# RALLY IS SPECTACULAR

BUT DID YOU KNOW IT CAN BE  
SUSTAINABLE TOO?

Secto Automotive is a Finnish-owned car leasing operator, offering corporate customers both a hassle-free and fossil-free car ownership experience.

As the title sponsor of Rally Finland, we believe motorsport can drive change. In 2021, the WRC committed to sustainable fuels, proving that high-performance racing and sustainability can go hand in hand. Inspired by this shift, we launched Secto Automotive Labs – a hub for developing smarter, greener mobility solutions.

Motorsport has always pushed the limits of technology. Now, it's leading the charge toward a more sustainable future. That's why we're here – to help make rallying part of the solution, not the problem.

Sustainability isn't a challenge. It's an opportunity. Let's drive change together.

# WELCOME

Dear rally friends,

Secto Rally Finland published its new route for 2025 already more than a month ago. It has been welcomed by both spectators and competitors alike. But the route is not the only thing changing for this year!

Our sustainable mobility seminar goes into its third year now and once again, there will be an exciting line-up of keynote speakers, giving the latest insight into the subject. The seminar will be staged together with the FIA and the WRC Promoter. More details of the seminar programme will be published soon, so keep following our social media channels and website.

One part of our sustainability offering has been the shuttle busses to the special stages. This is something that we started more than ten years ago, and it has been gaining in its popularity each year. It is especially favoured among families and our foreign guests, who can thus avoid renting a vehicle for themselves and still enjoy fantastic rally action each day, starting from the Shakedown on Thursday. This year, we aim to extend the shuttles to cover departures from Tampere and Lahti, in addition to Jyväskylä. More info to follow!

Talking of Shakedown, if you are travelling with a camper van or otherwise like to rough it out on the stages, it will again be worthwhile to stay in Ruuhimäki after the Shakedown, as the rally will return to the Ruuhimäki stage also on Friday – twice! Saturday will again be a four-stage loop run twice, thus offering our spectators plenty of opportunities to choose between stages to visit. Both Friday and Saturday will have a mid-day service in the Paviljonki Service Park, where we aim to improve your rally experience with various new services.

Have you always been torn for options on the rally Sunday? Gone for the other stage for the first passage and then rushed to your car to make it to the queue for the parkings on the Power Stage? In 2025, have no fear – you do not have to argue with your mates anymore, as Sunday will be all things Ouninpohja! The legendary rollercoaster of a stage will be tackled twice on Ouniniday, the latter run being the Wolf Power Stage.

Also, the prize-giving ceremonies, regroup before the Power Stage and everything else will happen in Ouninpohja.

We all have many months of WRC rally action to follow before Secto Rally Finland, let's enjoy it and see you all in Finland!

# SUSTAINABILITY POLICY

While speaking of sustainability work in Secto Rally Finland, we mean comprehensive, systematic and goal-oriented development of the event within all sustainability aspects (social, cultural, economic, environmental, ethical and safety aspects of sustainable event management). In 2020, Secto Rally Finland achieved the Sustainable Travel Finland label, which is a comprehensive sustainability recognition coordinated by Visit Finland under the Ministry of Economic Affairs and Employment.

The international governing body of automobile sports, the FIA, has put a lot of emphasis on environmental sustainability in its requirements for World Rally Championship events. Secto Rally Finland has the 3-Star Level within FIA Environmental Certification Framework since year 2017. The event organiser AKK Sports Ltd. takes its environmental responsibility seriously, working hard to ensure the event causes as little ecological stress for the environment as possible. AKK Sports has detailed carbon footprint calculations of its operations and, in 2021, we achieved carbon neutrality as organisers with our own compensation project.

## MISSION

Secto Rally Finland is a growing, traditional and internationally well-known motorsport event, continuously working to professionally and sustainably develop the event. We create unforgettable spectator experiences, developing the wellbeing of the whole rally region and fostering both national and international attraction of Central Finland.

## VISION

Secto Rally Finland is an attractive, sustainable, and continuously developing rally, bringing the whole nation together. The event raises wide interest both nationally and internationally, while strengthening its presence as being the largest annual sports event in the Nordic countries. The event is the best WRC event in the world, and it is an undeniable forerunner of sustainable motorsports and mega event organisation. Secto Rally Finland unites people regardless of age, gender or background and offers versatile opportunities to be part of a common rally experience.

## In 2025 the main sustainability themes of Secto Rally Finland are

1

Produce effective and achievable sustainability communication for all stakeholders of the event.

2

Develop close cooperation with event partners to enable comprehensive sustainable event production. As an example, improving public transport options with the aim of enabling more public transport options for more spectators.

3

Promote equality by considering the event's different customer groups (e.g. families with children, people with reduced mobility) better when planning and implementing the event. As an example, by paying attention to the special needs of various customer groups when planning side shows and event areas.

4

Highlight more clearly the local aspect of our WRC event, uniting the whole Central Finland region. This is achieved, for example, by developing municipal cooperation and volunteer opportunities, and by increasing the degree of locality of services and products.

