1. WELCOME

1.1. Introduction

Dear friends,

We are back! Our joy at this cannot be overstated. Covid 19 and the consequent global supply chain problems kept Guanajuato out of the WRC for two long years, but we are back with a vengeance, bringing excitement, challenge, novelties, a great spectacle and the unmistakable Mexican atmosphere which is loved by fans all over the world.

To begin with, our Service Park has been completely renovated, from the ground up, with excellent new facilities for spectators, organizers and competitors. Spectators will enjoy a much easier, much more logical and friendly layout, with better services and a modern look. Teams will have an even shorter walk from their hotels to their service areas. Organizer's work areas will be centrally located to provide even swifter service and easier access. There will be many activities and attractions for everyone to enjoy.

One of these attractions will be our new Distrito León Mx stage. We took our popular Rock 'n Rally concept of combining live music with rally cars blazing by, and massively expanded it. Distrito León Mx is now a 3.06 km stage going into and out of the Service Park twice, and then into Explora Park, the beautiful green venue for our Finish Podium Ceremony. This will highlight a big part of the host city León and give the fans more viewing opportunities close to the city center, especially those who don't yet dare venture into the hills for the longer gravel stages.

We're doing our best to delight our fans at every point in the Rally. In what's likely to be our biggest crowd-pleasing move, Saturday will see the return of the Ibarrilla stage, passing through the wildly popular Agua Zarca spectator area for the first time since 2016. Also, for the benefit of our fans, we're introducing a completely new, totally spectator-focused stage called Las Dunas. Constructed from scratch inside a depleted open-pit sand mine very close to León, the scenery is unlike anything ever seen in the championship. Great images will come out from this stage, which will certainly become a fan favourite.

The date of Sunday, March 15th, 2020, means unfinished business for us. The very start of the global pandemic crisis meant we had to cancel the last day of competition, and then miss the championship for two years, which was extremely frustrating for everyone involved. To get this sour taste out of our mouths, Sunday's stages are exactly the ones we had to cancel back then. We had even prepared a brand new road, San Diego, which was expressly built for the Rally but never got its debut... until now. Call it revenge, if you will.

Even with all the novelties, the most important thing we wish to bring back, is the intense, inimitable, colorful, intoxicating, uplifting feeling of Mexican-ness that so enchants visitors to this country, and have it permeated everywhere along the Rally route. We will be doing our utmost to turn WRC Rally Guanajuato México 2023 into the biggest Rally Fiesta you've ever seen.

The whole state of Guanajuato sorely missed the WRC and has supported us wholeheartedly through some tough times in our bid to make it back onto the big WRC stage. For that, we are extremely grateful. This effort has already started paying back, as there has been nothing but ecstatic reactions from the fans and volunteers as news of WRC Rally Guanajuato México 2023 started coming out. We vow to do our very best to repay the trust Guanajuato has placed in us, with the best rally possible.

Welcome back to Mexico!
The Organising Committee

1.2. Environmental Policy

In these two years of absence due to SARS-CoV-2; the organization had to stop its activities, however, our purpose and commitment to sustainability was never set aside. We will continue working on our objectives from previous years, in addition to adapting to the new regulations required by hybrid cars; we will implement a sustainable Service Park, while continuing with the challenges identified in 2020. In accordance with the Sustainable Tourism program of the Ministry of Tourism and the General Directorate of the Environment, we have designed actions to follow during Rally Guanajuato 2023.

The areas where we choose to focus in our Environmental Management System are:

- **Electric mobility within the Service Park:** We will have bicycles and electric motorcycles for the mobility of the organization, within the Service Park. As part of the WRC programme, Rally1 cars will only be able to enter the Service Park in electric mode. No refueling will be done at the Service Park during the Rally.
- **Solar panels:** This year the electricity supply to the offices in the Mobil Park will be renewable, based on photovoltaic panels.
- **Bio Diesel:** The electrical requirements of the main equipment and TV Production (WRCTV) are particular to each one for constancy and security of supply. For this the teams use diesel generators. For 2023, these generators will use plant-based biofuel.
- **Residue management:** This area has the biggest impact and will be managed through the adoption of best practices in every area, such as a new collection plan involving the residents of the communities themselves, measuring the amount of residues generated and channeling it to the appropriate waste processing and recycling facilities. We will increase the number of rubbish collection points during the event in partnership with sponsors dedicated to processing of solid residues and bring expertise on the recycling of organic matter to the rural areas where the rally takes place. In this way, we will get the communities involved in the process of treating organic waste through composting and give them a new revenue source through recycling.
- **Coordination with environmental authorities:** We seek to actively cooperate with state and municipal-level environmental institutions to identify future priorities for our yearly EMS revisions.
- **Carbon footprint:** We have continued working on the determination of the event's carbon footprint and are currently seeking to homologate calculation criteria with other events in the championship, in coordination with sustainability management at the FIA.
 - Aerial transportation
 - Sea transportation
 - Land transportation
 - Organizers' cars
 - Competing cars
 - Electricity generation
 - Visitors
- **Human resources:** We aim to instill everyone involved the event, from the organizing committee to every spectator, volunteer, government entity, competitor and team, a commitment to environmental responsibility with the ultimate objective of making rallying cleaner and more sustainable.

Our Environmental Policy and EMS will be reviewed and updated yearly, as part of our commitment to the principle of continual improvement.

1.3. History

Rally America, later known as Corona Rally Mexico and now Rally Guanajuato Mexico, was created in 1979 through a co-operation by the two largest clubs in Mexico: Club Automovilístico Francés de México (CAF) and the Rally Automovil Club (RAC). Both clubs have a long history of sporting competition, so their collaboration was a big step forward for rallying in the country. It was originally hosted in the State of Mexico and ran continuously until 1985.

After an absence of six years, the event ran again in 1991 and followed the route of El Paso de Cortés, between two of Mexico's largest volcanoes. Following the cancellation of the 1992 edition of the event, the CAF opted for a different concept: a short rally with a high percentage of special stages. The result was the very successful 1993 edition that was held in Valle de Bravo.

