The user account application can be found through a link from the registration page as given above.

The entry forms must be sent on Monday 4 July 2022 at the latest .

By sending an electronic form, the competitor undertakes to abide by the rules and regulations of the competition, as well as the prescriptions of FIA WRC, Art. 22.5. Organisers may refund 50% of the entry fee to those competitors who, for other reasons of force majeure (duly certified by their ASN), were unable to start in the rally. With the request of entry fee refund the competitor must send the organiser a certificate of force majeure given by his own ASN.

5. Insurance (FIA WRC, Art. 21)

All cars participating in the rally must have a valid obligatory traffic insurance towards third parties. In Finland the 'Green Card' (International Motor Insurance Card) system is applied. For cars coming from countries outside the Green Card system and EEA-countries, a Nordic frontier insurance must be taken at the Danish, Finnish, Norwegian or Swedish border. Traffic insurance guarantees competitor's cover for civil responsibility towards third parties. The organiser will issue third party insurance cover for foreign drivers valid on special stages for cars registered abroad. Insurance certificate together with a special sticker will be handed to the teams before the start of the Shakedown. For this purpose, a temporary import declaration must be made to the Finnish Inland Revenue, for details

see Rally Guide 1, Art. 8.

All competitors MUST be able to show their Green Cards at the administrative checking. The burden of proof for a valid insurance rests solely on the competitor.

5.2 Insurance Coverage

Cover per each instance

- | | |
|--------------------|-----------------------------|
| • property damages | max. € 10 000 000 |
| • bodily injuries | no limit of indemnification |

5.3 Limitation of Indemnity (FIA WRC, Art. 21.3)

The organiser declines any liability concerning the consequences caused by any fraudulent action taken by the competitor, may this be against the rules and regulations of the rally or against the laws of the country.

Any service vehicles or reconnaissance cars, even those bearing the official identification of the organiser, may under no circumstances be considered as official participants of the rally, hence their insurance policies remain the sole responsibility of the owner.

6. Advertising and Identification (FIA WRC, Art. 27-29)

6.1 National Restrictions on Advertising

Tobacco

Advertising of tobacco, tobacco products and imitations, as well as smokers' requisites is forbidden according to the Finnish legislation on cars, competition/service equipment and on the team members' outfits.

All 4WD cars must use tyres from the FIA nominated tyre company PIRELLI. For all other cars the make and type of tyre is free. However, competitors are reminded to comply with:

- WRC Art. 13.1.4; Each tyre must have barcode numbers supplied by the 2022 FIA-approved barcode supplier.
- WRC Art. 13.3.1 (for 2WD cars);
 - o At pre-rally scrutineering, the tyre manufacturer will be recorded by the FIA.
 - o During the whole rally, all tyres must come from the same tyre supplier.

7.1.2 Tyre quantities

	Total for the entire event excluding Shakedown	Total for the entire event including Shakedown
Cars in Class RC1	24	28
All other cars	22	26

In accordance with WRC Art. 13.2.5, the maximum number of tyres of the alternative choice for all 4WD cars is either 8 or 12, depending whether Shakedown is driven or not, see also Art. 7.2.

The FIA must be notified by e-mail (wrc-technical@fia.com) before the start of the shakedown (8.56 hrs on Thursday 4 August) if the competitor wishes to have 12 alternative compound tyres for use in the rally instead of 8. In that case, the number of tyres of the first choice will automatically be reduced by 4 tyres. Alternative compound tyres are not required to be used in the shakedown.

7.2 Tyre orders

Tyre orders must be placed no later than on 4 July 2022 using the Pirelli Order Form (available at the rally website), indicating the number of the second choice (per driver); maximum of 8 tyres, or, if Shakedown is driven, maximum of 12 tyres. See Art. 13.2.5 of the 2022 FIA WRC Sporting Regulations.

7.3 Tyres for use on reconnaissance (FIA WRC, Art. 35.2)

Only E- or DOT-approved homologated road legal tyres are allowed.

7.4 Tyre Marking Zones (FIA WRC, Art. 13.6)

During the rally, tyres will be marked in the area after the Service OUT Time Control and Refuel Zone.