As the organiser of the most sustainable WRC event, we oblige all stakeholders of the event (including teams, event partners, spectators and authorities as well as the FIA and WRC Promoter) to act responsibly in the event.

More details about sustainability in Secto Rally Finland can be found on our website at <https://sectorallyfinland.fi/en/sustainability/>.

## 4. ENTRY DETAILS

### 4.1 FIA TITLES FOR WHICH THE RALLY COUNTS

FIA World Rally Championship for Drivers and Co-Drivers  
FIA World Rally Championship for Manufacturers  
FIA World Rally Championship for Teams  
FIA WRC2 Championship for Drivers and Co-Drivers  
FIA WRC2 Championship for Teams  
FIA WRC2 Challenger Championship for Drivers and Co-Drivers  
FIA WRC3 Championship for Drivers and Co-Drivers  
FIA Junior WRC Championship for Drivers and Co-Drivers  
FIA WRC Masters Cup for Drivers and Co-Drivers

### 4.2 CRITERIA FOR ACCEPTANCE OF ENTRIES

Any non-priority driver wishing to take part in Classes RC1-RC5 of Secto Rally Finland 2025 must fill in the electronic entry form published on the FIA website (<http://registrations.fia.com/wrcfin>) at the same time with Supplementary Regulations. Please note that as the FIA system requires a user ID and a password to access the entry system, you cannot leave the entry procedure to the last minute but must give time for the FIA to open you the necessary user account. The user account application can be found through a link from the registration page as given above.

Competitors in the FIA Manufacturers/Teams, WRC2 and WRC3 Championships, who wish to enter our event to collect points in their respective championships must use the standard FIA electronic entry form available at <http://registrations.fia.com>. Any driver in the WRC2 Championship wishing to enter Secto Rally Finland, but not wishing to collect points for their championship, must use the standard FIA entry form as for all point collecting events. However, they must tick the relevant box to express their wish not to collect points in that particular event. Any driver in the WRC3 Championship wishing to enter Secto Rally Finland, but not wishing to collect points for their championship, must use the non-priority entry form as detailed above.

The entry forms must be sent before **Monday 30 June 2025** at 23.59 Finnish time (22.59 CET).

By sending an electronic form, the competitor undertakes to abide by the rules and regulations of the competition. Each competitor is required to submit a scanned copy of their signed FIA entry form in the Online Forms of the Administrative Checks.

To be accepted, competitors must send proof of payment of the entry fee by e-mail with the VAT-number of the company (if paid by such) to Rally Secretary [saana.viinikka@autourheiluu.fi](mailto:saana.viinikka@autourheiluu.fi) by the close of entries, in any of the above cases (a scanned copy of the bank transfer will do). Competitors and drivers wishing to enter international competitions organised abroad, may only do so with the approval of their own ASN.

As per 2025 FIA WRC Sporting Regulations Appendix VI.

### 4.3.4 OTHER ENTRIES BY LEGAL ENTITIES (CLASSES RC2-RC5 AND RGT)

This category includes teams entered by any legal entity (with an FIA International Competitor's license).

Entry fee for one car 7 900 € + 25,5% VAT = 9 914,50 €

### 4.3.5 PRIVATE ENTRIES (CLASSES RC2-RC5, RGT)

Entry fee for one car (competitor's licence in the name of the driver or the co-driver):

Service Park area 8 x 8m 3 900 € + 25,5% VAT = 4 894,50 €

Service Park area 10 x 10m 4 600 € + 25,5% VAT = 5 773 €

Service Park area 15 x 10m 5 900 € + 25,5% VAT = 7 404,50 €

### 4.3.6 DRIVERS WITH AN AKK-MOTORSPORT LICENSE, REGISTERED TO THE FINNISH RALLY CHAMPIONSHIP

Entry fee for one car (private entrant, SP area 8 x 8m): 3 500 € + 25,5% VAT = 4 395,50 €

Entry fee for one car (private entrant, SP area 10 x 10m): 4 100 € + 25,5% VAT = 5 145,50 €

### 4.3.7 RECONNAISSANCE ONLY

Fee for reconnaissance only 1 100 € + 25,5% VAT = 1 380,50 €

### 4.3.8 VAT PAYMENTS FOR ENTRY FEES

The VAT payments as given above are subject to Finnish tax laws and its interpretation by the Tax Office. Basic guidelines are as follows:

- a) Foreign private entries (entrant driver/co-driver): VAT must be paid as given above.
- b) Foreign legal entries:
  - Legal entities from the European Union entering cars to the event will account for VAT under the reverse charge mechanism, thus the entry fee can be paid to us with 0% VAT.
  - Legal entities from outside the European Union are exempt from VAT payments.
- c) All Finnish competitors: VAT must be paid as above.

Responsibility for correct payment of all taxes lies solely on the competitor, and no liability can be passed to the organiser.