The Organising Committee then took over the running of the Rally de las 24 Horas, the CAF's flagship event, and, for this reason, Rally America was not staged again until 1996, when the internationalization of the project began.

The CAF and its new promoting partner, Rallymex, moved the event to the US border in Ensenada, Baja California, for two years, where it started to attract international entries.

In 1998, the organizers decided to rename the event and move it to León, Guanajuato. With a long-term business plan focusing on inclusion in the World Rally Championship in place, the event ran again in 1999 and 2000, stepping up a gear each year. From 2001 to 2003, the organizers went for observation by the FIA, successfully running the event on each occasion.

The 2003 Corona Rally Mexico - the 17th in the history of the rally - proved to be the crucial turning point. New facilities at the Poliforum Expo Center were groundbreaking in the sport and this, combined with one of the most compact routes ever, put the event firmly in frame for World Championship status. A total of 45 crews representing 11 countries crossed the start ramp in Guanajuato during one of the most spectacular opening ceremonies seen in the sport.

Corona Rally Mexico made its debut in the expanded 16-round World Rally Championship of the 2004 season, running successfully as the third round of the series and implementing a raft of regulation changes introduced by the FIA for the season.

Since then, Rally Guanajuato México has been set as the first full gravel event of the championship.

The event has consistently maintained its signature format of a compact route with a high percentage of Special Stages.

1.5. Rally Guanajuato México - 2020 Edition

Sébastien Ogier equalled Sébastien Loeb's record six victories at Rally Guanajuato México after the decision was taken to stop the event after Saturday's special stages.

Rally officials, the FIA and WRC Promoter reached a decision to halt the event after SS21. Enough stage distance had been covered to ensure that the third round of the FIA World Rally Championship was eligible for full championship points - with the exception of points for the cancelled Power Stage - and it gave team personnel and members of the international media additional time to return to their countries before any further restrictions were put in place on air travel because of the COVID-19 pandemic.

Ogier guided his Toyota Yaris WRC to four stage wins on his way to a 27.8-second victory over defending World Champion Ott Tänak. The success was the Frenchman's 48th WRC career win, a feat surpassed only by Loeb's remarkable 79 successes. It also moved Ogier and co-driver Julien Ingrassia to the top of the World Championship standings and enabled Toyota to increase its lead in the Manufacturers' Championship. It was the factory Toyota team's first success on the event and marked the fourth manufacturer with whom the Frenchman has won the rally.

Ogier said: "A victory is a victory of course. This one feels completely different. It has been mixed feelings. The priority is to go home now and look after my family. The team have done a fantastic job – a first victory together. Let's work to get the next one as quickly as possible and celebrate that one."

Finland's Teemu Suninen fought gallantly to fend off a fierce afternoon challenge from Tänak in his defence of second place, but the young Finn came up just short as the Estonian moved up to fifth in the Drivers' Championship behind Ogier, Evans, Neuville and Roanperä. Tänak won six of the 20 special stages after fighting back from an accident that damaged the rear of the car on Friday morning.

Elfyn Evans came into the weekend as the series leader but it was never going to be easy for the Welshman to finish on the podium from his first day starting position. Fourth overall enabled the Toyota driver to stay on the coattails of his team-mate in the title race. Young Kalle Roanperä finished fifth in the third of the Yaris WRCs.

Sixth-placed Pontus Tidemand wrapped up his third victory in the FIA WRC2 category in México with a dominant performance in a Toksport Škoda Fabia Evo. The Swede erred on the side of caution over the final day and eased to victory over Mexican debutant Nicolay Gryazin by 1min 57.7sec, the gap exacerbated by a late drive shaft issue for the Russian.

Gryazin's Hyundai team-mate Ole-Christian Veiby ran off a string of stage wins over the final leg, but brake issues had cost the Norwegian too much time on Friday. He finished in 10th place.

Gus Greensmith reached the finish in ninth. He lost out on a top six finish in the second of the Ford Fiesta WRCs after a time-consuming battery issue on the second stage of the day and recovered strongly to gain an extra pace on the closing super specials.

Young Bolivian driver Marco Bulacia had missed out on a WRC2 category win on the event in 2019, but the talented Škoda Fabia driver dominated the newly named FIA WRC3 section, finished eighth overall and 4min 11.1sec in front of the Citroën C3 of Chilean runner-up Emilio Fernández. Ricardo Triviño was the leading Mexican driver in 12th overall and third in WRC3 after an impressive drive.

Belgian driver Thierry Neuville was the joint leader of the World Championship before the event and bounced back strongly on the final day to record a total of eight fastest times on his way to vital Manufacturers' points.

4. ENTRY DETAILS

4.1. Entry Procedure

Those wishing to take part in Rally Guanajuato 2023 must register and fill-in the electronic entry form published by the FIA (URL to be published in the documents section of www.rallymexico.com) duly completed before the closing date for entries.

The entry will only be accepted if accompanied by the total amount of the entry fee. To be accepted, competitors must send a proof of payment of the entry fee by e-mail to the secretary of the rally (entries@rallymexico.com) by the closing date of entries. Foreign drivers must submit an approval from their ASN.

4.2. Titles for which the Rally Counts

The rally counts towards the following titles:

- FIA World Rally Championship for Drivers
- FIA World Rally Championship for Co-drivers
- FIA World Rally Championship for Manufacturers
- FIA WRC2 Championship for Drivers
- FIA WRC2 Championship for Co-Drivers
- FIA WRC2 Championship for Teams
- FIA WRC3 Championship for Drivers
- FIA WRC3 Championship for Co-Drivers
- FIA-NACAM Rally Championship for Drivers
- FIA-NACAM Rally Championship for Co-Drivers
- FIA-NACAM Junior Rally Championship for Drivers
- FIA-NACAM Junior Rally Championship for Co-Drivers

The preceding list is preliminary and may change once the 2023 WRC Sporting Regulations are published.

4.3. Criteria for Acceptance of Entries

The maximum number of entrants is set to 60 cars. If more than 60 entries are received, the Organizers will create a reserve list. All vehicles must comply with the provisions of ISC Appendix J.