8. Fuel (FIA WRC, Art. 61-62)

8.1 Ordering Procedure and Price per Litre

Use of FIA Fuel is mandatory for all FIA Priority drivers. The supplier appointed by the FIA for 2022 is P1 Racing Fuels, which will carry out fuel ordering, supply and refuel services.

Non-Priority drivers may use either FIA fuel following the same conditions and rules as the Priority drivers, or commercially available pump fuel (including diesel), dispensed only from pumps at filling stations or other locations as nominated by the organiser. For

environmental and safety reasons no refuelling is allowed in the Service Park (no refuel from cans, drums or similar).

To execute the fuel order, no prior registration is necessary. The order form issued by P1 Racing Fuels is available online on their website at <https://bit.ly/3wChF7e>.

The cost of the fuel and refuel services is 5.95 € + VAT per litre, dispensed into rally cars. It is a condition of supply that payment must be received in full before delivery can be made. The balance of non-used fuel will be credited after the rally.

In case of questions related to fuel ordering procedures, please contact directly info@p1racingfuels.com. Also, please read the letter from P1 Racing Fuels to all competitors concerning technical matters, as published on their website (link given at the order from page).

8.2 Closing date for ordering FIA fuel

All competitors using FIA fuel must place their fuel order with payment directly with P1 Racing Fuels no later than Thursday 7 July 2022.

8.3 Refuel during the Rally

FIA fuel will be available in the service park refuel zone after TC 1C, 3C, 6C, 10E, 14C and 18E, as well as on the road section from SS 20 to SS 21 (refuel only, no service). Check fuel availability in remote zones from the rally itinerary (Appendix 1).

The Refuel Zones will operate a ticketless process. As required by FIA WRC, Art. 61.2.8, both crew members must remain outside the car during refuelling. A member of the crew will open the vehicle to allow the operative to attach the pipework. The crew will be responsible to indicate to the refueller the amount of fuel required. The crew only shall close the vehicle and secure the opening once they are happy that they have the right amount of fuel added.

8.4 Distribution for Non-Priority Drivers

Non-priority competitors must pay attention to the fact that the refuel locations for commercially available pump fuel (petrol stations and other locations) and the distances between them will be different from the ones given in the itinerary as Appendix 1. A separate list of the locations will be supplied together with Rally Guide 2.

Competitors wishing to use pump fuel must inform the organiser there of by e-mail to saana.viinikka@autourheilu.fi by the same date as the FIA fuel orders are due.

All non-priority competitors using pump fuel are reminded to pay attention to FIA WRC, Art. 62.3.7: Cars equipped solely with FIA-specified refuel couplings and using fuel as per Art. 62.1.2 must transport the adaptor in the car and show it at pre-event scrutineering. The use of ethanol is strictly forbidden, except as included in commercially available 95E or 98E pump fuel from service stations.

9. Reconnaissance (FIA WRC, Art. 35)

9.1 Procedure for Registration

There is no physical registration as such. The competitor must send the organiser in advance an information sheet (see Website/Rally Guide 2) including details of the reconnaissance car, mobile phone number and place where the competitor is accommodated. Online form must be submitted latest Sunday 31 July 2022 at 21.00 Finnish time.

All reconnaissance and rally materials may be collected by the nominated competitor representative, holding a written proxy. An appointment for this collection must be made on Sun 31 July at 21.00 latest via a link given on the organiser's website. For any competitor running more than one car, a separate appointment must be made for each car. More information in RG 2 or Bulletin, see also SR, Art. 10.2. Collection appointments will be available for the period of 16.00 to 21.00 on Monday 1 August 2022 at the Rally HQ, Paviljonki.

The reconnaissance car identification must be attached as follows and kept visible for the whole duration of the reconnaissance period:

1. Priority group identification (yellow or white) on the left and the right rear side windows
2. Competitor numbers (orange) both on the windscreen and the rear window (top centre)

After the end of reconnaissance as scheduled in Appendix 2, all reconnaissance identification must be removed from the reconnaissance vehicles.