# 5. SERVICE PARK

## 5.1 LOCATION

**GPS Coordinates:** North 62° 14.271' East 25° 45.352'

**Address:** Lutakonaukio 12, 40100 Jyväskylä, Finland

As previous years, the Service Park is located in the area around the Jyväskylä Paviljonki Rally HQ and Jyväskylä Harbour. Manufacturers entered to the FIA WRC will have their designated areas in the Service Park according to the Championship Regulations. Auxiliary parking is in the parking garage within Service Park. Due to the restricted space in the Service Park, private entries will not be given any auxiliary plates.

Support Championship drivers and private drivers will find themselves inside the exhibition halls of Paviljonki Rally HQ. We do not encourage the use of semi-trailers as service vehicles (as they do not fit into all service areas as given in FIA WRC, Appendix VI), but do understand that many competitors have these. We urge all competitors with such set-up to be in active contact with our Service Park management as early as possible, and to take into consideration that the tractors will NOT be allowed to stay with the trailer! All payments for extra space as per Art. 4.4.2 apply.

Service Park layout will be published in Rally Guide 2.

Final layout with competitor locations will be published on the event website latest on Wednesday 23 July 2025.

## 5.2 ACCESS TO THE SERVICE PARK

Manufacturers can access the Service Park as per individual agreements with the organiser.

Manufacturers, WRC Teams and the nominated Tyre Supplier can access the area at a time agreed with the organiser. All other teams and competitors will have access on Monday 28 July 2025 at 12.00. Set-up for all competitors must be finished by Wednesday 30 July 2025 at 15.00 at latest, as the area will then open to the public.

Also, please note that the service park will be used for the last time for the 45-minute service on Saturday evening, after which the teams may start to rig down their service bays on Sunday morning after the last car has left the parc fermé (TC 18D). All indoor areas must be cleaned and empty by 22.00 on Sunday 3 August, outside areas by 08.00 on Wednesday 6 August. More details given in Rally Guide 2.

All parties are kindly asked to respect these opening times. As there are other events in the area in the weeks leading up to our rally, please check carefully with Service Park Manager before trying to access the area before the times given. Manufacturers or Tyre Supplier wishing to bring equipment or sea containers to the Service Park area before the given opening time must inform the organiser thereof. If the organiser has not received such notification, we cannot guarantee any access to the area. All costs of moving the equipment either within or from outside the Service Park to its final position will be borne by the relevant owner of the equipment.

Please note that it is absolutely forbidden to drive any anchors into the ground at any location inside the Service Park without the prior written consent of organiser's Service Park Coordinator. Competitors are reminded to prepare for fastening all structures with concrete ballast or equivalent. A list of minimum ballast for various types and sizes of temporary structures, as required by Finnish health and safety authorities, can be obtained from Service Park Manager, who may also be able to help you in sourcing such ballast on location (if contacted early). Should the given prescriptions not have been followed, the authorities may require the structures to be taken down.

Competitors are kindly asked to remind all their team staff to always carry their Team Passes, as the organiser will be collecting an admission fee into the service park from anyone without a valid pass, and there will be no access to the area

without a valid pass at any time.

**Teams located inside the exhibition halls must have at least two 6 kg fire-extinguishers ready and available at their service area at all times.** A special location will be appointed outside the halls for any work which may cause a fire hazard such as welding. Minor fire work such as using angle grinders is allowed. **The storage of gas bottles or indeed the use of them for any purpose inside the halls is strictly forbidden. Should you carry any with you on arrival, they must be left to locked storage area outside the buildings.**

## 5.3 FACILITIES IN THE SERVICE PARK

### ORGANISER'S FACILITIES:

The organiser will be offering the following facilities in the Service Park:

- waste collection for mixed waste, oil, paper, bio waste, metal, glass, cardboard, plastic packaging, mixed oil
- toilet facilities (these exist both in the outside area as well as inside the HQ building)
- portable toilets at team area (as per FIA WRC Regulations, Appendix VI)
- WLAN connection (cable connection available for Manufacturers by request)
- general security in the service park area
- water (direct pipelines to Manufacturers plus common sources for others)
- car wash before the TC IN

The organiser can contract various additional services for the Manufacturers and Tyre Supplier. The following can be ordered through the organiser:

- extra security services
- additional portable toilets to your team area (only outside area)
- portable waste water tanks
- waste water tank and motorhome septic tank emptying (the content must be declared)
- electricity
- forklift service and sea container handling
- waste management in your team area

Electronic Extra Facilities order form will be published on event website at a later date.

## 5.4 ENVIRONMENT, RECYCLING AND WASTE COLLECTION

All competitors and teams are kindly asked to use the recycling areas arranged at the Service Park. The organiser provides waste collection services in the Service Park according to the requirements of local authorities of environment and waste collection.

**NOTE! All waste must be sorted according to the type of waste and organiser will give detailed information about this closer to the event.** All waste collection facilities in Service Park are provided to a common use for all and it is forbidden to change their places. If any additional waste bins are needed for team area's own use, they can be ordered through the organiser. Also in those cases, sorting of waste according to the waste type is required. **Penalties will apply!**

It is absolutely forbidden to spill any oil or wastewater on the ground in the Service Park (ground sheets must be used at all times)! More information on oil spill protection and treatment will be given in Supplementary Regulations and Rally Guide 2.

