive Rally Finland COVID team at covid-19@autourheilu.fi.

Please also remember to send your stakeholders' FIA Covered Event Attendee lists Attendee Commitment forms for new attendees to covid-19@autourheilu.fi AND to covid19_WRC@fia.com as instructed in FIA Covered Event Attendee List instructions.

Entering Finland during COVID-19 pandemic

Please make sure you check the up-to-date information on what are the conditions to enter Finland during the COVID-19 pandemic on: <https://raja.fi/en/covid19-info>. The attendees must comply with the regulations and restrictions of Finnish government and Finnish Border Guard to gain entry into Finland.

The organiser will provide all stakeholders with special permit from Finnish Border Guard to ensure fluent entry into Finland during the event. The organiser will also provide a letter of derogation for you. These will be sent to each stakeholders' responsible person after the accreditation period is finished. If you need the permit or letter of derogation prior to that please contact covid-19@autourheilu.fi

Testing procedures before, during and after the event

FIA has ruled that in order to gain entry into High Density Area (HD) each attendee must undergo COVID-19 PCR testing. As defined by the local health care authorities, the test cannot be more than 48 hours old when entering the HD area.

The test must be taken in Finland, either during border crossing or in organiser's testing partner's facilities in Jyväskylä or at one of their other facilities in Finland. Testing facility and COVID Accreditation Centre are located near Service Park at Schaumanin Puistotie 18, Jyväskylä (see Service Park layout as Appendix 4.1 and Rally HQ Layout 4.1 for location).

The official COVID-19 testing partner for Secto Automotive Rally Finland is 9Lives. You can take your test from other testing facilities other than Jyväskylä within their opening hours. More info and other testing sites can be found on <https://korona.9lives.fi/en/coronavirus-testing/>.

Jyväskylä COVID-19 testing facility opening hours are as follows:

Sunday September 26th: 12.00-20.00
Monday September 27th: 10.00-20.00
Tuesday September 28th: 10.00-20.00
Wednesday September 29th: 14.00-20.00
Thursday September 30th: 12.00-16.00
Friday October 1st: 12.00-16.00
Saturday October 2nd: 12.00-20.00
Sunday October 3rd: 12.00-20.00

COVID Accreditation Centre opening hours are as follows:

Sunday September 26th: 16-19
Monday September 27th: 10-21
Tuesday September 28th: 9-20
Wednesday September 29th: 9-20
Thursday September 30th: 10-20
Friday October 1st: 10-16
Saturday October 2nd: upon request
Sunday October 3rd: 10-16
Monday October 4th: upon request

Testing prices, additional information and purchase methods will be announced latest on 6 September on Secto Automotive Rally Finland website. Please make sure you book and pre-purchase your test in advance. There will also be a testing facility in Secto Automotive Rally Finland Service Park area for accredited attendees'. Please make sure to comply with airline and your travel destination's regulations when leaving Finland after the event. Book and pre-purchase needed tests in advance!

COVID-19 protocol during the event

The organiser has compiled a COVID-19 safety plan for the event. We are making everything we can to ensure a safe rally for all attendees. The organiser has taken measures to ensure minimum contact between people and making sure that the HD accredited attendees will not be in contact with other attendees and spectators. Read carefully the FIA Covid-19 Delegate's Notes as given in a Bulletin.

In case of symptoms or positive COVID-19 test result

If any attendee has any symptoms they must self-quarantine in their accommodation and contact Secto Automotive Rally Finland COVID-19 Manager.

Provisional information

All up-to-date information will be found on Secto Automotive Rally Finland website: <http://www.rallyfinland.fi>. If you have any questions please contact Secto Automotive Rally Finland COVID-19 team at covid-19@autourheilu.fi. Also Secto Automotive Rally Finland COVID-19 Manager Mr. Saku Jokisalo answers your questions on tel. +358 40 564 0928.

20. General Facts and Information

20.1 General Facts about Finland

Population

5.587 million, giving an average density of only 17.4 per sq. kilometre; annual growth rate 0.127%. Life expectancy 81.55 years. The demographic pyramid resembles that of most other industrial countries, with the middle-aged groups predominating. Average household sizes 2.1 persons. 54% of the population live in single-family houses, 46% in apartment blocks; room area per person 36 sq. metres. 85.6% are urban-dwellers, with 1.3 million in Helsinki and the adjacent cities of Espoo and Vantaa. Other major cities include Tampere, Oulu, Turku, Jyväskylä, Lahti, Kuopio, Kouvola and Rovaniemi.

Area

338,145 sq. kilometres, of which 11.3% is water. There are more than 60,000 lakes in Finland. 7% of the land is under cultivation,

barley and oats being the main crops. Forests (mainly pine and spruce) cover 76% of the country.

Climate

The Finnish climate is considerably milder than one might expect from the country's northerly location. There are major variations in the seasons. During the rally, it is late autumn and the weather may vary quite a lot. It can be sunny and well over 10 degrees Celsius or it can rain (monthly average 60 mm) and be only about 5 degrees Celsius.

Time zone

Finnish time is two hours ahead of Greenwich Mean Time (GMT +2 hours). Daylight saving time is used from the last Sunday of March to the last Sunday of October.

Sunrise - Sunset at Jyväskylä during the event

Friday 1 October	sunrise at 7:24	sunset at 18:48
Saturday 2 October	sunrise at 7:27	sunset at 18:44
Sunday 3 October	sunrise at 7:30	sunset at 18:41

Civil twilight starts at about 6:40 and ends at about 19:30 at this time of the year.

Language

Finnish	87.6% of the population	Swedish	5.2% of the population
Russian	1.4% of the population	other	5.8% of the population

English is spoken by almost everybody, German and French by some.