9.2 Specific and National Restrictions

9.2.1. General Running of the Reconnaissance

Provision is made for a maximum of two passages through each special stage for each entered crew during the reconnaissance. This regulation concerns also the special stages which are driven more than once, either in their entirety or in part. On SS 1/6 Harju, reconnaissance is allowed for two runs over the whole lay-out of SS 1. The competitors must modify their pacenotes for SS 6 from those of SS 1.

The crews are not allowed to drive in the opposite direction of the rally on the special stages, unless given particular directions to do so by the organiser, organiser's representative or the Police.

Contrary to the prescription of FIA WRC, Art. 35.4.3, the progress of the crews through the stages will only be monitored by the SAS GPS tracking. The crews are only allowed to enter and leave the special stages through start and finish controls, and they must stop at the Arrival TC and the STOP control.

Reconnaissance outside the schedule as set by the organisers is considered a very serious offence and will be reported to the Stewards who may apply penalties. If a competitor is found on roads used as special stages in the rally outside the reconnaissance schedule given in Appendix 2, he will be reported to the Stewards. AKK-Motorsport will penalise the Finnish drivers with a national suspension. In case of a foreign competitor, his ASN will be informed for any possible further measures to be taken. Traffic on special stages before the rally will regularly be checked by the organisers and also by the Police.

9.2.2. Traffic and Reconnaissance Vehicles

A maximum speed limit of 80 km/h is imposed on all special stages during reconnaissance unless a lower limit is indicated by traffic signs or by signs placed by the organiser. On SS 1/6 Harju a maximum speed limit of 40 km/h is imposed on the whole stage during reconnaissance, unless a lower limit is indicated by traffic signs or signs placed by the organiser.

The competitors must drive in a manner that does not endanger or inconvenience other traffic or people living near the stages. The organiser will control speeds used as well as the manner of driving during reconnaissance. The police will penalise traffic infringements according to Finnish Traffic Law.

It is emphasised that reconnaissance is not practice. All the Road Traffic Laws of Finland must be strictly adhered to and the safety and rights of other road users must be respected and reconnaissance cars have to be covered by insurance as required by the law, no responsibility being imputable to the organisers.

All reconnaissance operations, for all crews, may only be carried out using cars complying with the specifications defined in FIA WRC, art. 35.1.

Radar detectors are forbidden in Finland. Any competitor found using or carrying onboard a detector during the reconnaissance or the competition, will be reported to the Stewards who may impose a penalty which can go as far as disqualification.

9.2.3. Reconnaissance only

Any driver holding the appropriate international licence may take part in reconnaissance for a rally. The regulations on reconnaissance must be respected in their entirety and the driver must inform the organiser of his wish to take part in the reconnaissance within the entry period of the rally. The driver must pay a fee of € 1000 + 24 % VAT= € 1240 for taking part in the reconnaissance.

9.3 Installation of Speed Control Checking Devices

As per FIA WRC Art. 35.4.4, the installation of GPS recorders is mandatory.

FIA Speed Control Checking Devices

All drivers must carry a GPS recorder provided by the FIA nominated supplier. An OBD2 power connection must be made available in the reconnaissance car.

SAS will be charging a rent for this equipment as follows:

P1 & P2 & P3 Drivers	€300
P4 and non-priority	€130

Payment must be made online and well in advance on the SAS website at <https://wrc.statusas.com/shop/recce> (for collection and return details, see SR, Art. 3).

10. Administrative Checks (FIA WRC, Art. 30)

10.1 Documents to be Presented

Administrative checks will be done online, before the event and without contact between competitors and organiser representatives. All competitors must send all required documents as per these regulations to organiser.

Each competitor is required to submit a scanned copy of their signed FIA entry form in the Online Forms of the Administrative Checks. The competitor must bring all original documents with him to the rally and present them when requested.

Documents must be sent to organiser by using an online form which address will be sent to all competitors by e-mail.