Entry applications outside the FIA Championships (registered crews) cannot be confirmed until after the entry closing date. The criteria for acceptance of entries will be in the following order:

- 1st Priority Drivers
- 2nd Priority Drivers
- 3rd Priority Drivers

In case the maximum number of entries is not reached, the Organizers reserve the right to complete the list with the rest of the entries at their sole discretion.

NOTE: All communications relating to entries will only be received at entries@rallymexico.com, and other information requests from competitors will be handled at compinfo@rallymexico.com. Any information on entries not sent to entries@rallymexico.com will not be regarded as official communication.

4.4. Entry Fees

4.4.1. FIA Priority drivers, or non-priority drivers in RC1 cars:

Entry fees for FIA Priority drivers, or non-priority drivers in RC1 cars, are those published by the FIA (2023 FIA WRC Regulations, App. VI). For WRC3 entrants, or non-priority drivers in RC1 cars, who wish to pay the fee to avoid having to carry organizer's optional advertising (additional to their normal entry fee), the cost is:

Optional advertising removal fee	€ 2,000
----------------------------------	---------

4.4.2. Non-Priority drivers in cars other than RC1, with the optional advertising proposed by the organizers:

Entries from Mexico, the USA and Canada.	€ 2,000

5. SERVICE PARK

5.1. Locations

Service for Rally Guanajuato México will take place at Rally Campus in the Distrito León MX.

The GPS reference for the main Service Park in León is:

21° 06.870' North 101° 39.380' West 1800 m AMSL

The Service Park is located in an outdoors secured area on a hard-levelled surface.

Competitors wishing to use a joint service area with another competitor must inform the organizers by **Thursday February 23th, 2023** by completing the Joint Service Request form.

All teams will be required to use a ground protector for each of the vehicles serviced.

It is recommended to send a service area and/or workshop layout to place containers according to requirements, thus avoiding extra use of cranes. This information should be e-mailed to imports@rallymexico.com prior to the arrival of the containers at the service park.

5.2. Service Areas

- Manufacturer 2-cars:..... as stipulated in the 2023 WRC Regulations
- Manufacturer 3-cars:..... as stipulated in the 2023 WRC Regulations
- WRC 2 Team 1-car: 100 m² aprox
- WRC 3 Team 1-car: 100 m² aprox
- Other Entrants 1-car 15 x 4.5 m

*Other sizes may be available for a fee upon request for WRC2 and WRC3 Teams. Please contact the organizer at compinfo@rallymexico.com

5.3. Access to the Service Park

Competitors can access the service park from Saturday **March 11th, 2023** at 12:00 hrs. Only competing cars and vehicles with special windshield decals “Servicio” and “Auxiliar” issued by the organizers will be allowed in the Service Park.

All vehicles entering the service park will be assigned a gate letter. Service and Auxiliary vehicles will only be admitted into the service park entering through their assigned gate.

Please contact the organizers at imports@rallymexico.com with any special requests.

5.4. Facilities

The following extra facilities can be ordered for use in the service area. Please contact the organizers for special requests.

- Telephone lines
- WLAN and LAN lines
- 220 Volt outlets (subject to availability)
- Catering
- Waste / Oil Removal
- Expo style walls / paneling
- Special Security
- Mobile offices / Camping cars
- Fork-lift & Car transport rental

These facilities can be requested by filling the Service Facilities Request form in the Competitors section of the event's website: www.rallymexico.com

Water and waste collection are provided at no extra charge. Toilets are available as part of the fair's facilities and portables provided by the organizer.

These services are offered in addition to those included in the 2023 WRC Regulations.

5.5. Security and Medical Services

The service park will be under surveillance 24 hours a day starting Monday March 13th, 2023.

Special security can be hired through the organizers.

A branch of the "Aranda de la Parra" Hospital will be open and on-call in the Service Park during Rally HQ opening hours.

5.6. Promotional Stands

Contact the organizers at info@rallymexico.com for prices and availability of promotional stands in the Rally Village in the service area and in the commercial zone at the Super Special venue.

6. TWO-WAY RADIOS

Cellular phones, GSM mobile stations and FRS stations (Motorola Talkabout) are exempt from radio license, provided they comply with the national regulations. The use of all other kinds of radio transmitters is regulated by the SCT (Secretaría de Comunicaciones y Transportes) and requires a radio license.

Should you require the use of UHF/ VHF frequencies during the rally, please contact compinfo@rallymexico.com

Throughout the rally, the use of amateur radio frequencies is prohibited.

7. FUEL / TYRES

Please note that ordering deadlines for both official fuel and tyres happen long before the opening date for entries.

7.1. Ordering of Fuel from Official Supplier

The FIA-appointed official fuel supplier is “P1 Racing Fuels”. All competitors, without exception, must use either fuel supplied by “P1 Racing Fuels” or regular pump gasoline at the stations designated as refuelling zones (RZ) in the Road Book.

Competitors wishing to use fuel supplied by “P1 Racing Fuels” must order it online by December 23rd, 2022. The order form requires prior registration. Instructions for ordering are available in the Competitors section of the Official Rally Website (www.rallymexico.com). Please contact eva@p1racingfuels.com with any questions.

7.2. Refuelling Points

Refuelling zones for all crews will be available at the following locations:

Sections SD, 1, 2, 3, 4, 5 & 6:	RZ 0, 1, 2, 4, 6, 8, & 10:	Mobil Station	0.7 Km from Rally Campus
Sections 2 & 3:	RZ 3, 5:	Santa Rosa	64.9 Km from Rally Campus
Sections 4 & 5	RZ 7, 9:	Nuevo Valle	40.2 Km from Rally Campus
Section 6	RZ 11	San José de Pinos	51.5 Km from Rally Campus

Road Books for the service crews from the Service Park to the Refuelling Zones will be available in Rally Guide 2.