Traffic Rules

- Drive on the right side, overtake on the left
- Drivers and all passengers are required to use front and rear seat belts all time and motorcyclists to wear helmets
- Drivers must carry their driving license at all times

Speed Limits

Built up areas and cities	50 km/h (if not marked lower)
Main Roads	80 km/h (if not marked lower)
Motorways	120 km/h

Currency and Banking

The Finnish currency unit is euro (€ or EUR), divided into 100 cents.

The denominations in circulation are:

Notes - 500, 200, 100, 50, 20, 10 and 5 euros

Coins - 2 and 1 euros; 50, 20, 10 and 5 cents (2 and 1 cent coins not in active use in Finland).

We recommend to check current exchange rates from dedicated websites.

Automatic Teller Machines

There are several cash dispensers all over the city. They usually operate on Visa/Eurocard. From the ATMs you can withdraw notes in denominations of 20 and 50 €. The closest cash dispenser to the Rally HQ is in Matkakeskus (the railway station). You can recognise the ATMs from an orange sign "OTTO." or a yellow/blue sign "NOSTO".

Credit Cards

All major credit cards are very widely accepted in hotels, car rental offices, department stores, restaurants, shops and most taxis. Foreign credit cards can be used to withdraw cash from almost all ATMs.

Medical Services

Medicines are sold at pharmacies (APTEEKKI). Usually pharmacies are open until 17.00 or 18.00. There is one pharmacy (Yliopiston Apteekki) at Kauppakatu 39, which is open daily 08.00 – 23.00.

All hospitals have doctors on duty around the clock. In emergencies, patients should be directed to a health care centre or hospital emergency unit. Dental care is mainly provided by private practitioners.

Vaccinations

There are no regulations requiring visitors to Finland to have vaccinations. For travellers' requirements and Covid-19, see www.raja.fi.

Security Companies

In the service Park area we recommend to use K-S Turvamiehet Ltd. Contact details:

Mr. Lari Paanala

Mobile: +358 407079432

E-mail: lari.paanala@kst.fi

Water

The tap water is safe to drink.

Electricity

The electric current in Finland is 230 Volts. Plugs and sockets are the same as in the continental countries of the European Union.

Telephones

There are pre-paid SIM cards available for your GSM mobile phones at 'R-Kioski' in various values.

20.2 City of Jyväskylä

Secto Automotive Rally Finland has been hosted by the City of Jyväskylä since the very beginning of the event, for 70 years. The role of the city has grown to be a more central one over the years, as the event has grown from a modest concentration run for a handful of enthusiasts to a full-blown world level event.

General Information

The city of Jyväskylä with its surroundings is located in the heart of beautiful Finnish Lakeland. It is easily reached by road, air and water. Jyväskylä is a bustling centre for business, education and sports with a population of almost 144 000. Every third person in the street is a student of one kind or another.

In the Jyväskylä Region you'll encounter exciting urban culture and thousands of events. The breathtaking lake nature with its activity opportunities is always close to you – even in the middle of the city. The Jyväskylä Region provides you with Alvar Aalto's architecture, most in the world, along with the magnificent UNESCO World Heritage Sites, not to mention the pleasure of enjoying the saunas of the Sauna Region of the world. As darkness takes over, this City of Light with more than a hundred permanent illuminated locations display a stunning glow.

Bustling Centre of Innovation

Jyväskylä is one of Finland's five centres of growth. Special expertise can be found in the fields of paper manufacturing and paper machinery as well as energy production, environmental, information, welfare and nanotechnology.

In recent years, Jyväskylä has gained reputation as organiser of many national and international congresses and fairs in the Jyväskylän Paviljonki Fair and Congress Centre.

Quality of Life

The landscape of Jyväskylä is varied with lakes, forests and hills within a walking distance of the city centre. The Laajavuori skiing centre and recreation area with its new outdoor theatre facility provides excellent opportunities for sports and other activities, and that is where the shakedown of the rally also takes place. Lively pedestrian precinct and beautiful university campus right in the city centre are central places for different events. The trail around Lake Jyväsjärvi is a great recreational area for both residents and visitors alike.

The Jyväskylä region is easily reached by land and air: the distance of 270 kilometres from Helsinki takes only 35 minutes by plane and some 3 hours by car or by rail. For more information about the city and what it can offer, please log onto www.visitjyvaskyla.fi/en or e-mail travel@jyvaskyla.fi.

20.3 Municipality of Laukaa

Both special stages of Secto Automotive Rally Finland 2021 on Sunday 3rd October, Laukaa and Ruuhimäki, will take place in the municipality of Laukaa in the heart of Lakeland Finland right next to the City of Jyväskylä.

Laukaa is vigorous and steadily growing municipality of 19 000 people in the heart of Western Lakeland and a part of larger Jyväskylä Region. Laukaa is comprised of four dynamic town centres and tens of picturesque, lively villages.

Laukaa is also a home for renowned rally driver Juha Kankkunen, and known for its rally events and other motor sports competitions around the year. Milieu for motor sports lovers is Laukaa Arena motor sports center in Ruuhimäki which rings bells to many rally enthusiasts.

Besides, Laukaa is widely known for its active lifestyle, music festivals, theatre, breathtaking natural attractions and varied terrain crisscrossed by hiking trails.

Laukaa's most popular visitor destinations include Spa Hotel Peurunka, Laukaan Peurunkagolf's 18-hole golf course, the art exhibitions at Taidekeskus Järvinlinna, Tupaswilla heritage village and Varjola Resort with its many activities. Children are particularly enthralled by Nokkakivi amusement park and the animals at Tarhalehto Farm. For top tips on what to see, do and experience in Laukaa, go to website of www.visitlaukaa.fi or www.visitjyvaskyla.fi/en.