Before leaving the Service Park after the rally (or possible retirement) each team must report to the Service Park Coordinator, who will check that their allocated area has been left in a good condition.

## 5.5 SERVICE (FIA WRC, ART. 55-59)

There will be a 15-minute service after SSS 1 Harju 1 on Thursday evening. It will be preceded by a 10-minute technical zone. More information given in the Supplementary Regulations.

For the duration of the rally, there will be NO service in the morning between the overnight parc fermé and the first special stage of the day.

On Friday and Saturday, there will be a 40-minute mid-day service in the Service Park Paviljonki (no flexi), preceded by a regroup.

The 45-minute flexi-service will be run according to FIA WRC, Art. 59. This means that the cars of P1 and P4 drivers will be driven directly from the 10-minute Technical Zone to the individual service bays, where the actual start of service will be marked on the timecard.

For all other competitors, the car may be left in the parc fermé after the 10-minute Technical Zone and taken later for the 45-minute service, or driven directly to service, when the service time starts from parc fermé OUT time control.

On arrival to their service bays, all drivers will be asked to be accessible to the public for autographs and photos.

For any repairs prior to a re-start (i.e. after a retirement), please see the prescriptions of FIA WRC, Art. 55.

There will be no remote service zones or tyre-fitting zones outside the main service park during the rally.

## 6. TWO-WAY RADIO

### RADIO EQUIPMENT AND FREQUENCIES

**The Finnish Transport and Communications Agency (TRAFICOM)** regulates the use of radio frequencies in Finland. Based on submitted applications Traficom issues radio licences for users of radio transmitters to ensure trouble-free utilisation of the radio spectrum.

**Applications can be submitted by filling in the form found with the link below no later than 4 July 2025.**  
<https://www.traficom.fi/en/radio-licence-related-short-term-events>

Some radio transmitters can be used on licence-exempt basis depending on their operating frequency and application. Please refer to Traficom Regulation 15 - <https://www.traficom.fi/en/regulations/regulation-15-collective-frequencies-licence-exempt-radio-transmitters-and-their-use>

The applicable frequency bands for wireless cameras, video links and microphones have been collected to page <https://www.traficom.fi/en/communications/communications-networks/wireless-cameras-video-links-and-microphones>

# 7. TYRES AND FUEL

## 7.1 TYRE SUPPLIERS

The FIA has nominated the following single tyre supplier for 2025 World Rally Championship:

### Hankook Tyre & Technology Co. Ltd.

Bundang-gu, Seongnam-si, Gyeonggi-do  
13494  
Korea  
<https://www.hankooktire.com/global/en/home.html>

#### Mr. Manfred Sandbichler

MOBILE: +49 15116222126  
E-MAIL: [racing@hankookn.com](mailto:racing@hankookn.com)

#### Mr. Steven Cho

MOBILE: +82 1020032787  
E-MAIL: [steven@hankook-competition.com](mailto:steven@hankook-competition.com)

Non-priority drivers' attention is drawn to the FIA WRC Sporting Regulations, Art. 13.2 which states that all drivers with a 4WD car must use tyres from the nominated tyre supplier, as defined in the Supplementary Regulations of the rally. On the other hand, Art. 13.3 allows the use of any make of tyres for non-priority drivers in 2WD cars, provided they all come from the same tyre supplier. For more details, contact the organiser.

## 7.2 FIA FUEL AND FAST COUPLINGS

Refuelling will be located in Service Park Paviljonki (starting from Shakedown), as well as in Konnevesi (Sections 2 and 3), Länkipohja (Sections 4 and 5) and Häme pohja (Section 7). The competitors need to pay special attention to the various refuel locations on the itinerary when making their service plans. More information to follow in Supplementary Regulations and Rally Guide 2.

Cars driven by Priority drivers must be fitted with FIA fuel sample couplings for taking fuel samples (see FIA Technical List No. 5). All cars must be fitted with FIA-specified refuel couplings (manufacturer: Stäubli, model: SPT 127 658 LJV). Also, see FIA WRC, Art. 62.

### SAFETY FUEL TANKS

Competitors' attention is drawn to the prescriptions of the FIA ISC, Appendix J, Art. 253-14, which states that all cars in groups N and A must be fitted with an FIA approved safety fuel tank. For car in other groups, please see technical regulations of the group concerned. Cars homologated under Rally5-Kit regulations may use their original, unmodified tanks.

The use of FIA fuel is obligatory for all priority drivers (FIA WRC, Art. 62.1.1).

As per FIA WRC regulations Art. 62.2.1, **no later than 4 weeks prior to the event (see Art. 3)**, the competitors must notify their fuel requirements to the sole supplier as nominated by the FIA. More information on the nominated fuel supplier will be given in the Supplementary Regulations of the rally, at the latest.