7.3. Tyres specified for use during the Rally

All 4WD cars in the Rally, regardless of car class or whether they're entered in an FIA Championship or not, must use tyres from the FIA nominated tyre company, Pirelli. For 2WD cars, the make and type of tyres is free.

All competitors must comply with articles 13.1.4 and 13.3.1 of the 2023 WRC Sporting Regulations. Tyre quantities according to WRC Sporting Regulations Art. 15.1 are:

Type of Car	Total for the entire event excluding Shakedown	Total for the entire event including Shakedown
WRC Cars	24	28
All other cars	22	26

As per WRC Art. 13.2.5, the maximum number of tyres of the alternative choice for all 4WD cars is either 8 if Shakedown is not driven, and 12 if it is.

7.4. Ordering of Tyres from Official Supplier

Orders for Pirelli tyres for all 4WD cars must be made by January 2nd, 2023, using the order form available from the Competitors section of the Official Rally Website (www.rallymexico.com).

8. IMPORT OF VEHICLES AND SPARE PARTS

8.1. General

These instructions are preliminary and will be subject to further revisions. Please visit the official web site (www.rallymexico.com) for updates on this document.

To make **temporary imports** into México, these instructions should be fully observed by all participants to avoid unnecessary delays and subsequent extra costs.

These instructions must be acknowledged and accepted as requested herein by all participants.

Unless written comments are presented to Rallymex S.A. de C.V. and are initiated by the entries closure date (Tuesday February 14th 2023), these instructions will be considered fully accepted by the competitors.

Email: imports@rallymexico.com
Tel: +52 (55) 5259 6904 ext 120

8.1. Customs Clearance

Customs clearance and checking of goods is mandatory for temporary import into México. It must be completed at the seaport or airport of entrance.

Inland transit to León will only be allowed after customs clearing. Authorities may check papers and cargo during transit. The Consignee must register the customs broker in order to be allowed to perform temporary importation of vehicles and parts for the event.

Standard time for clearance will be as follows:

Sea shipments	within three days after arrival
Air shipments	within one day after arrival

REQUESTED DOCUMENTS:

For all shipments, customs clearing procedures require copy of the following documents to be sent to the agent at least 15 days prior to the estimated date of arrival.

- **Proforma Invoice**
- **Packing list**
- **Import form duly completed.** The form can be found on the official website. (No handwriting will be accepted, Typewriter or Computer printed only)
- **Bill of lading / Airway bill.** To be sent by fax/e-mail to the **agent** as soon as equipment is loaded into the vessel
- **ATA Carnet / FIA carnet is not allowed for motorsport events.** Please do not use it.

DOCUMENT INFORMATION:

PROFORMA INVOICE

Original must be sent by e-mail on Word/Excel format to motorsportmx@rockit.global, specifying all items being sent to México, unit and extended prices, model and reference number including vehicles. One individual "import form" per vehicle must be filled and checked. All numbers must be correct to prevent any delays for clearing.

PACKING LIST

To facilitate customs checking it is very important to complete this document. It must indicate net and gross weights of each box or container and should detail every major item as indicated in the proforma invoice. Hand tools and small elements such as bolts, nuts, etc may be indicated as kit of (...) (approximate number of elements in each kit must be stated).

IMPORT FORM

All documents must be consigned as indicated hereafter:

IMPORTANT NOTICE

For OCEAN shipments, the shipper must send, via fax/e-mail, copies of all documents AT LEAST 21 DAYS BEFORE ARRIVAL OF GOODS TO MEXICO and 7 DAYS BEFORE ARRIVAL for the AIR shipments. Failing to do this could cause unnecessary delays and extra costs in customs and warehousing.

RE-EXPORTING

Participants must note that all goods sent to México with temporary import status must be re-exported. If not so for any reason, the status should be changed as final import and, if allowed, the participant must pay all duties and taxes within the legal timeframe.

In case of total or partial relocation of goods or change of shipment method (air to sea or vice versa) participants should notify the Agent in advance and with sufficient information in order to fulfil all custom procedures.

8.2. Inland Logistics Procedures

After customs clearance is completed, vehicles and goods will be able to proceed to their final destination in León, in the State of Guanajuato.

A standard inland transit time from Veracruz to León is 15 hours with private custody, and 24 hours with police custody.

A standard inland transit from México City to León is 7 hours with private custody, and 12 hours with police custody. At the time of arrival in León, containers can be immediately delivered to workshops previously designated by teams, or sent to temporary holding areas within the Rally Campus.

It is recommended to send a service area and/or workshop layout to place containers according to requirements, thus avoiding extra use of cranes. This information should be sent to imports@rallymexico.com and motorsportmx@rockit.global or by fax to +52 55 5570 3824.

Cranes and forklift trucks will be available for use by all participants during the event (for rates please send request to the above contact).

CONVOYS

All vehicles arriving at México City or Veracruz will be able to be driven to León in convoys escorted by police. Nevertheless, any participant will be free to drive unaccompanied to the final destination in León or hire private custody. These convoys will depart with specific schedules according to the time of arrival of the ship. Ten vehicles maximum in convoy will be integrated according to participant's requests. Arrangements will be provided as to refuelling, toll payments and food.

DRIVERS DOCUMENTATION

In order to drive on Mexican roads, drivers will be required to carry the following documents:

- Valid international driver's license
- Copy of vehicle title of ownership
- Copy of insurance (see below information)
- Copy of port release and summary entry

IMPORTANT: Customs offices are closed on Saturdays and Sundays, and only extractions with complete documents may be done on these days. Port working hours are from 08:00 to 19:00 hrs on weekdays. Extractions can be arranged off-hours. Other off-hours operations will involve extra charges applied by port authorities.

Insurance bonds, covering at least third party (liability) damage, must be issued by a Mexican insurance company or by a foreign company with proper representation in México.

For insurance bonds we suggest the following contact:

SEKURA

Fax: +52 (55) 3300-0306
Email: miguel.tapia@sekura.mx

8.3. Carry-On Imports

When traveling to México by plane, each person is allowed to bring in \$500 USD worth of imported goods tax-free. If any person will be carrying goods destined for the rally, they should advise us at imports@rallymexico.com stating the name of the passenger, the flight number and a description of the goods to make sure that entry is permitted through customs. If your hand carry is bigger than 5 kilos or USD \$500, please send it as cargo.

