## **1. INTRODUCTION - WELCOME**

It is our pleasure to welcome you to the 54th BP ULTIMATE ACROPOLIS RALLY!

Moving the Rally HQ back to Athens in 2006, resulted in the special stages also moving south and being held at lower altitudes than previous years. Consequently, access to the special stages of this historic event, for the thousands of rally fans, was made easier.

This decision, combined with the successful running of the Super Special Stage at the Olympic Stadium in 2005 and 2006, gave the Organising Committee and all those involved, such as competitors, sponsors and motor sport in general, the opportunity to pursue new means of promotion and public relations.

All of us working for the Acropolis Rally try to make our event more interesting every year and don't rest on old recipes.

As for this year, the BP Ultimate Acropolis Rally is entering a new era by moving to the Olympic Equestrian Centre, in Markopoulo. This unique centre for horse racing and horseback riding will host the HQ, the service park, and the start and finish, while within the horse racing track the 3.3 km gravel Super Special Stage will open the rally on the evening of Thursday 31 May and close it on Sunday 3 June.

It is worth noting that a few metres from the service park, a normal special stage of approximately 5 km will be run on Friday and Saturday, giving even team members the opportunity to enjoy a stage in a spectacular setting.

We are always at your disposal. Please do not hesitate to contact us for any further information. We hope you will once again enjoy an exciting and safe Acropolis Rally.

The Organising Committee

### C. PHOTOGRAPHERS' ACCREDITATION

Photographers will be divided into two categories:

#### a. PRESS PHOTOGRAPHERS

Publications or agencies applying for a rally-by-rally accreditation must supply evidence of independent coverage of a minimum of 15 pictures per pass issued at the same event the previous year.

Publications or agencies which were not accredited the previous year may submit their publications which will be considered individually based on the intended coverage and the promotional benefit to the sport.

It must also be shown that:

- i) In the case of an agency, pictures have been regularly sold to publications matching the FIA criteria and have been paid for at the normal commercial rate;
- ii) In the case of a publication, published pictures are the original work of the publication's accredited photographer.

**The number of press photographer passes issued for the national press will not exceed 12. The FIA strongly recommends that a national 'pool' system be used.**

#### **b. PROMOTIONAL PHOTOGRAPHERS**

Promotional photographers for teams, sponsors, etc. who do not comply with the above criteria may apply for accreditation to:

INTERNATIONAL SPORTSWORLD COMMUNICATORS  
Accreditation Service

The Clockhouse, St Catherine's Mews, Milner Street LONDON SW3 2PX GREAT BRITAIN

Promotional photographers for teams, sponsors, etc. who do not comply with the above criteria may apply for accreditation to ISC (address below).

## 13. IMPORT OF VEHICLES & CUSTOMS

**13.1** Teams whose country of origin is a member of the European Union, but enter Greece from a non EU country must possess the following documents:

Document No 3 of the Export Declaration (EDE 2 issued in 4 copies) or the document INF 3. These documents are issued when a EU vehicle leaves a EU country for a non-EU country.

When arriving in Greece the Greek customs authorities will issue a temporary Import Declaration that will be requested at the exit of the country.

**13.2** There are no custom formalities for Teams whose country of origin is a member of the European Union and enter Greece from a EU country.

**13.3** Teams or private competitors whose country of origin is NOT a member of the European Union, are required to provide the Greek customs with either:

a. a CARNET ATA, which simplifies custom formalities  
or

b. Teams must bring along a detailed list, signed by the accompanying person in charge, in two (2) copies.

This list should include:

1. Full name / address of the person in charge. If a company owns the vehicles, this list should include the details of the company and must be signed by the authorised person.
2. Full name of each driver of each vehicle.
3. Value of all items to be imported.
4. Estimated period of stay in Greece.
5. Commercial description of all equipment carried in each imported vehicle (details about each vehicle, number and type of tyres, spare parts etc).

Customs authorities will legalize both copies and will issue a V.F.P card, (VEHICLE FREE PASSAGE), for Greece in two copies. One of these copies, attached to the legalized list, will be held at the customs office, the other copy will be delivered to the person in charge.

In order that vehicles and equipment be released from customs, upon departure from Greece, the person in charge must hand in these two documents to the customs authorities, which will verify that all items imported are actually exported, even if they are damaged or destroyed, avoiding thus the payment of duties or taxes.

In case their vehicle(s) is(are) registered in a country of the EU then a document showing that the car or vehicle has been hired for the purposes of the rally, signed by the owner will be also requested.

In all cases the vehicles' original registration documents must be available.

Random checks may be carried out by customs officers to ascertain that vehicles and the on board equipment are included in the respective lists.