## 7.3 DISPENSING OF FIA FUEL

For sporting, environmental and safety reasons, during the rally the fuel must be dispensed from a single source. Thus, all cars driven by a priority driver must use this centralised refuel service. The price of the fuel, including the refuel services at the site of the event, will be given in the Supplementary Regulations of the rally, at the latest.

## 7.4 DISPENSING OF PUMP FUEL

The use of pump fuel is under discussion and will be feasible on most days. There may be need for alternative arrangements on Sunday, due to lack of suitable petrol stations on the route of the rally. In case you are planning to run on pump fuel, **contact the organiser immediately to discuss**. More information on the use of pump fuel according to FIA WRC, Art. 62.1.2 for non-priority drivers will be given in the Supplementary Regulations of the rally.

# 8. IMPORT OF VEHICLES AND SPARE PARTS

All rally cars imported to Finland must be declared to the Finnish Tax Office. In order to assist our foreign competitors to make this declaration of temporary import for motorsport use, an online form will be published to gather the necessary information together with the publication of Rally Guide 2. This form must be filled in by the date given in Art. 3 Programme.

## 8.1 COMPETITORS FROM THE EUROPEAN UNION

Competitors coming from the European Union do not need to make any special customs clearance. They may use any vehicle in Finland for up to 6 months without clearing it, provided that the vehicle is not brought to Finland with the intention of selling it. All vehicles need to have a valid traffic insurance. Tyres and spare parts can also be imported without clearance.

It is always good to have a list of tools and equipment you bring into the country, in case you will be asked to prove what you had with you on the way in.

## 8.2 COMPETITORS FROM OUTSIDE THE EU

Competitors coming from outside the European Union will have to report at the customs on their way in. Please prepare a list of all the tools and equipment you are bringing with you. This list will be stamped at the customs and they may collect a security (the amount is negotiable). Tyres are under customs as they are non-durable goods. The customs payment will be returned if the used tyres are exported from the country on the way out, as well as the security, if all equipment is exported.

For more accurate information, please contact the Finnish Customs Information Service Telephone +358 295 5202 or +358 295 5201. All competitors coming from outside EU countries have to report at the customs!

# 9. HELICOPTERS

## 9.1 REGISTRATION & BRIEFING

As in previous years, the organiser will be working in close co-operation with the Finnish Civil Aviation Authorities. This means all pilots using the helipads provided by the organiser must attend the pilots' briefing and must acquire the organiser's pilots' pack, including all GPS coordinates, aviation / rally maps, list of helicopters and pilots and the necessary ID plates for the helicopter. Price for this package will be

for registrations made on the 16th of July at the latest 1850 Euros plus VAT 25,5%

for registrations made after 16th of July 2850 Euros plus VAT 25,5%

Drones will not be allowed in the event airspace, exceptions for organiser and official drones, such as Police or Rescue drones.

Detailed information about pilot's briefing will be given in Rally Guide 2. There will be an Online briefing on Monday 28th July 2025 at 17.00 and another in Jyväskylä (location to be confirmed) on Thursday 31st August 2025 at 16.00. The operators must be ready to present all necessary documentation at the briefing, as well as to send copies of the required pilots'/ operators' licenses already at the time of registration. Any late arrivals must be informed to organiser well in advance. More information will be given in Rally Guide 2.

Details of the collection of all materials included in the pilot's pack will be given in Rally Guide 2.

The Day Park in Kuokkala or Jyväskylä Airport must be used for any flights to Rally HQ.

All pilots wishing to use the official helipads of the rally, or otherwise fly in the vicinity of the special stages, must register to the organiser using the online registration form, the link for which can be found from our event website, under competitors' section, at the time of publication of the Supplementary Regulations.

A temporary restricted airspace will be established around the stages and the Service Park during the rally, with access allowed with organiser's permission only! There may be restrictions concerning aircraft type used or experience level of the pilot. The organiser may also restrict access to selected helipads according to the MTOW of the aircraft.

Submission of helicopter registration forms will be as given above with the pricing options. No new registrations will be accepted after 24th July, changes are possible. The helicopter packages will be invoiced according to registration and must be paid at the latest on 24th July 2025. All private and exclusive landing pads must be informed to the organiser by Thursday 10th July 2025 (rally@autourheilu.fi).

In Finland, you must always have the landowner's permission to land. Should any helicopter land without such permission, the landowner may charge whichever sum he may see suitable. The organiser is aiming to set up at least two landing zones on each special stage, in connection with our spectator areas. The pilot is always responsible for all operations and any damages caused to third parties must be negotiated directly between the parties involved.

Flight safety rules will be published together with the In-Flight Guide, as a separate document. The AirBoss system introduced in 2013 will continue to guide pilots throughout the rally at the most frequently used helipads.