8.4. Payments

The AGENT has prepared a flat fee for teams importing goods through different ports for import and re-export of goods, or per container or vehicle. This fee will have to be paid to extract goods from the port of entry.

For billing details please contact

Cargolive, S. de R.L. de C.V.

Contact: Johanna Romero
Tel. +52 (55) 5280 1279
Mobile +52 (55) 4484 4788
Email: motorsportmx@rockit.global

Teams will be considered co-responsible for payment of their forwarders' bills.

9. HELICOPTERS

9.1. Registration Procedure

All helicopters operating in the rally area during the event must be registered with the organizer at a cost of €1,500.00 (+VAT 16%) and have completed the registration form by Thursday February 16th, 2023. To be permitted to enter the airspace prohibited to normal air traffic, pilots must be familiar with the special flight guidelines.

All landing areas, including those at the service park and in the special stages, will be identified on maps and in the helicopter guidelines, including all the GPS positions.

Attendance at the pilots' briefing on Thursday March 16th, 2023, at 19:00 hrs is mandatory for all pilots. After registration and payment of the appropriate fee, all pilots will receive additional information at least one week before the event.

As all correspondence will be made by e-mail. An e-mail address **must** be specified on the registration form.

10. HOSPITALITY ARRANGEMENTS

Rally México provides the best public relations scenario for companies and group operators through its Corporate Hospitality offerings.

We offer packages of VIP hospitality suites at the Super Special venues, which include:

- All-inclusive 40 or 20 person packages
- 100 square meters of tented area, with elevated wood flooring
- Tables, chairs and waiter services
- Restrooms
- Snacks
- Meal Buffet service (Mexican or International)
- Open Bar (National Spirits)
- Bottled Water
- Sodas

Custom packages can be arranged to better fit your needs.

For reservations, costs or information please contact us at +52 55 5259 6904 or at hospitality@rallymexico.com

11. HOTEL / ACCOMMODATION RESERVATION

- **León:** The city of León is the epicentre of the rally and where most activities take place. Although there are many hotels in León, these are the ones that get booked up early.
- **Guanajuato City:** Guanajuato is a UNESCO designated World Heritage colonial city located approximately 45 minutes from León and very close to Friday's stages. It has many hotels and is a very good place to stay and combine tourism with the rally.
- **Silao:** Silao is a small industrial city located approximately 30 minutes from León. From here you can easily access most of Saturday's stages. Silao has many new quality hotels due to the recent expansion of the Internal Port industrial complex.

In the following page, you'll find a table with contact details for many of the region's most important hotels.

12. RECONNAISSANCE

12.1. Duration and Schedule

Reconnaissance will take place from Tuesday March 14th to Wednesday March 15th, 2023, according to the specified schedule which will be available in the Supplementary Regulations.

12.2. Registration

All entrants taking part in the reconnaissance must register at the Rally Secretariat to get all the necessary documentation before starting their reconnaissance. Registration for reconnaissance can be done according to the schedule specified in the Rally Programme at the Rally Secretariat.

For priority 1 and 2 drivers, a team member duly designated in writing can collect the materials. Other crews must register in person.

12.3. FIA Tracking System

All crews will be required by the FIA to use a special system for controlling the speed throughout reconnaissance by means of a GPS.

This tracking system will be handed out upon registration for reconnaissance at the Rally Secretariat and will have to be returned after completion of reconnaissance.

The equipment will be available for collection and will have to be returned at the Rally Secretariat at specified times published in the Supplementary Regulations and Rally Guide 2.

13. SCRUTINEERING / SEALING AND MARKING

Scrutineering will be performed on Wednesday March 15th, 2023 following a detailed schedule published in the Supplementary Regulations, Rally Guide 2 and in subsequent bulletins and will be performed within Rally Campus in León.

14. SHAKEDOWN

Shakedown for eligible crews will take place on Thursday March 16th, 2023 according to the following schedule:

Priority 1 drivers:	10:00 – 12:00 hrs
Priority 1, 2 & 3:	12:20 – 14:20 hrs
Others:	14:30 – 16:00 hrs

All crews must wear the same FIA approved safety equipment as required for the rally.

The Shakedown Road Book will be available in Rally Guide 2, Road Book 1 and on the website. It will include all directions from Rally Campus and back.

14.1. Shakedown Venue

The Shakedown venue will be the same as 2020, except for the first 50m.

The Shakedown test stage will take place in the Alfaro region and is 5.49 kilometres long.

The Shakedown stage will be open to all participants (compulsory for all Priority 1 drivers). A Shakedown start list will be published on Wednesday, 15th March, 2023.

The Main Service Park at Rally Campus is located 15.03 Km from the Shakedown start and will be used as the main service venue.

- Distance from Rally Campus to Shakedown: 15.03 Km
- Total Length of the Shakedown: 5.49 Km
- Total Length of the Shakedown Loop: 6.68 Km

Refuelling will be available at RZ 0 in Mobil Escobedo during Shakedown operating hours.

Reconnaissance for the Shakedown stage will be included in the Reconnaissance Schedule for all drivers.

14.2. Registration

Shakedown for Priority 1 drivers is compulsory, and registration is not necessary.

All other crews wishing to participate in the shakedown must fill out the Shakedown Registration Form (all forms can be obtained from the Documents tab in the Competitors section at www.rallymexico.com) and must be sent to the Organizers along with the payment before February 23rd, 2023.

For non-priority drivers, the use of the Shakedown has a cost of € 250.

15. START PROCEDURE

The Ceremonial Start is compulsory for all competing cars and will take place in front of the “Alhóndiga de Granaditas” in the city of Guanajuato on Thursday March 16th, 2023, immediately before the start of SS1, beginning at 19:55 hrs. The ceremony will take place between TC1 and SS1 start control.

A detailed procedure and instructions will be published in the Supplementary Regulations and Rally Guide 2.

