For cars coming from countries outside the Green Card system and EEA-countries, an insurance must be taken at the border. The burden of proof for a valid insurance rests solely on the competitor.

The Organiser provides a public and products liability insurance with the cover of €25,000,000 per any one occurrence for the duration of the rally.

5.3 Damage caused to the third party

Injury to the drivers themselves or damage to participating cars is not covered by this insurance. By submitting their entries, the competitors, drivers and car owners waive any claims or rights to pursue action for damages in connection with the event against the Organiser.

5.4 Damage reporting

In case of an accident, the competitor or their representative must notify Rally Control phone (+372 51 79 866) as quickly as possible. The circumstances under which the accident occurred, eventual causes and consequences must be explained. Likewise, the names and addresses of any witnesses and any eventual injured people must be given.

5.5 Limitation of indemnity

The Organiser declines any liability concerning the consequences caused by any fraudulent action taken by the competitor, may this be against the rules and regulations of the rally or against the laws of the country. Any service vehicles or reconnaissance cars, even those bearing the official identification of the organizer, may under no circumstances be considered as official participants of the rally, hence their insurance policies remain the sole responsibility of the owner.

15. FINAL CHECKS AND PROTESTS

15.1 Final checks

The final checks will take place at Raadi airfield, on Sunday 20 July immediately after the finish podium.

At the final Time Control an individual communication from the Clerk of the Course will be handed to those crews, whose cars are selected for final checks. The cars will be taken after TC20A to the scrutineering by the driver or a team representative, accompanied by a representative of the organiser. A sufficient amount of mechanics with tools must follow each chosen car, should the scrutineers wish to dismantle the car.

15.2 Protest deposit (2025 FIA WRC Sporting Regulations, Art. 65.2)

The protest deposit is €1,000.

15.2.1 Additional deposit (2025 FIA WRC Sporting Regulations, Art. 65.3)

If a protest requires the dismantling and reassembly of a clearly defined part of the car (engine, transmission, steering, braking system, electrical installation, bodywork, etc.), an additional deposit may be specified by the Stewards in accordance with Art. 13.4.3 of the Code.

The expenses incurred in the work and in the transport of the car shall be borne by the claimant if the protest is unfounded, or by the competitor against whom the protest is lodged if it is upheld.

If the protest is unfounded, and if the expenses incurred by the protest (scrutineering, transport, etc.) are higher than the amount of the (additional) deposit, the difference shall be borne by the claimant. Conversely, if the expenses are less, the difference shall be returned.

15.3 Right of review deposit (2025 FIA ISC, Art. 14.4.3)

The right of review deposit is €1,000.

15.4 Appeal deposit (2025 FIA WRC Sporting Regulations, Art. 65.5)

The international appeal deposit is €6,000.

Drivers and co-drivers who wear full-face helmets must contact the FIA Medical Delegate wrc.medicaldelegate@fia.com or the Chief Medical Officer in order to carry out a test before the start of the event. This test is described in Appendix L, Chapter III, Art. 1.3.

All crews must use FIA approved FHR systems homologated to FIA standard 8858. Approved FHRs, anchorages and tethers are listed in Technical List N° 29. See also helmet compatibility chart in Appendix L, Chapter III, Art. 3.3.