## 11.3 AIRPORTS AND TRAVEL ARRANGEMENTS

### 11.3.1 FLIGHTS

Finnair flies from Helsinki-Vantaa (HEL) to Jyväskylä (JYV/EFJY). Check out Finnair's daily schedules and book your tickets from: <https://finnair.com/fi-en> The Jyväskylä Airport is located in Tikkakoski, 21 km north of Jyväskylä and it is mostly served by Finnair. For more information of airport please visit: <https://www.finavia.fi/en/airports/jyvaskyla>

### 11.3.2 TRAINS

Jyväskylä is well connected by rail to other Finnish cities. Best connection from Helsinki Airport to Jyväskylä is to take the train from the airport. The journey from Helsinki takes from 2 h 45 min to 3 h 30 min, depending on the train. Tickets and schedules on: [www.vr.fi](http://www.vr.fi).

### 11.3.3 BUSES

National bus service, Matkahuolto, takes you comfortably to Jyväskylä. Purchase tickets and check the timetables of all different bus operators on: [www.matkahuolto.fi](http://www.matkahuolto.fi). Information about the bus service to special stages during the rally will be published on the Secto Rally Finland website during the spring. The special stage busses depart from and return to the Jyväskylä Travel Centre (Matkakeskus). Transport to and from the special stages is not included in the stage ticket prices.

### 11.3.4 JYVÄSKYLÄ TRAVEL CENTRE

The combined railway and bus station, the Jyväskylä Travel Centre (Matkakeskus), is open from 06:00 to 22:00 Friday to Saturday and from 08:00 to 22:00 on Sundays. For more information, please visit: [www.matkahuolto.fi](http://www.matkahuolto.fi).

## 12.2 MEDIA ACCREDITATION PROCEDURES

The accreditations will be granted for media outlets sending named representatives – not the other way around. The application for Media Pass is to be applied by the media outlet. The Accreditation Guidelines and criteria for media outlets on the FIA WRC Events are published on the FIA website: [https://www.fia.com/media-center/media\\_accreditation](https://www.fia.com/media-center/media_accreditation)

Please read carefully the Accreditation Guidelines to ensure all the requested information is included and that the application is forwarded to the correct organisation before submitting the application.

The Media Pass is considered as a working tool for journalists, and it cannot be used for public relations, promotions or entertainment purposes. No advertising, public relation agency or similar company or organisation will be accredited as media. Nor will the rally issue any media accreditation to representatives (press officers or otherwise) of sponsors, suppliers, teams, drivers etc. Exemptions will be made solely by the FIA WRC Media Delegate.

## 12.3 HOW TO APPLY FOR ACCREDITATION?

### 12.3.1 NATIONAL PUBLICATIONS, JOURNALISTIC PHOTOGRAPHERS, PROFESSIONAL NEWS WEBSITES, RADIO STATIONS

**NATIONAL ACCREDITATION OPEN: 31 May – 10 July 2025**

All applications via online form at [www.sectorallyfinland.fi/media](http://www.sectorallyfinland.fi/media).

After the closing date the list of proposed national media accreditations will be sent to FIA Media Delegate for final approval. Confirmation letter with further instructions will be sent via email once the accreditation is confirmed by the FIA.

### 12.3.2 RALLY BY RALLY INTERNATIONAL MEDIA (EXCLUDING MOVING IMAGES)

**INTERNATIONAL ACCREDITATION OPEN: 31 May – 16 July 2025**

All requests for international rally by rally accreditations must be made online: <https://wrc.ams.fia.com>

### 12.3.3 NATIONAL AND INTERNATIONAL TELEVISION AND ALL MOVING IMAGES, COMMERCIAL PHOTOGRAPHERS, INTERNATIONAL RADIO CHANNELS

All applications to be sent directly to the WRC Promoter: [accreditation@wrc.com](mailto:accreditation@wrc.com)

# 13. MEDICAL INFORMATION

At the administrative checks before the rally all drivers must present their Medical Certificate of Aptitude in accordance with the FIA medical standards, and as given to them by their own ASN. Normally this Medical Certificate of Aptitude is included in the International Competition License, but if it is not, the (co-)driver is responsible to present a separate document.

A decision in accordance with Finnish law has been taken by the Central Finland Wellbeing Services County that an individual living elsewhere than in Finland must pay the total cost of treatment received unless other provision has been made in international agreements.

Please note that all (co-)drivers must carry a valid international insurance for repatriation in case of accident, as per FIA WRC, Art. 2.5.

## RESIDENTS OF EU/EEA/ AND SWITZERLAND

By presenting your European Health Insurance Card, you will receive medical treatment on the same terms as the local residents. However, not all doctors and hospitals operate within the reimbursement system, which means that any costs you incur outside the system will have to be paid by yourself. As a general rule, public health services are covered by the reimbursement system.

The European Health Insurance Card mainly covers emergency treatment in the event of an illness or injury and other medically necessary treatment. You can also get medical treatment if you have a pre-existing chronic condition that requires medical attention while you are abroad.

Please contact your national health insurance authorities to get your card before travelling to Finland.

## RESIDENTS OF OTHER COUNTRIES

If you are a resident of a country other than those mentioned above, the patient charge will be the equivalent of the total cost of treatment plus the patient charge for an individual living in Finland.