16. FINISH PROCEDURE

The finish of the rally is at TC 23C, Service E Out – Finish Area IN. The prize giving ceremony will take place at the podium of the “Foro del Lago” at Rally Campus at 14:30 hrs.

A detailed procedure and instructions will be published in the Supplementary Regulations and Rally Guide 2.

17. P.R. ACTIVITIES

Public Relations activities of the Rally will be published in Rally Guide 2 and updated thereafter on the event’s website.

Details regarding individual team media functions can be obtained from the relevant team press officers. The provisional diary, which will be available for the media, will be updated on the events website when available.

18. OFFICIAL TEST STAGE FOR NON-P1 CREWS

An official test stage will be organised on Monday 13th March, 2023, at a location in the municipality of Romita, approximately 49km from the Service Park. This test stage will be open to the public and operate as a special stage of the Rally. A large open space will be available for teams to set up temporary service areas right next to the start of the stage. An official road book to and from the test venue will be available. Medical services will be provided as well as catering and security.

Crews wishing to take part of the test stage, need to register at the secretariat with a payment of € 400 before the test day. For more information, please contact the secretariat at compinfo@rallymexico.com.

18.1. Other Testing

As per an official government request, any testing in the state of Guanajuato, other than the official test stage at the indicated times will be forbidden for all competitors after the publication of the Supplementary Regulations and until the publication of the Final Classification.

19. MEDIA

19.1. Media Accreditation Procedure and Guidelines

As a round of the FIA World Rally Championship, Rally Guanajuato Mexico 2023 follows the regulations and procedures set out by the FIA for media accreditation. Please make sure to read these guidelines and follow them closely. It is very important to provide all the requested documentation and to send it the correct office. Errors in procedure will result in delayed requests.

19.1.1. National publications, national photographers, national websites and national radio stations.

Requests for accreditation for publications, photographers, websites and radio stations in Mexico must apply on our website www.rallymexico.com no later than February 22th 2023.

The Chief Media Officer will e-mail the result of the accreditation request to the outlet's headquarters at least two weeks before the rally. If the request is accepted, an agreement will be included, to be signed by the Editor. No accreditation will be finalized without this signature. If the representative of the publication is unable to attend, the Chief Media Officer needs to be notified at least seven days before registration opens.

19.1.2. Television

For all Television accreditations, broadcasters and networks are to contact the **WRC Promoter** before March 1st 2023 at: accreditation@wrc.com

For national broadcasters, please contact Rally Mexico Accreditation Service in order to help you with TV accreditations procedures.

19.1.3. International publications, photographers, radio and internet media

All accreditation requests from international publications, photographers and websites must be made to the FIA before March 1st 2023 using the online accreditation system on www.fia.com in accordance with the stated procedure.

19.1.4. FIA WRC permanent pass holders

No accreditation request is needed, but both the Chief Media Officer and the FIA Media Delegate need to be informed of the pass holder's intent to attend the event. Please do so by e-mail at least five days before Scrutineering.

19.2. Media Center

The Media Center, Accreditation Office and Manufacturers' Room will be located in the Main Building of the Distrito León Mx, right in the middle of Rally Campus.

Please refer to point 2.3 of this Guide for Media contact information.

Only accredited media will be afforded access to the Media Center.

19.3. Telecommunications

Ethernet and WI-FI connections are available (ISDN is not supported in México) and technicians will be available during the event to assist if necessary.

GSM, 3G and 4G are widely available in México, 5G is available only within the cities of León, Guanajuato and Silao. Please check with your national provider about the availability of your own roaming service within the country. Do note however, that roaming charges can be considerably more expensive than hiring locally. As a general rule, coverage in the stages is intermittent.

Courtesy Ethernet lines and WI-FI communications will be available for the media (press room) and photographers (wire sending area) for business use only.

20. PASSES AND PLATES

Passes and Car Passes will be issued by the Organizers to ensure proper access to the Rally Campus areas. A detailed access table will be published in Rally Guide 2.

Car access will be controlled by gate identification. Service and Auxiliary vehicles will only be afforded access through specific gates and access points throughout Rally Campus.

21. MEDICAL SERVICES

22. LIST OF USEFUL FACTS AND SERVICES

22.1. México

Our country is the natural link between the United States and Latin America. And, through the signing of 12 trade treaties that grant a preferred access to 44 countries - among them the United States–México–Canada Agreement, as well as those signed with the European Union, Chile, Brazil and Argentina - México has access to a potential market of more than 860 million consumers and is consolidating itself as one of the most important emerging economies in the world. ([Mexico](#))

22.2. León & Guanajuato

Guanajuato is one of the best-communicated states in México, with a complete network of roads. Its rail network is located in the area of confluence of the main trade routes of the country, and by air it is well connected to the main destinations in México and the United States.

León is the biggest city in the State of Guanajuato, with 1.6 million inhabitants, and the fifth biggest city in México. Over 50 million people live within 400 km of León, including the populations of México City and the State of México.

León is near three of the most important tourist and colonial cities in México: Guanajuato, a UNESCO World Heritage Site; Dolores Hidalgo, the birthplace of the National Independence, and San Miguel de Allende, one of the most popular tourist and colonial cities visited by foreigners.

Guanajuato City, the capital of the State of Guanajuato and venue for the start of Rally Guanajuato México, is considered to be the most beautiful colonial city in the Americas and owes its fame to rich veins of silver and gold discovered by the Spanish centuries ago. It is one of the most important cities in the country, both traditionally and culturally. Old world charm lures visitors from around the world, and strolling minstrels, known as “estudiantinas”, enrich the medieval atmosphere with music from a bygone era. The extensive underground tunnels and walkways also make Guanajuato a beautifully unique and captivating city. Construction of the Teatro Juárez, began in 1873 and it was finally opened in 1903 by President Porfirio Díaz. It is one of the most beautiful theatres in México with a variety of architectural styles.

León's pre-Hispanic legacy can be seen in its architecture, monuments and parks. Founded in 1576, it is now a modern urban centre with the extensive infrastructure, good public safety, universities, transportation and roads necessary for accelerated development.

