1. WELCOME AND INTRODUCTION

Welcome

We are glad to welcome you to our Rally Chile BIOBIO 2024. The biggest motorsport event in Chile will take place from September 26th to 29th of September.

In 2019, we made history to bring the World Rally Championship for the first time to Concepción. This year for the third time, we have the honour to welcome again WRC, its competitors, and the true fans. COPEC RallyMobil National Championship has created a reputation throughout the whole World because of its amazing gravel stages and great atmosphere.

Thanks to the support of the Regional Government of BIOBIO, local authorities, the 3 provinces and their 33 municipalities, our sponsors, official teams and brands associated, we are very proud to deliver this event and allow all rally fans a unique opportunity to enjoy a fantastic rally weekend with the huge support of the Chilean police department that is the key to make sure that each stage will be very safe for all those participating and spectating.

Locations

Rally HQ, Media Centre and Service Park will be in the MDS Hotel Talcahuano, Concepción. The Service Park will be located on the same location as 2023, the parking area of MDS Hotel and Casino and its surroundings. It will be the only Service Park used during the rally.

Route

The route consists mostly of twisty gravel stages, challenging to both cars and crews. The total distance of the rally is about 1.193,02 km. Sixteen special stages in total will cover about 307,48 km, which bring the rally to more than 25,77% special stage coverage.

The rally starts with Shakedown on Thursday morning, while as special stages are run from Friday morning to Sunday within 120 kilometre radius of Concepción. The special stage BIOBIO is for the first time welcoming the Wolf Power Stage.

There will be 6 special stages on Friday and Saturday. They will be made up of three unique special stages that will be repeated later on each day. Sunday will finish the rally with another 4 stages – 2 stages that will be driven twice. The Podium Ceremony will be held at the Stop of the Wolf Power Stage.

In this Rally Guide One, you will find the information necessary to prepare your participation for the event. Should you require any further information, please do not hesitate to contact us. Our organising team is looking forward to helping you make your participation as easy as possible.

Rally Chile BIOBIO
Organising Team

THIS DOCUMENT HAS NO REGULATORY POWER - FOR INFORMATION ONLY.

1.1. Environmental Policy

The Rally Chile BIOBIO is the newest WRC event in the world to achieve the accreditation “Achievement of Excellence” from the FIA Institute’s environment programme. During 2023 Rally Chile BIOBIO achieved three stars, the highest level, in the FIA’s environmental accreditation framework, highlighting areas such as the protection of fauna and wildlife, commitment to the measurement and neutralization of greenhouse gases or Carbon Footprint and the management of the environmental impacts of direct rally operations.

This recognition forces us to look at the protection of the planet with world-class eyes in terms of innovation in environmental care.

Our competition routes are characterized by abundant forests, rivers, wetlands and natural wildlife hotspots recognized by society, in which Rally Chile BIOBIO has proposed to be a protagonist in their protection for an environmentally friendly rally. This attitude is represented through the environmental policy of the Rally Chile BIOBIO.

As part of the continuous improvement of the FIA Environmental Sustainability Program, Rally Chile BIOBIO goal is to continue to make the event more sustainable. Each of the internal and external operations seeks to maintain objectives, measurements and records to minimize potential impacts on the environment. This process is in permanent development and has a scope not only in the stages, service park and event activities, but also considers suppliers, society and stakeholders in general.

Specific goals of the organisation are as follows:

- Developing a strengthened Sustainability and Environment Protocol that allows recording, measuring and improving potential impacts. Commit to continuously improve our environmental work.
- Constituting a high-level environmental governance within the organization of the event.
- Determination of each Stages based on a "multilayer criteria" - Multilayer Assessment of Career Determination (M.A.C.D.) where the initial Stages proposal from the Clerk of The Course is subjected to an exhaustive evaluation for the Conservation of Nature, considering national laws, international agreements such as WETLAND RAMSAR SITES by UNESCO and interested parties (NGO's) among others.
- Register and provide detailed information for helicopters of all natural ecosystems identified in the assessment and a strict prohibition of their overflight at less than 500 feet of altitude so as not to significantly disturb different competing Ecological Points of Interest (E.P.I.) or areas of High Conservation Value Areas (HCVA) .
- Educate and inform as many people as possible both within the organisation and externally of our environmental policy.
- Comply with relevant environmental laws and regulations of Chile, and other environmental requirements as well as the FIA Institute Environmental Certification Framework.
- Observing environmental work and environmental impact when we choose partners and suppliers and strive to choose products and services with proven good environmental performance.
- Seeking to limit our transports’ environmental impact as much as possible and minimise the amount of fuel used by officials working on the event.
- Saving energy and use renewable energy sources where possible, minimize waste, recycle and energy recycle.
- Reduce the number of printed materials – documents using the largest number of digital sources or preferring papers from Sustainable Forest Management and Controlled Sources under seals such as PEFC and FSC.
- - Reduce and replace the use of plastic bottles with new more ecological materials
- Complete identification neutralization of Greenhouse Gases through:
 - Measurement of the Carbon Footprint in Scopes 1, 2 and 3 using high performance protocols such as the GHG Protocol of the World Resource Institute - WRI
 - Verification reviewed by an independent third party (Deloitte)

- Neutralization of the entire Carbon Footprint through Certified Emission Reduction (Carbon Credits) registered in the Clean Development Mechanism - CDM of the United Nations Framework on Climate Change and communicating the event's environmental efforts through activities with selected WRC crews in order to promote the competition's high commitment to caring for the environment.