## PAYMENT OF THE PATIENT CHARGE

If you require first aid, collection of the patient charge will be made as you leave hospital. Collection of the charge will take place in advance in cases where you have agreed with the hospital on treatment that is not urgent.

Should an insurance institution be responsible for your patient charges, acceptable evidence of this must be presented to the hospital.

All competitors living in the European Community should organise themselves a European Health Insurance Card to be able to get free medical services at the communal health care centres and hospitals. This card can be obtained from your local social services.

# 14. GENERAL FACTS AND INFO

## 14.1 GENERAL FACTS ABOUT FINLAND

### POPULATION

5.626 million, giving an average density of only 18.3 per sq. kilometre; annual growth rate 0.127%. Life expectancy 82.48 years. The demographic pyramid resembles that of most other industrial countries, with the middle-aged groups predominating. Average household sizes 2.7 persons. 45,9% of the population live in single-family houses, 46% in apartment blocks; room area per person 36 sq. metres. 85.6% are urban-dwellers, with 1.3 million in Helsinki and the adjacent cities of Espoo and Vantaa. Other major cities include Tampere, Oulu, Turku, Jyväskylä, Lahti, Kuopio, Kouvola and Rovaniemi.

### AREA

338,472 sq. kilometres, of which 11.3% is water. There are more than 168 000 lakes in Finland. 7% of the land is under cultivation, barley and oats being the main crops. Forests (mainly pine and spruce) cover 76% of the country.

### CLIMATE

The Finnish climate is considerably milder than one might expect from the country's northerly location. There are major variations in the seasons. During the rally, it is late summer and weather may vary quite a lot. It can be sunny and over 20 degrees Celsius or it can rain a lot.

### TIME ZONE

Finnish time is two hours ahead of Greenwich Mean Time (GMT +2 hours). Daylight saving time is used from the last Sunday of March to the last Sunday of October.

### SUNRISE - SUNSET AT JYVÄSKYLÄ DURING THE EVENT

- Motorways 120 km/h

## CURRENCY AND BANKING

The Finnish currency unit is euro (€ or EUR), divided into 100 cents.

### The denominations in circulation are:

- Notes - 500, 200, 100, 50, 20, 10 and 5 euros
- Coins - 2 and 1 euros; 50, 20, 10 and 5 cents (2 and 1 cent coins not in active use in Finland).

We recommend to check current exchange rates from dedicated websites.

## AUTOMATIC TELLER MACHINES

There are several cash dispensers all over the city. They usually operate on Visa/Eurocard. From the ATMs you can withdraw notes in denominations of 20 and 50 €. The closest cash dispenser to the Rally HQ is in Matkakeskus (the railway station). You can recognise the ATMs from an orange sign "OTTO." or a yellow/blue sign "NOSTO".

## CREDIT CARDS

All major credit cards are very widely accepted in hotels, car rental offices, department stores, restaurants, shops and most taxis. Foreign credit cards can be used to withdraw cash from almost all ATMs.

## MEDICAL SERVICES

Medicines are sold at pharmacies (APTEEKKI). Usually pharmacies are open until 17.00 or 18.00. There is one pharmacy (Yliopiston Apteekki) at Kauppakatu 39, which is open daily 08.00 – 23.00.

All hospitals have doctors on duty around the clock. In emergencies, patients should be directed to a health care centre or hospital emergency unit. Dental care is mainly provided by private practitioners.

## WATER

The tap water is safe to drink.

## ELECTRICITY

The electric current in Finland is 230 Volts. Plugs and sockets are the same as in the continental countries of the European Union.

## TELEPHONES

There are pre-paid SIM cards available for your GSM mobile phones at 'R-Kioski' in various values.

## 14.2 CITY OF JYVÄSKYLÄ

Secto Rally Finland has been hosted by the City of Jyväskylä since the very beginning of the event, for over 70 years. The role of the city has grown to be a more central one over the years, as the event has grown to a full-blown world level event.

### GENERAL INFORMATION

The city of Jyväskylä with its surroundings is in the heart of beautiful Finnish Lakeland. It is easily reached by road, air and water. Jyväskylä is Finland's fastest-growing city and one of the five growth centres in the country. Jyväskylä's population grew by about 1,500 inhabitants last year, and the relative population growth was the sixth fastest in the country. In our youthful city of study and education with nearly 150,000 inhabitants, every fourth oncoming person is a student. In Jyväskylä's prestigious educational institutions, future talents are growing.

In the Jyväskylä Region you'll encounter exciting urban culture and thousands of events. The breathtaking lake nature with its activity opportunities is always close to you – even in the middle of the city. The Jyväskylä Region provides you with Alvar Aalto's architecture, most in the world, along with the magnificent UNESCO World Heritage Sites, not to mention the pleasure of enjoying the saunas of the Sauna Region of the World. As darkness takes over, this City of Light with more than a hundred permanent illuminated locations display a stunning glow.