León is well known for its infrastructure and organizational capabilities for any kind of international event. The city not only has excellent infrastructure for international events, including its convention center (CONEXPO), but also offers a wide range of services like theatres, museums, restaurants, recreational centers, hotels, shopping and financial centers beyond comparison in central México.

Guanajuato's shoe and leather sector is the biggest in the country, since it contributes 60 per cent of the total national production. It also has a complete infrastructure of hotel services and of purveyors for the fair and exposition industries. Furthermore, in close proximity to the city via excellent roads, visitors can access historical places like Guanajuato, San Miguel de Allende and Dolores Hidalgo. León is linked directly to other political and economical centers in México via road and air. As a platform to launch commercialization or production strategies, León offers the best infrastructure and unquestionable capacity as tourism, commercial and business center.

In recent times, the state has emerged as a new industrial powerhouse, which has seen huge investment in medium and heavy industry, including aerospace production, and more relevantly for the Rally, in the automotive sector, which has seen global giants such as Toyota, VW, Ford, Honda, Mazda and GM open manufacturing operations in the state, bringing along their whole supply chains and creating thousands of well-paid jobs in the process.

22.3. Tips from A to Z

AIRPORTS

It is not possible to take baggage carts out of the arrivals hall at México City airport, although there are porters to assist with luggage. A tip will be expected. It is also wise to reconfirm all flights in advance.

Be aware that flights with stops in the US will require travellers to have US Visas or an ESTA registration for certain country nationals which takes *about* 4 days to be approved (<https://esta.cbp.dhs.gov/esta/>). **No transit status is awarded within U.S. airports anymore.**

León Airport: Aeropuerto Internacional de Guanajuato (BJX) 24 km

Mexico City Airport: Aeropuerto Internacional Ciudad de México / Benito Juárez (MEX) 382 km

Queretaro Airport: Aeropuerto Intercontinental de Querétaro (QRO) 201 km

Guadalajara Airport: Miguel Hidalgo y Costilla Guadalajara International Airport (GDL) 231 km

BANKS & CREDIT CARDS

Banks are generally open from 09:00-16:00 hrs Monday to Friday and a few from 09:00-13:00 hrs on Saturday. All international credit cards (Visa, Master Card and American Express) are commonly accepted in major cities (Guanajuato and León).

Most Automatic Teller Machines (ATM) are open 24 hours a day and can be found curbside in banks, some hotel lobbies and shopping centers. Small businesses in small towns will not take credit cards.

Changing Travellers' Cheques is best done in the morning, as a number of banks will not accept them after 14:00hrs. A passport is also required. For the most favourable rates, change money through banks.

It is somewhat difficult to exchange European currencies in Guanajuato (including the Euro). The US Dollar is more easily accepted and exchanged.

BARGAINING

Bargaining is common practice in tourist areas where quoted prices can often be double the value of the goods. In smaller towns away from the tourist sites, bargaining is not recommended as it can be seen as a lack of civility.

BEHAVIOUR

Basically, it is not difficult to act respectfully in México; in general people are friendly and quite informal. As with travel to any foreign country, friendliness and a desire to respect local customs is appreciated.

CLIMATE

The climate is typically tropical, although varies in the different regions of the country. March is the dry season and normally warm and windy. Occasionally, short tropical rains can be followed by warm sunshine and 30°C temperatures, while the altitude in Guanajuato can see temperatures drop below 10°C at night.

CLOTHING

Although dress code is not an issue in México, we do not suggest any liberal attire.

CURRENCY

The local currency is the Mexican Peso and approximate exchange rates are (November 14th, 2022):

1 € = 20.07 MX Pesos. / 1 GBP = 23.09 MX Pesos / 1 US\$ = 19.31 MX Pesos

Notes in circulation are: 20, 50, 100, 200, 500, 1000 pesos. Coins in use are 0.05, 0.10, 0.20, 0.50, 1, 2, 5, 10, and 20 pesos. You should be aware that 1 and 2 peso coins are similar and can be confused, as well as \$20 and \$100 peso bills. Also, there are two different types of 0.20 and 0.50 peso coins in circulation, so attention should be paid to the denomination.

CUSTOMS

All things of personal use do not incur duty, but there are limits to what is considered “personal” (http://omawww.sat.gob.mx/aduanas/pasajeros/Paginas/Mercancia_ingresar_Mexico.aspx). Other articles are allowed with some limitations: souvenirs and gifts not exceeding USD\$ 500 (if entering the country via air). Alcohol and tobacco products must be declared. Foreign currency (including cheques, securities, tradeable documents of any kind) is limited to USD\$ 10,000 or its equivalent without declaration.

DOCTOR

A branch of the Aranda de la Parra Hospital will be open and on-call in the Service Park during Rally HQ opening hours.

HQ Emergency number: **+52 55 6221 9087**

DRIVING

Cars are left-hand drive in México and you drive on the right side of the road. Remain aware of possible road hazards such as animals crossing, potholes and the omnipresent speed reducer bumps called “TOPES”. The right of passage in corners and roundabouts is not observed in México City and surrounding areas and usually the biggest, or the bravest, goes first. In León, nonetheless, stop signs are “mostly” respected and the roundabout traffic always has the right of way.

The speed limit in towns is 40 km/h and is indicated everywhere else by road signs. Highway speeds can vary between 80 to 110 km/h. Speed limits are usually posted.

Carry your driving license at all times. Wearing seat belts is compulsory throughout the country. Mobile phones are not to be used while driving. Hands-free is permitted.

Be aware that the Mexico City Metropolitan Area (comprising Mexico City and several neighbouring states) has a compulsory program called “Hoy No Circula”, which prohibits portions of the motor vehicle pool from being driven on specific days based on plate numbers. Only locally registered cars having passed an emissions test are exempt. Non-exempt cars found circulating on forbidden days can be towed by police and heavy fines imposed. The system is somewhat complicated, so when renting a car, make sure to ask the staff about how it applies to your vehicle.

