1 INTRODUCTION

1.1 WELCOME NOTE

Give yourself a summerish weekend in picturesque Kurzeme, one of Latvia's historical regions, where exhilarating gravel surface *Rally Liepāja* is set to take place in the midst of summer season. With historically acclaimed special stages to be included in the rally programme.

First organised back in the winter of 2013, *Rally Liepāja* will give grounds for fifth round of the 2022 FIA European Rally Championship (ERC) and will take place just a few days after summer solstice. Celebrating anniversary of the tenth running of *Rally Liepāja*, opening ceremony is scheduled for Friday evening and will be followed by a spectacular competitors' parade around the streets of rally city Liepāja.

As celebratory as the occasion itself, equally uplifting will be the rally route planned for the event, stretching all across Kurzeme – from partner city Talsi in the Northeast of Kurzeme region, to rally city Liepāja in the Southwest. First competitive day on Saturday, July 2, will commence with a ceremonial start in Talsi, to be followed by special stages run around Talsi region. The action will then switch to vicinity of Liepāja on Sunday, July 3, to conclude the itinerary in length of surpassing 180 kilometres.

Rally Liepāja will host a multitude of competitions alongside *FIA European Rally Championship*. And so, *ERC Junior Championship* is set for full-fledged event in Latvia, accompanied by *Michelin Talent Factory* as well as *Clio Trophy by Toksport WRT*. Even more, *Latvian Rally Championship* is set to join the July-run spectacle with a single round of the national championship being run on Saturday, July 2, in Talsi region.

The rally week shall begin with extensive testing by the competitors – the official test session will be organized on Wednesday in Talsi region. Though, there will be options for private test sessions on Tuesday and Wednesday as well. *Rally Liepāja* Rally HQ will once again be housed at the cosy *Liepāja Olympic Centre*, just a few minutes' walk away from Service Park (Anna's market). Reconnaissance is scheduled for Thursday and Friday, with the latter one giving room for Qualifying stage that shall be followed by the Start position selection process. Importantly, the Opening ceremony and Prize giving will relocate to Square of Roses in the very heart of the rally city Liepāja. Keep in mind that the administrative checks will be done online – to make sure, that once at Rally HQ, it requires as little time as possible to complete all the formalities and receive all the materials and devices.

And finally, *Rally Liepāja* is proud to have received a One-Star rating within the *FIA Action for Environment* framework established by the FIA to address issues of environmental sustainability. And thus, let us all continue our involvement to protect the environment and our efforts to establish a sustainable *Rally Liepāja*. Let us think, plan, and carry our actions in a smart way – so that our everyday whereabouts not only during the rally, but also before and after the rally, are carried out in a way with the least possible negative impact on the Earth, the place we are all living. Let it stay green, safe, and beautiful.

Enjoy Talsi, Liepāja, and Latvia!

Raimonds Strokšs, RA Events director

1.3 REGULATORY POWER OF THIS DOCUMENT

This document has no regulatory power – for information only. All information can be changed or added; updates will be published on www.lvrally.com.

Rally Liepāja is proud to have received a One-Star rating in 2021, and is continuing its work and is striving for the highest level Three-Star rating in the next couple of years.

The FIA Action for Environment framework is established by the Fédération Internationale de l'Automobile (FIA) to address issues of environmental sustainability and further promotion towards global future goals in terms of **REDUCED** consumption of resources and generation of waste, wider usage of **REUSABLE** products, as well as increased attention to **RECYCLING** of otherwise useless things and resources.

Rally Liepāja – sustainable event with care for future generations

For more than 10 years **RA EVENTS – the organizer of Rally Liepāja** – has been arranging various motorsport competitions in Latvia. *RA EVENTS* strives to achieve the highest level of quality in each of its projects, serving as an example of good practice for others as well. RA Events follows global topicalities and FIA Purpose Driven initiative and has joined FIA Environmental Accreditation programme in order to continue our care for future generations and pay increased attention to environmental sustainability.

The goal of the Rally Liepāja Sustainability Program is to reduce the negative impact on the environment by inviting all parties involved to think about the long-term future, by making responsible decisions and acting sustainably today. In order to implement this, it is necessary to be aware of, measure and control the impact of each process and activity on the environment, therefore, the rally organizer will encourage the rally competitors, media, staff, fans, as well as cooperation partners and suppliers to think about environmental protection and sustainability.