### BUSTLING CENTRE OF INNOVATION

Business growth is strong in Jyväskylä. At the centre of the city development are fields such as sports, health promotion and well-being, and industry renewal. In addition, Jyväskylä is one of Finland's growth centres for ICT and Cybersecurity expertise. Developing and enhancing business operation conditions is one of the top priorities of our city strategy.

Jyväskylä is a major city of study and scientific research, hosting many international conferences at the university, and the Fair and Event Center Paviljonki. University of Jyväskylä and JAMK University of Applied Sciences acts also as important accelerators for innovation and development for the companies in the area.

### QUALITY OF LIFE

The landscape of Jyväskylä is varied with lakes, forests and hills within a walking distance of the city centre. The Laajavuori skiing centre and recreation area with its new outdoor theatre facility provides excellent opportunities for sports and other activities. Lively pedestrian precinct, vibrant harbour area and beautiful university campus right in the city centre are central places for different events. The trail around Lake Jyväsjärvi is a great recreational area for both residents and visitors alike.

The Jyväskylä region is easily reached by land and air: the distance of 270 kilometres from Helsinki takes only 50 minutes by plane and some 3 hours by car or by rail. For more information about the city and what it can offer, please log onto [www.visitjyvaskyla.fi/en](http://www.visitjyvaskyla.fi/en) or e-mail [travel@jyvaskyla.fi](mailto:travel@jyvaskyla.fi).

## 14.3 MUNICIPALITY OF LAUKAA

Two Special Stages of Secto Rally Finland 2024, Laukaa ja Ruuhimäki, will take place in the municipality of Laukaa in the heart of Lakeland Finland right next to the City of Jyväskylä.

Laukaa is a vigorous and steadily growing municipality of 19 000 people in the heart of Western Lakeland and a part of larger Jyväskylä Region. Laukaa is comprised of four dynamic town centres and tens of picturesque, lively villages. Laukaa is also a home for renowned rally driver Juha Kankkunen, and known for its rally events and other motor sports competitions around the year. Milieu for motor sports lovers is Laukaa Arena motor sports center in Ruuhimäki which rings bells to many rally enthusiasts.

Besides, Laukaa is widely known for its active lifestyle, music festivals, theatre, breathtaking natural attractions and varied terrain crisscrossed by hiking trails.

Laukaa's most popular visitor destinations include Spa Hotel Peurunka, Laukaan Peurunkagolf's 18-hole golf course, Tupaswilla heritage village and Varjola Resort with its many activities. Children are particularly enthralled by Nokkakivi amusement park and the animals at Tarhalehto Farm. Culture and nature enthusiasts do not want to miss visit to Saraakallio Rock Art Paintings on the eastern shore of the Saraavesi Lake, you where can look backward thousands of years. The 40-meter-high rock formation has more than 100 rock paintings or parts of them, the oldest ones are up to 7,000 years old. The rock paintings of Saraakallio form the largest continuous area of images in Fennoscandia. For top tips on what to see, do and experience in Laukaa, go to website of [www.visitlaukaa.fi](http://www.visitlaukaa.fi) or [www.visitjyvaskyla.fi/en](http://www.visitjyvaskyla.fi/en).

## 14.4 MUNICIPALITY OF KONNEVESI

### NATURE, ADVENTURE, AND RALLY SPIRIT IN THE HEART OF LAKELAND

The thrilling rally atmosphere of Secto Rally Finland 2025 will take over the municipality of Konnevesi, a hidden gem in Lakeland Finland, east of Jyväskylä. Known for its stunning natural beauty, Konnevesi is a paradise for outdoor enthusiasts, offering pristine lakes, lush forests, and rugged landscapes perfect for adventure and relaxation alike.

The highlight of the region is Southern Konnevesi National Park, where visitors can explore majestic cliffs, crystal-clear waters, and diverse wildlife. Whether hiking to scenic viewpoints, paddling through island labyrinths, or fishing in clean waters, the national park offers unforgettable nature experiences. Another must-see is the Seven Rapids Route known as Troutland Finland, a breathtaking waterway connecting Konnevesi's lakes through a series of picturesque rapids—a dream destination for kayakers and anglers - one of the best trout fishing spots in Europe, where even presidents from Finland and the United States have cast their lines.

Konnevesi also embraces its rally culture, with winding gravel roads and passionate motorsports fans creating a fantastic atmosphere. The area's dynamic terrain offers an exciting backdrop for high-speed action, making it a prime location for motorsport lovers. Konnevesi is known for its strong motorsport and rally heritage, where rally cars are still being developed to this day.

In addition to its outdoor attractions, Konnevesi boasts rich cultural heritage, vibrant local events, and traditional Finnish hospitality. Visitors can enjoy authentic local cuisine, with wild game, fresh fish, and seasonal ingredients at the heart of many dishes. From lakeside cottages to cozy farm stays, accommodations reflect the area's deep connection to nature.

Whether you are experiencing the thrill of Secto Rally Finland or immersing yourself in the region's outdoor adventures, Konnevesi offers an unforgettable blend of excitement and tranquility.