At the Administrative Checks the following valid documents will be checked:

- Driver's and Co-driver's competition and driving licences
- Competitor's licence

- Driver's and Co-driver's identification cards/passports

- Authorisation for the drivers by their ASN to take part in the rally
- Rally car's insurance cover towards the third parties (Green Card)
- Rally car's registration papers
- Accuracy and completion of all information given on the entry form
- Signatures of entry forms from all drivers

10.2 Timetable

All Documents for Administrative Checks must be sent to the organiser latest Wednesday 27 July 2022 at 23.59 by using the Online form which address will be given in the appendix of Rally Guide 2. Rally Office will make all administrative checks online and if the documents provided are inadequate, Rally Office will demand any missing information from the competitor. After such a demand from the Rally Office, competitors are required to provide all additional information as soon as possible so that the administrative checks can be fully completed on Sunday 31 July 2022 by 16.00.

For all drivers, the collection of documents and materials will take place on Monday 1 August 2022 at 16.00-21.00. All drivers must reserve an individual time to collect their materials latest on Sunday 31 July 2022 at 21.00. A link to this reservation will be available on the event website at a later date and its opening will be informed via a Clerk of the Course Communication. A list of times reserved will be published and competitors must abide by this.

11. Scrutineering, Sealing and Marking (FIA WRC, Art. 31)

11.1 Scrutineering Venue and Timetable

Sealing for Rally1 cars on Wednesday 3 August 2022 at the Service Park according to a schedule published in a Bulletin.

Scrutineering for all other cars on Wednesday 3 August 2022 at 14.00 - 22.00

Venue: Gradia, Wilhelm Schildtin katu, Jyväskylä

Individual scrutineering times will be given in a bulletin.

11.5 Noise level

There will be a mandatory noise check at the scrutineering (maximum 103 dB at 3500 rpm). Any vehicle over this limit will not pass scrutineering.

11.6 Special National Requirements

Each competing car must be equipped with a first aid kit and 1 reflecting triangle, under pain of refusal to start. Competitors are also reminded that in addition, two belt cutters must be carried on board at all times. They must be easily accessible to driver and co-driver when seated with their harnesses fastened (the Code, Appendix J, Art. 253, 6.1.3).

Contrary to the prescriptions of FIA WRC, Art. 55.1.2, all retired cars driven by a non-priority driver must be brought to the re-start parc fermé in the Service Park of the rally (as shown on the Rally Guide 2 Service Park lay-out) before taken to service, unless given permission by the Clerk of the Course to act otherwise.

Each competing car must carry an oil spill kit capable of absorbing the total amount of oil-based fluids contained in the car's systems. The kit should include oil absorbent material, plastic bags and gloves as a minimum.

All competitors must have a minimum 6 kg fire-extinguisher available at their service area at all times. Competitors whose service bay is located inside the Exhibition Centre must have two (2) 6 kg fire-extinguishers available at their service area at all times.

All competitors located inside the Exhibition Centre must leave the service park with all equipment by Sunday 7 August 2022 at 22.00. Before exit they must report to Service Park Co-ordinator.

11.7 Installation of Safety Tracking System (FIA WRC, Art. 18.2 and 53.2.1)

All competitors must make provision in their rally cars for the installation of the FIA Safety Emergency Console. Installation and operation instructions can be found as Appendix 5.

The functioning of the equipment will be checked at the scrutineering. Should a crew retire, the equipment must be returned immediately to SAS (exact location given in Rally Guide 2). Should there be any damage to the equipment, SAS will invoice the competitor after the rally.

11.8 Sealing (FIA WRC, Art. 16-17)

Sealing of the cars will be carried out according to FIA WRC Art. 16-17. It is reminded that sealing of the transmissions (including spare parts) with wire and tag applies to all cars (16.3.2), including non-priority drivers' cars. Therefore, all underbody protection must be removed for scrutineering, but must be kept with the car for weight checks.

Car's chassis and cylinder block will also be marked (FIA WRC, Art. 31.1.6). Sealing wires must be installed according to the instructions given at a later date.

11.9 Homologation forms (FIA WRC, Art. 31.1.4)

All cars must have a complete certified homologation form (the Code, Appendix J, Art. 251.2.1.8) available at scrutineering. In addition, homologation forms for the catalytic converter and rollcage (if homologated), and any certificate for the safety fuel cell must be with the car at scrutineering.

11.10 On-board Cameras (FIA WRC, Art. 18.1)

The competitor of any car which carries an on-board camera must have the prior agreement of the Promoter. Authorised cameras will be identified by an adhesive decal and must be mounted in the car at the time of scrutineering.