Rally Liepāja calls for the following activities:

1. Travel responsibly – optimize transport, accommodation and travel costs;
2. Treat with respect to other property, the urban environment and local people;
3. Do not pollute the environment – reduce the amount of waste, choose recyclable products, collect waste;
4. Sort waste – where possible, use waste sorting bins, always keep in mind: reduce, reuse, recycle;
5. Reduce the amount of used resources – to reduce the consumption of water, energy, fuel and electricity, waste and printing materials;
6. Be socially responsible – attract employees from local regions, make the event accessible to people with disabilities;
7. Make responsible choices for sustainable living – choose environmentally friendly products, reducing their ecological footprint and impact on the environment.

Rally Liepāja encourages to think about environmental issues not only during the rally, but also on a daily basis – by evaluating the daily habits, there is an opportunity to reduce the negative impact on the environment. The Rally Liepāja team is convinced that by making the right choices today, the chance for the sustainable future is given.

23 RALLY CITY – LIEPĀJA

Rediscover Liepāja and never let it be forgotten!

Liepāja has become a modern and contemporary 21st century city with a global presence, proven not only by the wide diversity of international sports competitions, national and international artists, but also by the

modern and innovative companies and services they deliver. The only constant is the aspiration of the Liepāja locals to achieve more and better.

The reason for this boom is simple - Liepāja is easy-going and accessible, meaning that people living here can enjoy being more informal and creative in all their expressions. True, sometimes Liepāja residents might act outright and rebelliously, but that's only in the sense

that they are never completely satisfied with themselves, constantly challenging their own and others' expectations and opinions in order to reach even better results.

But at the heart of it all is the city's unique urban environment - everything has been thought through, and the Windy City is the perfect place to live, work and fulfil yourself. The environment and mentality that Liepāja offers helps you to cleanse your mind, develop and come up with new thoughts and ideas. Whether these ideas are grand, with the potential to change the world, or more personal, with the potential to brighten your day. This is a place where people can have a breath of fresh air, look at things from a different perspective, recharge, experiment and create something new.

Unforgettable holidays in the most charming city in the Baltics - Liepāja!

What is this unique city phenomenon? The binding element is the wind, something Liepāja has been known for years. But it's not just a physical phenomenon that makes you want to create something extraordinary and constantly breathe new life into something new. It's also a mentality that challenges us to always adapt, rebel and approach things from an outside-the-box point of view. And to stubbornly see things through to the end, not just to revolt for the sake of revolting.

Don't believe us? See for yourself! Come to Liepāja! Only then will you understand Liepāja! Experience it for yourself. Feel it for yourself. Immerse yourself. And, of course, fall in love. Come in! And do not forget it ever again. Liepāja.

Liepāja has its own special charm and aura that urges you to let the wind breeze through - to enjoy, feel, create and simply take a breath away from the humdrum.

Be inspired and enjoy a cultural journey in the best concert hall of the Baltics!

The symbol of Liepāja's cultural life is the concert hall "Great Amber", a gem not only for Liepāja and Kurzeme, but for the entire Latvia and the Baltics. An average of 60 artists from all over the world perform in Liepāja during the year. Likewise, enjoy theatre performances in the oldest theatre in Latvia - Liepāja Theatre, visit Liepāja Museum or be inspired by Liepāja Symphony Orchestra concerts. The new open-air concert stage "Pūt, vējiņi!" has just recently joined the "family" of cultural establishments of the city.

Liepāja - the birthplace of young sports talents!

Liepāja's sports infrastructure provides a perfect training base for professional athletes and platform for national and international competitions.

Liepāja has 8 children's sports schools, 5 outdoor stadiums, 3 high-level outdoor basketball courts, the Olympic Centre Tennis Hall, Athletic Arena, Swimming Pool and SPA, Ice-Hockey Hall. There are around 80 different sports clubs and associations.

Every year, residents of Liepāja participate in at least 50 world and European level sport events.

The city regularly hosts traditional sporting events - the European Rally Championship "Rally Liepāja", World and European Basketball Championships, international windsurfing competitions.

Liepāja is the first city to have been awarded the title of European Capital of Sport.

Liepāja is home to the only diving school in the Baltics.

The hometown of US NBA basketball star and "unicorn" Kristaps Porziņģis (New York Knicks, Dallas Mavericks, and Washington Wizards), Liepāja has three NBA-standard basketball courts, all presented to the city by Kristaps and his family.

