1. INTRODUCTION

1.1 Introduction from Rally Poland

66th Rally Poland

Hello and welcome to Rally Poland. We are proud to be hosting a round of the modern-day FIA World Rally Championship for the first time this year and are looking forward to meeting many of you for the first time.

It may come as a surprise to some people to know that Rally Poland is, with the exception of the renowned Monte Carlo Rally, the oldest rally in the world. Motor sport has always been one of the most popular sports in our country and entry into the modern era WRC for the first time is sure to bolster interest still further in our premier motor sport event.

Rally Poland will be running for the 66th time in 2009, but this year's version will be extra special and we are relishing the arrival of the world's top drivers to the Mazury region.

We were delighted when we heard that our event would be included in the 2009 calendar and that a lot of hard work by a great many people had been rewarded.

Rally Poland has been a national undertaking for several years, one which has attracted expertise from across the country. Our rally route features fast and technical special stages in the hill country of the Mazurian Lake District. Fine weather in June is likely to draw in the crowds and we can expect some spectacular action over a diverse set of special stages in the area around Mikołajki.

We have also devised a compact Rally Poland. Rally headquarters is located at the Hotel Gołębiewski, which is one of the largest accommodation facilities in the Mazury region. The Rally Park and Service Park will also be located next to the hotel and scrutineering and regrouping will be located there as well to retain that compact feel.

We are also running a super special stage in Mikołajki, near the Hotel Gołębiewski, with two cars in a parallel race format to increase the excitement for television viewers and spectators alike. That is just one of the attractions we have in place for our entry into the FIA World Rally Championship this year.

You will only discover the rest of the rally if you come to Mikołajki on June 24th-28th, 2009.

THE CITY OF MIKOŁAJKI

The tourist and sport resort Mikołajki is the host city of the rally for the third year running. Mazurian Pearl – as it is often called - is situated in the heart of lakes and forests, north east of Poland. The famous sailing route of The Great Mazurian Lakes is passing through by Mikołajki but the place is well known not only for yachting.

There are also excellent conditions for canoeing, ice-sailing, angling, ice-angling, windsurfing, skating, hiking, cycling or horse riding. Walking tracks are offered by picturesque Mazurian Landscape Park which boasts about great variety of trees and plants, peat bogs, more than 200 species of birds and wild animals.

For those who are not fond of active recreation the sightseeing from a board of white fleet ship is available.

The trips from Mikołajki harbour to Giżycko, Ruciane or Popielno are on the schedule.

Mikołajki and nearby resorts are famous for high standard tourist infrastructure. Once a year the hotels and cosy restaurants are waiting for competitors, journalists and rally fans as in June Mikołajki become the capital of rallying.