The fixings of camera and camera recorder must comply with Appendix J, Art. 253.2.

Competitors wishing to use a camera must supply the following information to the Promoter (accreditation@wrc.com) at least one week before the start of reconnaissance: competitor's name, car number, competitor's address and use of footage.

12. Other Procedures

12.1 Drivers' Safety Briefing

All drivers / co-drivers who have not yet participated in a WRC event in 2022 must complete the FIA eLearning course and pass the assessment for FIA Safety Tracking Device by 21.00 on Tuesday 2 August and are required to attend the safety briefing on Wednesday 3 August at 18.00 in the Rally HQ.

Instructions for the eLearning course will be sent to the competitors by email once the Entry List is published.

12.2 Shakedown (FIA WRC, Art. 36)

All P1 and other requested drivers will be required to complete their first passage (FIA WRC, Art. 36.2.2) of Shakedown in order of Championship classification, and at an interval defined by the Clerk of the Course in consultation with FIA and WRC Promoter.

A start list for this first passage will be published at 19.00 on Wednesday, 3 August 2022.

At the conclusion of these fixed passages, P1 and other requested drivers will be able to continue their shakedown runs.

There will be a technical zone included in the 5 minutes between the TC and the start of the shakedown.

12.3 Start Order and Intervals (FIA WRC, Art. 41)

For all Sections, start order will be as per FIA WRC, Art. 41.2.

For any Live TV stages starting intervals other than those given in the Start List for the Section in question may be used (FIA WRC, Art. 41.3.3). Should the Live TV stage not be followed by a regroup, these starting intervals may remain for other special stages until the next regroup or overnight halt.

Live TV stages are as follows:

- SS 1 Harju 1
- SS 12 Rapsula 1
- SS 16 Rapsula 2
- SS 20 Ruuhimäki 1
- SS 22 Ruuhimäki 2 (Wolf Power Stage)

12.4 Start of the Rally

The cars will start from TC 0 on Thursday 4 August 2022 from 18.45 according to the starting list published at 16.00 on the same day.

The crews are requested to be in the start area max. 10 minutes before each car's individual starting time.

12.5 HEV-Zones

In addition to the HEV Zones as indicated in the Road Book, Rally1 cars must run in

electric mode inside the service park between the Regroup IN control and the Service OUT control. This applies from Thu 4 August when the cars are driven from their service bays to TC 0. Also, the distance between the overnight/Flexi-Service parc fermé and the individual service bays is HEV zone in both directions.

12.6 Permitted Early Check-In at Time Controls (FIA WRC, Art. 44.2.11)

The crews may report before their due time at the following Time Controls without incurring a penalty:

TC 10C	Flexi-Service OUT – Parc fermé IN
TC 18C	Flexi-Service OUT – Parc fermé IN
TC 22A	Power Stage Holding Area OUT
TC 22B	Technical Zone IN

12.7 Official Time used during the Rally

Official time during the rally will be that of the GPS (UTC plus offset to local time).

12.8 Control Procedures and Time Card Handling

12.8.1. General information

a. The following procedures apply and have priority over all the related provisions in the 2022 FIA WRC Sporting Regulations as far as they are in conflict. Some of the conflicting article numbers are quoted below, but without claiming to be exhaustive.

b. Any irregularity or discrepancies regarding the below procedures will result in the application of 2022 WRC Sporting Regulations, Art. 19.3.4 and 44.2.12. It is to be noted that, as a principle, the entries recorded on the timing marshals' check- sheets shall be decisive.

c. The complete set of Time Cards for the whole rally (including the Shakedown time cards for all drivers affected under 2022 WRC Sporting Regulations, Art. 36.2.2) will be delivered with the rally materials at administrative checks. It is imperative for all crews to carry at least all the Time Card sets for a whole day inside the car (cf. for example procedures at regrouping controls).

12.8.2 Passage Controls (FIA WRC, Art. 43)

At these controls, the marshal will simply mark the car number on his check sheet as soon as the car stops at the control, without mentioning the time of passage, and show the check sheet to the co-driver.