Anastasija Sevastova, one of the world's top tennis players, is also a frequent guest in Liepāja, the city of her childhood.

Take a break from the city bustle and unwind in the Karosta!

The environment and mentality of Liepāja helps you to clear your mind, thrive and come up with new thoughts and ideas. Take a walk along the seafront or lakeside. "Steam down", have a look at things from a different perspective, recharge, experiment and create something new.

Experience the whitest sandy beach in the world

Liepāja prided itself on its beach - completely natural, uncrowded, covered with the finest and whitest sand. After storms, you can often find larger or smaller pieces of amber washed ashore with seaweed and shells.

Liepāja's trademark is the wind - it defines both the city and its people. Wind and storms paint the city's features and let you admire it anew day after day. The wind teaches us, chases us and makes us stronger.

Liepāja's beach strip is 50-80 metres wide, 8 kilometres long. The Blue Flag for exceptionally clean swimming areas is a self-evident recognition of Liepāja's seashore. The beach sand is particularly fine and white.

Liepāja beach is the first accessible beach in Latvia for people with visual and mobility impairments - special audio buoys, swimming wheelchairs, comfortable and wide boardwalks to get to the sea.

The highest waves are in December - 0.9 metres, the lowest in April and May - 0.5 metres.

The strongest winds are in January, averaging 4.8 m/s, and the calmest in May, 3.3 m/s.

Liepāja is protected by three piers - the North, the South and the Split Pier.

Smart choice for conferences and seminars

Liepāja offers the perfect venue and service for large corporate events, seminars and conferences. There is also a wide range of accommodation and catering facilities. In total, Liepāja can accommodate more than 6400 guests for various corporate events.

Enjoy a treat at the charming and romantic Liepaja cafés

Liepāja is rich in flavours and ambience, with a selection of charming restaurants and cafés. Liepāja has plenty of gourmets and lovers of fine cuisine, so you can enjoy dishes from all over the world. In total, there are 18 restaurants, 40 cafés, pubs, bistros and summer cafés in the Windy City. Liepāja's special dish is "Liepājas mencīņi" – Liepāja's official speciality, made from smoked codfish, potatoes and onions according to an ancient recipe from South Kurzeme. Liepāja is the only place in the world where you can taste this dish.

Book a stay in a stylish hotel!

Liepāja is home to a fantastic array of hotels, from a five-star hotel right on the Promenade, to classically business-style and custom-designed hotels in old industrial buildings. There are 15 hotels, 10 guesthouses, youth hostels and campsites, as well as countless private apartments where you can soak up the perfect atmosphere.

On average 160 various events every month

Liepāja is the cultural capital of Latvia - it has a strong and rich cultural tradition, a wide and varied range of modern entertainment, a high quality and comprehensive cultural offer, artists from all over the world, and plenty of opportunities for everyone to become involved in shaping Liepāja's cultural life. On average, Liepāja hosts around 160 different events per month, offering enough to suit everyone's interests. All events in one place – www.kalendars.liepaja.lv

Port of Liepāja

The Port of Liepāja covers 1182 hectares and includes 80 berths with modern equipment and warehouses. Regular ferry services connect Liepāja with Travemünde in Germany, while ships dock here from all over the world.

In the very heart of the city, along the Trade Canal, there is a modern marina - floating berths, all the amenities for sailors: all you need is to step ashore to reach the middle of the city's liveliness.

The Port City promenade – exclusively overlooking the ships! A romantic place for a stroll during the day and a busy night life in the evening hours.

Invest in Liepāja

The harmonious and diverse environment of Liepāja creates strong personalities with powerful ideas. The developed business infrastructure and logistics contribute to the attractiveness of the city for business.

1. Liepāja is a multifunctional commercial port and one of the few ports in the region that does not freeze;
2. 1520 mm rail gauge provides direct links to Estonia, Lithuania, and CIS countries;
3. a well-developed road system connects Liepāja with all the regional development and industrial centres;
4. Within a 200 km range from Liepāja there are three international airports, which provide regular passenger, cargo and mail services by civil aircraft to European and other world cities;
5. Liepāja is home to the representative offices of major global logistics service providers;
6. Liepāja is an important Trans-European Transport Network (TEN-T) hub for freight transit in the "East-West" transport corridor;
7. free business territories and extensive development opportunities.