4. ENTRY DETAILS

4.1. FIA Titles for which the Rally counts

FIA World Rally Championship for Drivers and Co-Drivers

FIA World Rally Championship for Manufacturers

FIA World Rally Championship for Teams

FIA WRC2 Championship for Drivers and Co-Drivers

FIA WRC2 Challenger Championship for Drivers and Co-Drivers

FIA WRC2 Championship for Teams

FIA WRC3 Championship for Drivers and Co-Drivers

FIA WRC Master Cup for Drivers and Co-Drivers

4.1.1 Other Titles for which the Rally counts

COPEC RallyMobil Chilean National Championship for Drivers and Co-Drivers

4.2. Entry Procedure

Closing date and time for entries is Tuesday, 27 August at 23.59 CET (17:59 CLT)

Those wishing to take part in Rally Chile BIOBÍO 2024 must register and fill in the electronic entry form published at <https://registrations.fia.com/wrcch> duly completed before the closing date for entries.

Please note that the FIA registration platform requires a user ID and a password to access the entry system. The entry will only be accepted if accompanied by the total amount of the entry fee. To be accepted, competitors must send a proof of payment of the entry fee by e-mail to the secretary of the rally (mdelsante@rallychilebiobio.com) by the closing date of entries. Foreign drivers must submit an approval from their ASN.

Referring to Art 6.2.1 and Art 6.3.1 of the 2024 FIA WRC Sporting Regulations, the drivers willing to score points in WRC2 or WRC3 Championship must register with the FIA before the closing date of entries of the first rally entered.

4.3. Entry Fees

Manufacturers, other WRC cars and competitors in the Support Championships

Entry fees for Manufacturers, WRC Teams and competitors in all WRC Support Championships (i.e. WRC2, WRC3 as defined in the 2024 FIA WRC Sporting Regulations) are waived from the WRC Rally Chile BIOBÍO 2024.

Entry fees for non-priority competitors are also waived from the WRC Rally Chile BIOBÍO 2024.

For drivers registered in the COPEC RallyMobil Championship the entry fee will be CLF 9 + VAT

If a competitor wishes to decline Organiser's optional advertising a charge of €2,000 will apply. This applies also to any competitor entered in class RC1 if not Manufacturer or WRC Team.

Participation in reconnaissance only € 1.500

4.4. Entry Packages

The entry packages for FIA registered teams (Manufacturers, WRC Teams, RC1 cars and Support Championship entries - WRC2 and WRC3) as stipulated by the Appendix VI of 2024 FIA WRC Sporting Regulations.

Entry packages for Non-Priority registered Teams:

- The payment must include all charges involved with the transfer.
- Please ensure that the “**last name**” of the driver and “**CHL2024 Entry Fee**” are included as a reference on the bank transfer document.
- The full payment of the entry fee must be on the Organisers bank account before the closing date for entries. No entry will be accepted without the full payment.

Competitors who wish to receive an invoice for the entry fee should send their request to finance@rallychilebiobio.com before 28 September 2024.

5. SERVICE PARK

5.1. General Information

Location GPS coordinates: 36°46'32.3"S 73°04'24.1"W

Service park is located in the MDS Hotel and Casino, the surface is tarmac.

Service Park Manager

Claudio Strika/Javier Iglesias
E-mail: servicepark@rallychilebiobio.com

5.2. Access to Service Park

Exemptions could be agreed with Service Park Manager.
Please contact the Service Park Manager for direction to your allocated service area.

Access

Only vehicles with Team plates issued by the Organiser are allowed to access the Service Park. The vehicles must be clearly identified by designated car pass affixed on the windscreen. Removal of the sticker is prohibited until the end of the rally.

Closing

All service buildings, tents, cars, trailers etc must be removed from the Service Park area:

- (Manufacturers teams) by Tuesday, 01 October at 07.00
- Rest of the Service Park (all other teams) by Monday, 30 September at 12.00

5.3. Service Area

- Manufacturers and WRC Teams entered to the FIA WRC will have their designated areas in the Service Park according to the Championship Regulations.