12.8.3 Time Controls

a. The check-in procedure begins at the moment as stipulated in Art. 44.2.1 of the 2022

WRC Sporting Regulations.

- b. The check-in time corresponds to the moment at which the co-driver shows their Time card to the timekeeper through the side window (2022 WRC Sporting Regulations, Art. 44.1 and Art. 44.2.4).
- c. The appropriate timekeeper will then enter the actual time at which the card was shown on the timing tablet and write it on the check sheet (2022 WRC Sporting Regulations, Art. 44.2.5).
- d. They will then show the recorded check-in time and, in case of a Time Control followed by a special stage, the provisional special stage start time to the co-driver. The co-driver shall then enter this time on their time card (2022 WRC Sporting Regulations, Art. 44.2.5).

12.8.4 Special Stage Start

- a. At the start line, the co-driver shows the timekeeper the time card through the side window. The timekeeper then either confirms this provisional start time or shows a different start time on his check sheet.
- b. This new time, if any, shall then be recorded as actual start time on the time card by the co-driver (2022 WRC Sporting Regulations, Art. 48.2.3). This actual start time will also be shown on the electronic start count-down display.

12.8.5 Special Stage STOP Point

- a. The timekeeper at the stop point will show the finish time (time of the day: hour, minute, second, tenth of a second and thousandth for the Power Stage) and the calculated stage time to the crew (co-driver).
- b. The co-driver shall record this time on their time card.

12.8.6 Regrouping Controls (FIA WRC, Art. 46)

- a. There is no need to hand in the Time Card used for the Section concerned.
- b. For regroupings during a day, the crews shall themselves record their re-start time from the regroup as instructed by the timing marshal on their new time card for the following Section of that day.
- c. In case of an overnight regroup, the crew shall themselves record their re-start time of the following day on their time card, following the publication of the start list for the section after the overnight regroup.

12.9 Running of Flexi-Service

12.9.1 Running of 30-minute Flexi-Service

Contrary to the prescriptions of FIA WRC, Art. 57.2.2, the midday services on Friday and Saturday will be run as a 30-minute flexi-service for P1 crews.

At TC 3A, 6A and 14A all P1 crews are shown their due time at TC 3C, 6C and 14C (Service OUT), all other crews are shown their due time at TC 3B, 6B and 14B (Regroup and Technical Zone OUT – Service IN). After having completed the checks at the Technical Zone, P1 crews will pass TC 3B, 6B and 14B without stopping and immediately drive their cars into their service bays where the start and the end of the allowed 30' service time will be controlled by rally officials. After servicing, the car shall (again) be isolated by ropes until it is driven to TC 3C, 6C and 14C by the crew. Any service in excess of the single, uninterrupted, 30' will be reported to the Stewards, who will apply time penalties even if the crew checks in at TC 3C, 6C and 14C on their due time.

All other drivers shall leave their car in the Regroup/Flexi Parc Fermé area to be collected for service at their due time. At any time, the car may only be driven by the crew entered. Time entry shown at TC 3B, 6B and 14B mark the start of service.

12.9.2 Running of 45-minute Flexi-Service (FIA WRC, Art. 59)

The flexi-service parc fermé at the end of Sections 4 and 6 will include a 10-minute Technical Zone. The procedures described in FIA WRC, Art. 59 apply for all drivers. However, P1 crews do not submit the time card to the rally official at the service bay. Instead, the rally official will keep a check sheet and record the start of the permitted service time. The crew shall record this starting time on their time card and calculate the due check-in time for the next time control, Flexi-Service OUT - Parc Fermé IN.

12.10 Parc Fermé to Service Support Provision

There will be an ATV 4x4 available in the overnight Parc Fermé to help any cars not able to move under their own power in reaching their service areas.

12.11 Car Wash Facility

A car wash facility will be available for competitors before the Media Zone entrance (during shakedown and before TC 1A, 3A, 6A, 10A, 14A and 18A) and at the entrance of the finish holding area. Washing cars inside the service area is not allowed. Rims and other parts may be washed behind team areas on prior agreement with the Service Park management.

