## 1. INTRODUCTION / WELCOME

Dear Friends,

I'm extremely honored to welcome You once again to Croatia!

I really hope You have all enjoyed the first World Rally Championship event which was held in our beautiful country in April 2021. Now in year 2022 we will witness a new, hybrid era of WRC and I am sure that the competitors and the teams will strive to bring us a spectacular season. Our plan is to give them even more spectacular playground. We have paid attention while selecting the stages to chose the challenging ones. We have spread the area of the rally to the Adriatic coast and near Traškošćan castle in the north.

Zagreb will remain the rally base with the service park located within the city limits, easy accessible by car or public transportation. Unfortunately, we haven't had the chance to showcase all of capital's beauties in 2021 due to pandemic, but we are hoping to do so in 2022. Ceremonial Start and Finish will take place in the city center while one of the most recognizable photos was taken during the overnight parc ferme at ban Jelačić square.

Improving the organizing team was one of the main goal in between two events. The core will remain the same, but we have brought plenty of professionals with fresh ideas on board. The mixture of experienced and young members of our team guarantees the fresh, but also tested ideas gathered in one place. Our main intentions will be handling the traffic situation and security of the spectators and the competitors.

All the best to the crews, the spectators and the whole organizing team. May the fifty shades of Croatian tarmac give us another epic rally.

Best regards,

President of Organizing committee  
Daniel Šaškin

### 1.1. Croatia Rally, yesterday, today, tomorrow

Croatia Rally is the oldest, most difficult and most popular car racing event in Croatia. Its history dates back to 1974, when the first event was held under the name INA Delta TLX Rally. In following three years a rally grew from regional character into a national championship event of former Yugoslavia. Extremely long itineraries to mid eighties passed through Gorski Kotar, Lika, Primorje and Continental Croatia. In 1986, the event entered the FIA calendar for the first time and attracted crews from Austria, Germany, Czech Republic and Slovakia. The same year it was nominated for the European Championship.

In the second half of the eighties the event has moved to Zagreb and its surroundings. Special stages were located at Žumberak, Plešivica, Zagrebačka gora and Hrvatsko Zagorje. Delta Rally which was slowly becoming recognized internationally passed a very difficult period during the war in Croatia. However, at the time, the event was rapidly growing year after year. European prefix was awarded to the rally in 1992. Perfect organization of AC Delta from Zagreb brought the increasement of the coefficient to the

rally in the years to come. In 1995 the event was held with a coefficient of 10, and organizer nominated it in 1996 as the Croatia Delta Rally for the highest step of the contemporary European Championship - 20. But another 11 years passed before that level was reached.

In late 2006 FIA has granted much-anticipated status for next year's Croatia Delta Rally - naming it as one of European Rally Championship (ERC) events in season 2007. After three successfully organized ERC rallies, the event was relocated from Zagreb to Rijeka. The event changed the name to Croatia Rally and was organized in year 2010 by the Automotive Association of Primorje-Gorski Kotar County and in the next two years AC MRC. Special stages were held at Gorski Kotar, Učka, Ćićarija and Istria, with particularly attractive Super special stage at legendary track Preluk.

In year 2013 Croatia Rally has moved once again. This time to Istria and the town of Poreč, which was the host and co-organizer of the event. The rally was organized by the Croatian Automobile & Karting Federation and the special stages were driven at Učka, Ćićarija in the triangle of the cities of Buzet, Motovun and Pazin. Another relocation of the event happened in 2021 when the event became a part of World Rally Championship (WRC). Rally HQ and Service Park were based in Zagreb, while the itinerary brought a mixture of historical special stages and the ones set for the very first time. The Powerstage was situated at Hrvatsko Zagorje and it has promoted Sebastian Ogier the rally winner literally at the last corner.

The second WRC edition of Croatia Rally will spread the Itinerary to Varaždin and Primorje Gorski Kotar counties. Shakedown will be held on Thursday, April 21 at one of the legendary Croatian special stages passing by historical site of Martin Breg church. The Ceremonial Start will follow in the evening. Friday, April 22 brings two loops of four special stages west and south-west of Zagreb with a refuel zone at Krašić. Another morning and afternoon session of four SS's will be set on Saturday, April 23. The stages will mainly be located at the same area as on Friday with a new one at Primorje Gorski Kotar county starting near the Bay of Bakar. On Sunday, April 24 the Itinerary will move north and north-west of Zagreb without service or tire fitting zone between two loops. New special stage is to be set near Trakošćan castle and Kumrovec will once again host the Powerstage. The Finish podium will take place at historical square of St. Mark at Zagreb Upper Town.