ELECTRICITY

Household electric supply in México is 110 volts (60 Hz) and sockets accept plugs with two flat parallel pins (American specification). Most laptop computers operate equally on 110 or 220 volts and only require a travel plug adaptor.

ELEVATION

The mean elevation of the city of León is 1,786 meters above sea level (5,860 ft). The elevation of the special stages varies from 1,800 to 2,737 meters above sea level.

FESTIVALS

Mexicans celebrate a number of festivals and seasonal events throughout the year and it is worthy of note if planning a vacation. Any festivals or holidays during the week of the rally will be notified in advance.

GAS STATIONS

Mobil, Shell, Total, Valvoline, OxxoGas, G500 and other brands are sold alongside the state oil company PEMEX.

Prices can vary from station to station, and with time. The average prices reported by the National Energy Commission as of September 30, 2022, were:

- Premium grade (Red pump) is 93 octane (R+N/2) at \$ 24.09 pesos / liter (€ 1.20)
- Magna grade (Green pump) is 87 octane (R+N/2) at \$ 21.74 pesos / liter (€ 1.08)
- Diesel #2 (Black pump) at \$23.60 pesos / liter (€ 1.17)

Gas stations are normally open 07:00-22:00 hrs, although those in major cities and major highways tend to be open 24 hours.

All gas stations are full-service; you should tip the attendant approximately 10 pesos.

NOTE: Credit Cards are not always accepted. Please check with attendant before refuelling.

Always check that the pump has been reset (zero reading) before refuelling.

LANGUAGE

The official language in México is Spanish although many dialects are still used in different regions. English is spoken in most hotels and tourist destinations. Most members of the Organizing Committee speak good English.

MEDICINE

Many international brands can be found in pharmacies. (Please note that some brand names are different: Maalox to Melox, Zantac to Azantac etc...) Most medicines can be bought over the counter without a prescription, except for antibiotics and some of the more potent or uncommon compounds. However, it is always wise to take an adequate amount of your personal medicines with you.

MOCTEZUMA'S REVENGE

Food in hotels and good restaurants is safe. Be aware that spicy dishes are common in menus and can be VERY spicy. Foreign visitors should avoid “roadside” restaurants and sub-par eateries. Many visitors get sick by not sticking to this simple rule. Mexicans call it “Moctezuma's Revenge”.

Pre-packaged snacks are safe to eat. (Marinela, Bimbo, Sabritas, Barcel) (See WATER, below)

OPENING HOURS

Most shops are open from 09:00 to 18:00 hrs Monday to Saturday. Major department stores or shopping malls open from 10:00 to 20:00 hrs seven days a week. In small towns some shops close for lunch from 14:00 to 16:00 hrs. Please note that in México, normal lunchtime is from 14:00hrs to 16:00hrs.

PHOTOGRAPHY

México is a colourful country to photograph. It is of course polite to ask permission before photographing people. Pictures in some temples are forbidden and should never be taken during a ceremony.

POPULATION

The total population of México is 130 million, 5.8 million of whom live in the State of Guanajuato and 1.6 million in León. 29.3% of the country's population is under 14 and 9.2% is over 60.

RIDE-HAILING APPS

Several ride-hailing applications operate in Mexico's mayor cities. In Mexico City, there's Uber, Didi, Cabify, EasyTaxi and several others. In Leon, Uber, Didi and Taxitel are the three most widely used.

Be advised that in Mexico generally, but especially in León, there is still stiff opposition and even outright hostility from regular cab drivers towards ride-hailing apps and their drivers, especially in bus terminals and airports. The driver may request that you ride in the front seat to avoid standing out.

As of October 2022, ride-hailing apps have been banned from airports, so you will need to hire authorized taxis.

SAFETY

Special caution must be taken when in México City. Avoid unauthorized airport taxis and ask the hotel concierge for any special safety tips around the area you'll be staying. When in León, normal safety behaviour is recommended.

Please, **DO NOT** leave computer or photography equipment in unattended cars. The most sophisticated robbers use sensor equipment which can detect radio frequency emissions from laptops, cell phones and other electronics transmitting data wirelessly (wi-fi, Bluetooth, cellular data, etc), which they do even in sleep mode. Leaving equipment in the trunk or hidden under seats is not a good enough preventive strategy.

Photo equipment is specially targeted during rally week. Please use caution in the stages and do not wander alone in isolated areas.

SUNBURN PROTECTION

The high altitude and gentle winds mean sunburn can happen surprisingly quickly. **Sunscreen (SPF 50+), a hat, sunglasses and long sleeve shirts are GREATLY RECOMMENDED.** Heatstroke is also a very common occurrence even among locals. It cannot be stressed enough: please take adequate precautions. Every year, 1 or 2 team members end up at the emergency room with severe skin burns.

TELEPHONE

GSM and CDMA are widely available in México, but please check with your national provider about the availability of roaming agreements within the country. As a general rule, coverage in the mountains, with a mobile telephone, is intermittent.

See 22.6 for dialling details.

TIME

México extends over three time zones. The zone in which the rally will take place is at GMT - 6 hrs. (Mexico City – Guanajuato)

TIPPING

Tipping is common practice in México and can get you a long way. Normal tipping in restaurants is 15% while porters, taxi drivers, parking and gas station attendants will expect about 10-20 pesos.

WATER

Tap water is not recommended for drinking. Most hotels provide bottled water in the room at no charge. Soft drinks, bottled water and juices are commonly available and safe to drink.

22.6. Telephone Dialling

The Mexican phone dialling system is similar to the US system.

The country is divided into Local Area Codes (LAC) represented in parenthesis called LADA in México.

Dialling between either land or cellular lines, local or long distance, is the same in all cases: "LAC + number". Please note that "LAC + number" is always 10 digits (XX) XXXX XXXX or (XXX) XXX XXXX

To dial internationally **from** México to the USA or Canada, dial: 001 + area code + number.

To dial internationally **from** México to the rest of the world, dial: 00 + country code + area code + number.

To dial internationally **to** México, dial: 52 + area code + number.