12.12 Running of SS Harju 1 and Harju 2

On the road section to Harju, all work on the car is forbidden for road safety reasons

between the road book tulips marked in the road book with “NO WORK ON CAR” in the information column. The crew may work on the car in the waiting area before the stage.

When driving from the Harju waiting area to the TC, instructions of any marshals must be followed, and any manner of dangerous driving will be reported to the Stewards. Once the drivers arrive to the area between TC Arrival and Stage Start, they will be shown a place to park the car while waiting for their final start time.

Due to live television, any start intervals may be used which are not in accordance with FIA WRC, Art. 41.3 for any cars chosen by the organiser arriving to TC 1.

The route for Harju 1 is different from that of Harju 2. On SS Harju 1 on Thursday, the cars will be guided for a partial re-run of the stage just before the flying finish, as shown in the Road Book. On SS Harju 2, the route will only be driven once. Due to the partial double running of SS 1, the start times may be given to the crew at a very short notice. Once the car is at the start line, the crew will be under starters orders and must be ready to leave on the next minute when instructed to do so.

Also, note the prescriptions of SR, Art. 9.2.1 concerning the reconnaissance of the stage.

The scheduled starting time of SS Harju 1 may be delayed for a maximum of 10 minutes.

12.13 Promotional Activities with Drivers (FIA WRC, Art. 38)

12.13.1 Digital Gaming Event

On Thursday 4 August at 14.00-15.30, a Digital Gaming event will be arranged in the Rally HQ. All drivers requested to participate will be informed personally after the close of entries. Individual driver involvement will be around 30 minutes. More information given in Rally Guide 2 or subsequent communications.

The prescriptions of FIA WRC, Art. 38.4, concerning the availability of all Priority drivers for 10-minute autograph sessions on arrival to both midday and evening services, will be applied.

12.14 Power Stage (FIA WRC, Art. 50)

With reference to FIA WRC, Art. 50, SS 22 Ruuhimäki 2 will be run as the Wolf Power Stage.

If determined by the FIA in conjunction with the WRC promoter, crews will contest SS 22 with different start intervals than the interval given at the start of Section 7 and/or in a different order than the order at TC 21A (FIA WRC, Art. 50.3).

All crews must be at organiser's disposal in the regrouping area between TC 21A and TC 21B, in order to be able to receive information of their starting time from TC 21B, should this information deviate from that available at their time of arrival to TC 21A. The adjustment of tyre pressure is allowed inside the regroup.

Maximum time for the Power Stage, from the start to the flying finish, is 30 minutes after which the crew will accrue penalties for lateness as stipulated in FIA WRC, Art. 44.2.10. Thus, any crew exceeding 60 minutes from Power Stage start to flying finish will be considered to have exceeded their maximum permitted lateness and to have retired as per FIA WRC, Art. 45.1.

For the purpose of Live TV there will be interviews and podium ceremony after the STOP control of the stage (FIA WRC, Art. 50.5). The Organisers, in conjunction with WRC Promoter, may stop any car and its crew on the road section so that they can take part in media interviews and a made-for-TV podium ceremony. These crews will be directed by officials after the STOP control, which also marks the entry of Power Stage Podium Holding Area.

12.15 Finish procedure (FIA WRC, Art. 66.1 and Appendix IV)

The Power Stage Podium Holding Area starts at the STOP control and ends at TC 22A. In this area cars are under parc fermé rules (FIA WRC, Art. 63.1.4). Between the STOP control and TC 22A all cars are neutralised and the crews must follow marshals' orders. At TC 22A each crew will be given their actual start time for the road section to the Technical Zone IN time control (22B).

Exhibition driving under FIA WRC, Art. 34.1.3 is permitted at the location given in the Road Book and following marshals' orders.

Having arrived to the Power Stage Podium area, top three crews in the overall classification of the rally will take part in a ceremony with the traditional champagne spray and prize-giving.

When released by officials, drivers outside the top three may advance directly to TC 22A and the following road section towards TC 22B.

More details of the ceremonies will be given in Rally Guide 2.

A podium ceremony for all crews will be organised at the Service Park WRC Square, after TC 22C, which marks the end of the competition element of the rally. Details of the ceremonies will be given in Rally Guide 2.
