1. PRESENTATION

The **76th Rallye Automobile Monte Carlo** will be held from Thursday 24th to Sunday 27th January 2008, timed one week later than usual, in the hope there will be a snowfall, which we missed in 2007.

The rally, which again centres around the Valence Service Park, is set out in a similar fashion to the 2007 edition, with special stages near Vals les Bains and Lamastre. Additionally, by popular demand, competitors will then head to the Alpes Maritimes, to compete in 4 consecutive stages, on Sunday 27th January.

The first event of the competition is the Shakedown, on Thursday 24th January, from 8h00 to 12h00, which runs for 5 km on the D21, near Vernoux-en-Vivarais, in Ardeche, with the first two hours reserved for professional drivers.

The drivers' Press Conference will be held in the Media Centre, in the Valence Exhibition Centre (Palais des Expositions), on Thursday 24th January, starting in the afternoon at 13h30, followed swiftly by the official Rally Starting, in the Place du Champ de Mars, with the first car leaving at exactly 6h00.

Two special stages run that night, near St Jean en Royans (Drôme), covering a total of 46 km. The first is SS 1: St Jean en Royans – Col de Lachau (28.12 km), followed by SS 2: La Cime du Mas – Col de Gaudissart (17.58 km). Cars will return to Valence from 21h31.

On the morning of Friday 25th January, three special stages, each raced twice, will be held in Ardèche, near Vals les Bains, covering a total distance of just under 60 km:

- SS 3/6: St Pierreville – Col de la Fayolle (28.50 km)
- SS 4/7: Burzet – Lachamp Raphael (16.30 km)
- SS 5/8: St Martial – Béleac (12.66 km)

There will be a refuelling point in the Volane car park, in the centre of Vals les Bains, after an obligatory passage via Antraigues. The first driver will be expected at the Valence Service Park at 19h11.

On Saturday 26th January, there will be three more special stages, each repeated once, with slight variations from last year's schedule. Specifically, SS 9/12, which is again called Labatie d'Andaure – Lalouvesc, does not follow the same route as last year, although the distance covered is almost identical, at 19.37 km. The following stage, St Bonnet le Froid – St Bonnet le Froid (SS 10/13), 25.49 km, is unchanged, other than the fast finish being extended by a few metres.

The third stage of the day (SS 11/14) will again start at Lamastre but at Gilhoc sur Ormèze drivers will head for Alboussière on the D269, followed by the D369, for 21.66 km. The proximity of these stages to the Valence Service Park means that drivers will be able to reach the service area quickly (from 16h04) and prepare their cars for the Sunday racing.

Competitors then make their own way back to Monaco, outside of the competition, and cars are placed overnight in the Parc Fermé on Quai Albert I, opposite the swimming pool and not far from the Automobile Club de Monaco.

Drivers leave Monaco at 7h00 on Sunday 27th January for a mini service park located at the exit of Pont Charles Albert bridge in Gilette, where only tyre changes and mechanical work carried out with tools carried in the car are authorised. Stages SS 15/17 La Bollène Vesubie – Col du Turini – Moulinet and SS 16/18 Lucéram – Loda follow on quickly, with competitors returning to the Principality at 14h00 to attend the Prize-Giving Ceremony, in front of the Palace, on the Place du Palais Princier, which starts at 15h15.

In conformity with the French general regulations governing sporting events and competitions on public highway, the Organising Committee will take out an insurance policy with one or more companies approved by the Monaco Government against accident, fire or explosion taking place during the competition covering:

12.1. The financial consequences of civil liability devolving upon the organizers or the competitors resulting from corporal or material damages caused to spectators, to a third party, to competitors, however being specified :

- that concerning the stages using closed sections of public highway, civil liability of competitors towards each other is guaranteed only for corporal injuries;
- that civil liability of the competitor handling the steering wheel towards his co-driver is guaranteed through the whole duration of the Rally.

12.2. The financial consequences of civil liability devolving upon the Organisers or the competitors with regard to the representatives of the State or members of any public body attached to the traffic authorities in connection with the organisation and controlling the event, or their legal representatives for bodily injuries or material damages caused to them.

12.3. The financial consequences of civil liability devolving upon the State, Departments or Municipalities through any damage caused to third parties by officials, police or military representatives placed at the disposal of the Organisers or their material.

12.4. The general conditions of this policy will chiefly stipulate that the coverage is granted up to amount of 15.244.902 € per accident, as far as bodily injuries are concerned. In respect of material damage the coverage is up to 2.286.736 € per accident.

12.5. The insurance certificate must also contain a clause specifying that the insurer, in case of accident, surrenders all claim against the state, and the departmental or municipal authorities, or any other person connected with these authorities, in any capacity.

12.6. The coverage of this insurance will extend to all French "Départements" covered by the Rally.

12.7. It will become effective, at the earliest, from the time the start is given and will continue to be so not only during the whole of the Rally and its subsidiary events as specified in the official program, but also during the stay of competitors in the Principality of Monaco and the department of the Alpes-Maritimes, the Ardèche, the Drôme, Haute-Loire and Vaucluse until Sunday January 27th 2008, at 19h00.

12.9. In case of an accident, the competitor or his representative must notify in writing the insurers within 3 days at the latest.

In case of breakdown service in a S.S. or during a road section the costs will be devolved upon the competitor.

12.10. The insurance policy mentioned in the present article does not cover the responsibility towards third parties of any competitor not holding an international licence.

12.11. The Organising Committee declines all liability concerning the consequences for breach of laws, regulations and ordinances by competitors in the "Départements" they cross, such consequences being solely the liability of those who have incurred or committed them.

The Organising Committee also declines all liability concerning any cataclysm, riots, demonstrations, etc... of which competitors and persons aboard the vehicle could suffer and of which all consequences (material, penal and sportive) will have to be supported by these ones.

NOTA: Competitors are informed that the insurers of the Organising Committee of the "76th Rallye Automobile Monte-Carlo 2008" are at their disposal regarding any individual insurance they would like to take out :

12.12. The service vehicles, even those bearing the special plates "ASSISTANCE" issued by the organiser, may never be considered as official participants in the Rally. They are therefore not covered by the insurance policy of the Rally and remain the sole responsibility of their owner.

It's the same for the cars used by the competitors for the reconnaissance, even if these cars are bearing a serial number or a specific inscription of the event.