Cost for additional service space in Service Park area is 30 € + VAT 19% /m² = 35.7 €/m².

All additional space requests are subject to availability and organiser agreement. The organiser cannot guarantee any service space exceeding those given above and in the FIA WRC Sporting Regulations, Appendix VI.

If a competitor has multiple entries to be located together in Service Park, the application for consecutive Service Areas must reach the Organiser by Thursday, 29 August.

The layout of Service Park displaying service space designated to each competitor will be published in the Competitors section on www.rallychilebiobio.com and on Sportity application.

5.3.1 Traffic Movement

The traffic flow direction shown on the Service Park layout must be always respected by competitors and their service / auxiliary vehicles.

5.3.2 Parking

During the rally, only vehicles with Service and Auxiliary passes will be permitted to access the service park. Auxiliary vehicles may only enter the service park to bring or collect personnel and/ or equipment and only while no competition cars in the service park. Due to the restricted space in the Service Park, Non-priority entries will not be given any auxiliary plates. All trailers and tractor units must be removed to the dedicated truck parking area outside the Service Park.

There will be dedicated car parks for Auxiliary, Media, and Officials.

5.3.3 Power Generators

Generators are permitted in the Service Park however these must be super silent diesel or LPG.

Generators must be fenced off to restrict access to competent personnel only.

5.3.4 Restrictions

It is forbidden under any circumstances to drill holes in the surface of the Service Park. Teams and competitors are asked to bring weights for tents and other items that need to be fastened.

5.4. Facilities at Service Park

Following facilities will be provided at various points around the service park as per FIA WRC Sporting Regulations, Appendix VI.

- Public toilets
- Waste containers and selective collection
- General lighting
- General security
- Car wash (Located outside the Service Park)

Following paid services can be ordered from the Organisers by using the order form available in Competitors > Documents section on the website: www.rallychilebiobio.com

- Additional service space (if available)
- Power supply
- Portable toilets at team service area (Priority competitors as per WRC Regulations)
- Waste removal

- Private water supply if available
- Additional security services
- Forklift and scissors lift rental
- Crowd barriers / fencing

5.5. Environmental Requirements

Washing

A car wash facility will be available near the Service Park. Washing cars inside the Service Park is prohibited at any time. Wheels and other parts may be washed in the designated wash bays set up within the Service Park.

Groundsheet

All competitors must put in place a suitable size plastic groundsheet to cover the whole area where service work is being carried out. This groundsheet must be impervious to all fluids. Cleaning of the groundsheets must be done so that no materials are allowed to encounter the ground surface.

Recycling and Waste

For environmental reasons, all competitors are kindly asked to use the recycling areas arranged at the Service Park for waste. It is forbidden to spill any oil or wastewater on the ground in the Service Park. A special container for hazardous waste will be available in the Service Park.

Before leaving the Service Park after the rally (or possible retirement) each team must report to the Service Park Co-ordinator, who will check that their allocated area has been left in good condition.

5.6. Security

Starting from Sunday 22 September until Monday 30 September, Service Park will be open 24h with overnight security provided by the Organiser from 22.00 until 07.00.

However, the Organisers are not responsible for any losses, thefts, or damages etc – all items are left at their owner's risk.

If you require any additional private security on site, please contact the Service Park Manager.

5.7. Medical Care

A medical unit will be established in the Service Park.

5.8. Recovery of the Retired Cars

In agreement with the team representative all retired cars will be transported by the Organiser from the special stage to nearest access point. The Organiser will then contact the team representative for further agreements.

6. TWO-WAY RADIO COMMUNICATION

6.1. Application Procedure

The **Chilean Ministry of Telecommunications** controls the use of frequencies in Chile and ensures that enough frequencies are equally available to ensure that all users can operate in a cooperative and legal manner.

More details on the radio license application can be found in <https://www.subtel.gob.cl/concesiones-y-permisos/>

6.2. Contact Details

Address: Amunategui N° 139, Santiago, Chile
Tel: +56 225 888 000
E-mail: oirs@subtel.gob.cl
Website: <https://www.subtel.gob.cl>

7. IMPORT OF VEHICLES AND SPARE PARTS

7.1. Competitors from Chile

Competitors coming from Chile do not need to make any special custom clearance for the temporary import of cars and equipment with the purpose to participate in Rally Chile BIOBÍO 2024.

7.2. Competitors from outside of Chile

If you are importing the rally car, service vans, and/or spare parts/equipment from outside of Chile you must report to customs at arrival in Chile. Please contact the Customs authority in Chile in advance.

7.3. Custom Agents

Impeco France

Address: 14 Rue Orange, 63118 Cebazat, France
Contact: Jose Antunes
Tel: +33 6 82 55 09 99
E-mail: jose@impeco.fr
Website: www.impeco.fr

Rockit Global Chile

Address: Av Del Cóndor 600 of 14, Huechuraba, Santiago, Chile
Contact: Fernando Ledo
Tel: +56976092642
E-mail: fernando.ledo@rockit.global
Website: www.rockit.global

8. HELICOPTERS AND DRONES

8.1. General

Only helicopters from the organisation are allowed to overfly the event area to guarantee the safety of the competitors and spectators and live TV coverage.

Commercial helicopter flights are not authorised within the event area during Rally Chile BIOBÍO 2024 and landing in the neighbourhood of the special stages except when a waiver is given by the organisers.

Following FIA and WRC Promoter guidelines on helicopter use, all helicopters flying in support of the Rally must be registered with the organiser.

Helicopter Company

HELICÓPTEROS DEL PACÍFICO LTDA

Address: Kilómetro 17,5 Ruta S-30 Temuco, Chile
Contact: Carlos Barrie
Tel: +56984585465

E-mail: ops@helicopterosdelpacifico.com
Website: www.helicopterosdelpacifico.com

8.2. Drones

No drones are permitted to fly within the event area during Rally Chile BIOBÍO 2024, except those authorised for live TV coverage.

8.3. Registration and Briefing

The organiser of Rally Chile BIOBÍO will be working in close co-operation with the Chilean Civil Aviation Authorities. Pilots from event partner helicopters will have to pre-register with the Organiser and be present for the Pilots Briefing held on Wednesday, 25 September 2024 at 14.00 via Zoom Video conference.

The registration form which will be sent upon request to Claudio MORA claudio1798@icloud.com

9. HOSPITALITY ARRANGEMENTS

The organiser will have VIP hospitality packages.

For hospitality requirements please contact Colomba Horta colomba.horta@hortaproducciones.cl for further details.

10. HOTEL AND ACCOMMODATION

Organiser has pre-booked list of hotels and other accommodation facilities in Concepción town and its surroundings for teams and competitors.

For accommodation reservations please send your request on time to accommodation@rallychilebiobio.com

11. SHAKEDOWN

Schedule

Thursday, 26 September 2023

08.01 - 09.30

Priority Shakedown (for P1 and invited drivers)

12. MEDIA.

12.1. Contact Details before the Rally

FIA Media Delegate

Richard Rodgers

Tel: +44 7503871575

e-mail: rrogers-consultant@fia.com

National Press Officer

Juan Cruz Mathus

Tel: +54 93516781332

e-mail: jcmathus@rallychilebiobio.com

12.2. Accreditation Procedure – Criteria and Deadlines

The accreditation guidelines and criteria will be published on the Rally Chile BIOBÍO website:

www.rallychilebiobio.com

Please read the following guidelines carefully and make sure all the information requested is supplied with your accreditation application and it is posted to the appropriate address.

Failure to supply the requested information, or to sign the disclaimer, will delay the processing of your application.

Accreditation provides access to the Media Centre and Media zones as well as the Special Stages.

News and information can be supplied free of charge before, during and after the rally to journalists and publications who are unable to attend or do not qualify for accreditation.

If you need help with your application, please contact the National Press Officer (contacts above).

14. LIST OF USEFUL FACTS AND SERVICES

14.1. Information about Concepción

Official name:	Concepción
Location:	BIOBÍO Region
Population:	912.000 (Statistics from 2022)
Official language:	Spanish
Currency:	Chilean pesos (CLP)
Area:	222 km ²
Land boundaries:	The city is in the Southern Hemisphere in South America, at 36° 46'22" S latitude and 73° 39'47" W longitude, with the average elevation of 12 masl, in the Valle de la Mocha, between the coastal plains and the coastal range. It is located in the extreme south of the central zone of Chile, in the geographic centre of the country. The city is geographically bordered by two important rivers: The BIOBÍO river to the west and the Andalién river to the north.
Time zone:	UTC-4 (CLT) Summer (DST) UTC-3 (CLST)
Sunrise:	23 September 2024 at 07.34
Sunset:	23 September 2024 at 19.52
Climate:	The climate of Concepción is classified as "Cool-Summer Mediterranean" climate. The cool waters of the Pacific Ocean help to maintain mild temperatures throughout the year. In the six-month period between May and October, the city receives approximately 83% of its total annual precipitation, whilst all months from November to April have been rainless on occasions. Summer season is dry and no temperatures above 22 degrees. The maritime cooling brings much cooler temperatures than nearby inland areas. Average temperatures during September and October are 7 degrees minimum and 17 degrees maximum approximately.
Water:	The tap water is safe to drink.
Electricity:	The electric supply is 220 volts. Plugs and sockets are of a two-pin design.
Telephones:	The International prefix for outgoing calls is 00 or + country code. The International prefix for incoming calls is +56, then delete the leading 0 in the area code.
Smoking:	Smoking is not permitted by law in enclosed public and workplaces.
